Dear Mr. Secretary-General,

Deloitte Touche Tohmatsu (DTT) has a long-standing commitment to the UN Global Compact. In an effort to demonstrate the support of Deloitte Central Europe's Macedonia office (Deloitte Macedonia) for this global commitment, Deloitte Macedonia became an independent signatory to the UN Global Compact in 2004. With this letter, we would like to state our continued support for the UN Global Compact and its ten principles and to introduce our Communication on Progress (COP) for 2008.

Deloitte Macedonia is a small office within the Central European DTT member firm, currently employing 20 employees. Many of the corporate responsibility activities and initiatives undertaken in our office are initiated by DTT or the Central European DTT member firm to which we belong. However, in FY08 we also ran a few corporate responsibility activities specific to Deloitte Macedonia, and we are pleased to report on these in our 2008 COP which is part of the DTT 2008 COP.

In publishing this information, we support the UN Global Compact's call for public accountability and transparency and will continue to report on our progress in future years. We will also strive to advance the ten UN Global Compact principles within our sphere of influence and to further implement them in our day-to-day business operations.

Yours sincerely,

Lidija Nanus
Director
