

Business Continuity Management

Deloitte | Risk Advisory

Are you prepared for a sudden disruption or crisis?

What is Business Continuity Management?

BCM provides a framework for building resilience for a quick and effective response in case of a disruption.

Deloitte Risk Advisory offers consulting services in **alignment with international standards (ISO, BCI)**.

We will help your organization build a competitive advantage by preparing you to respond to threats, to quickly restore normal operations after an interruption, and to ensure all critical functions are available so that you can meet your goals and obligations.

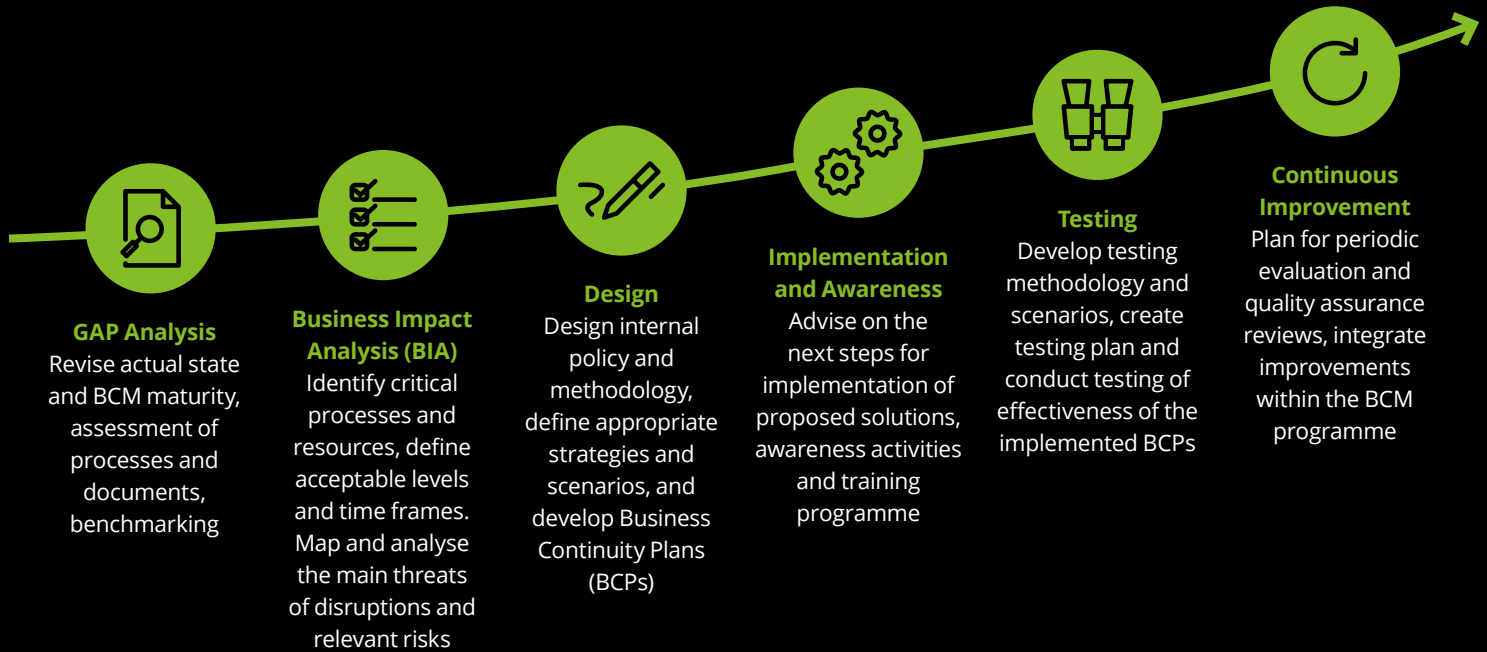

Typical disruptive events you may face:

- Natural disasters
- Cyber attacks
- Outages
- Health risks (e.g. pandemic)
- Supplier failure
- Geopolitical events (e.g. destabilized market)
- Acts of terrorism

How can we help?

We provide BCM solutions tailored to our clients' needs, using our methodology that is based on best practices and international standards. Our focus is on helping improve an organization's resilience through a proactive approach to Business Continuity.

What are the benefits of an effective Business Continuity Management programme?

- **ORGANIZATIONAL RESILIENCE** - Prepare to respond to threats before they occur
- **VALUE PROTECTION** - Protect your organizations's objectives and reduce financial impacts of disruptions
- **RISK MITIGATION** - Mitigate brand and reputational risks
- **COMPETITIVE ADVANTAGE** - Strong BCM can raise your competitiveness
- **COMPLIANCE** - Meet regulatory requirements, standards and customers' demands

Why Deloitte?

Making the most of our experience across industries and service lines, sharing knowledge and different perspectives and thanks to our ability to respond quickly to requirements – we always build the right team according to your needs.
