Registration of a limited liability company in Georgia

While having one of the fastest-growing economies in the region, Georgia continues to attract both foreign and local investments. Every year, numerous overseas companies set up operations and begin testing out new commercial opportunities in this country. However, the requirement to register under Georgian corporate law and comply with continuing obligations can be challenging, and overseas companies may often be unaware of their legal obligations.

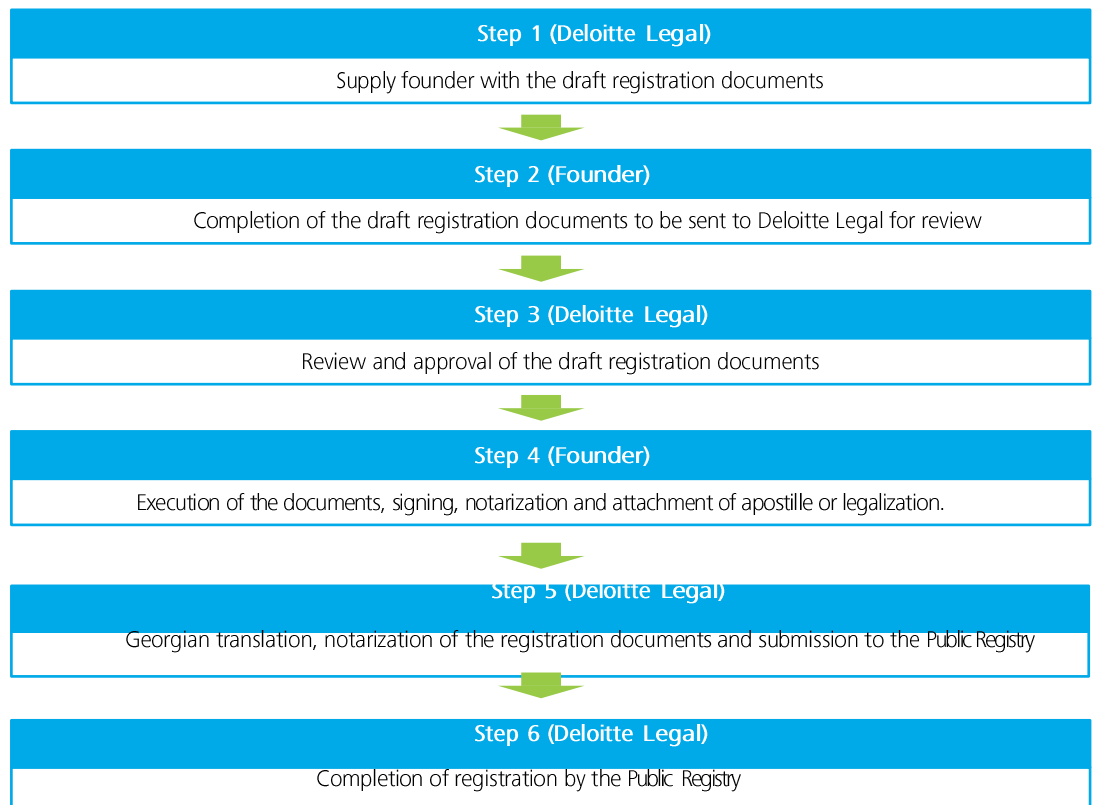

How can the Deloitte Legal team help?

We are experienced in registering Limited Liability Companies and in offering support and guidance on compliance with obligations.

In particular, we can provide assistance with:

- Preparing the necessary documents
- Carrying out actual registration in Georgia
- Providing post-registration support.

Registration steps

List of necessary documents:

Application letter – to be filled at the Public Registry front office operator.

LLC Charter – to be drafted by Deloitte Legal

The document must be signed by every founding partner of the company and notarized according to the Georgian legislation. It includes all the essential information on the company, indication on its legal form (LLC), name of the partners, information on the authorize representative, procurator (if any), address, e-mail etc.

Confirmation of being the authorized representative of the company
Document confirming the legal address of the company –in case the place which is the address of the LLC is not a property of the authorized representative than a copy of the lease agreement or letter from the landlord certifying the legal address of the company is needed. This document must be notarized by a Georgian notary.

Power of attorney to be given to Deloitte in order to carry out registration services –to be drafted by Deloitte Legal

The document must be signed by an authorized representative of the founder and then notarized by notary in the founder's country of residence and certified by apostille.*

Registration Fees

The registration fee consists of 100 GEL if the registration has to be finished within one working day and 200 GEL if the registration is executed on the same day. Upon receipt of a request from the head office, Deloitte Legal may pay the fee and charge it to the client.

* Georgia is one of the signatory states of The Hague Convention Abolishing the Requirement for Legalisation for Foreign Public Documents ("The Apostille Convention"). The treaty is in force since 14th May 2007 and according to it the legalization is not necessary with respect to public documents issued in a country which is also a signatory to the convention.

These public documents only need to be certified in the form of an apostille by that country's authority, i.e. this is the only procedure required to authenticate a foreign document.

Please consult Deloitte Legal before obtaining legalization or an apostille for the above documents.
