

Deloitte

Fund transformation and effectively manage your sustainability portfolio

Financing Sustainability

How will you fund investments in transformation, manage financial information, and ensure your business is not overlooking opportunities to capture value? Deloitte's deep experience at the intersection of finance, tax, regulations, and sustainability can help you answer these questions—while driving insights and action using SAP solutions.

We can help you...

- Identify, analyze, and act on carbon trading market opportunities
- Assess and address enterprise risks throughout their lifecycles
- Navigate complex regulatory and compliance issues
- Understand and take advantage of government grants and incentives
- Implement internal carbon pricing capabilities
- Develop financial disclosure frameworks, templates, and methodologies

SAP solutions in focus

- SAP Analytics Cloud
- SAP Data Warehouse Cloud
- SAP Profitability and Performance Management
- SAP S/4HANA Central Finance

Potential benefits

Gain insights into available cash, balance risk, and return

Embed sustainability into your financial reports, with greater visibility into risks and opportunities

Identify and pursue opportunities that can benefit your business and the planet

Make more informed, strategic, and responsible investments in your sustainability portfolio—faster

Boost compliance and adherence to regulatory requirements

Why Deloitte?

Depth. Sustainable goals and research requirements have been an important part of the global landscape for the last 15 years, and our multidisciplinary approach can help embed all aspects of sustainability into your ESG journey, from strategic decision-making to reporting.

Breadth. Industry-leading expertise through Deloitte's complementary risk advisory, legal, tax, and audit services, as well as Deloitte's network of global product compliance specialists; a worldwide corps of tax professionals who understand the differing requirements in each region, to help organizations remain compliant.

Full-service capabilities. End-to-end solutions and services across the "advise, implement, operate," spectrum—from concept design to SAP technology implementation to innovation and operations.

Finance and ESG leadership. Active involvement in standards-setting forums and communities, as well as a contributor to the Taskforce on Nature-Related Financial Disclosures (TNFD) framework and beta release.

Specialized tools and solutions. A growing portfolio of offerings focused on ESG needs and industry-specific requirements—for example:

- Deloitte SDG Impact Management, for sustainability and financial performance
- Intelligent Infrastructure Control Centre (IICC) – Carbon Dashboard

Deloitte refers to one or more of Deloitte Touche Tohmatsu Limited ("DTTL"), its global network of member firms, and their related entities (collectively, the "Deloitte organization"). DTTL (also referred to as "Deloitte Global") and each of its member firms and related entities are legally separate and independent entities, which cannot obligate or bind each other in respect of third parties. DTTL and each DTTL member firm and related entity is liable only for its own acts and omissions, and not those of each other. DTTL does not provide services to clients.
