

Deloitte Legal China Desk

One-stop shop solutions tailored to your needs

Following more than three decades of robust growth, China meanwhile assumes the position as the most important trade partner of the member states of the European Union (EU). Within the two decades between 2000 and 2020 alone, China's share in the overall trade volume of the EU (imports and exports combined) nearly tripled from 5.5% to 16.1%. Nowadays, PRC-based companies are among the most important investors in Germany and the EU. Conversely, approx. 5,000 German companies are active within

the markets of the PRC having invested more than 86 billion EUR.

In the wake of the increasing economic interdependencies among the national economies of the EU and China, Deloitte Legal offers the full range of related legal services. In particular, this comprises the incorporation of branches/subsidiaries, business cooperations (e.g. German-Chinese Joint Ventures), M&A-transactions, financial aspects, labor law matters and the structuring of distribution channels. ➔

In addition, the members of our China Desk are ready to support you with comprehensive language and intercultural skills. We complement our legal services by involving colleagues from Deloitte China and outside of Deloitte to provide comprehensive advice including Chinese corporate and commercial law. Our Chinese colleagues continuously keep in touch with the local authorities and have an exceptional understanding of how to realize extraordinary projects successfully.

Furthermore, to ensure cross-functional support beyond legal advisory, the Deloitte Legal China Desk is part of Deloitte's Global Chinese Services Group (CSG), which advises Chinese companies on expanding their global presence, and multinational companies operating in China. Through CSG, we have professionals who speak Chinese and understand Chinese business culture in 90 countries and regions. This dedicated network is committed to providing professional advice and comprehensive

solutions to Chinese companies' globalization. We are operating as a platform to leverage expertise in the Chinese market and bridge the cultural gap. We are devoted to providing our clients with multi-member firm, multi-industry, multi-functional and multi-disciplinary services. It is our goal to help

our clients expand their global footprint. We have participated in the largest overseas M&A transactions, as well as offered one-stop outbound investment services to more than half of the Fortune Global 500® Chinese companies.
