- Deal effectively with ambiguous and unstructured problems and situations.
- Initiate open and candid coaching conversations at all levels.
- Move easily between big picture thinking and managing relevant detail.
- Anticipate stakeholder needs, and develop and discuss potential solutions, even before the stakeholder realizes they are required.
- Contribute technical knowledge in area of specialism.
- Contribute to an environment where people and technology thrive together to accomplish more than they could apart.
- Navigate the complexities of cross-border and/or diverse teams and engagements.
- Initiate and lead open conversations with teams, clients, and stakeholders to build trust.
- Uphold the firm's code of ethics and business conduct.

Responsibilities

- Plan, conduct, and manage Audit and Risk Assurance engagements in accordance with the relevant accounting, auditing standards and/or instructions from other (group) audit teams.
- Assist in risk and quality related activities, business development and other administrative activities of an assurance group.
- Engage in coaching, training, and other staff development activities.

Profile

- Associate member in a professional body ICASL/CIMA/ACCA/CPA/CFA.
- Minimum 7 years’ experience in Big Four Audit firms, familiar working in an environment that complies with auditing and accounting standards, relevant laws and regulations, ethical standards, and independence requirements.
- High level of integrity and commitment.
- Excellent leadership, and interpersonal skills.
- An in-depth understanding of client industries and the ability to provide guidance and expertise on complex and specialized issues.
- Strong command over the English language (both written and spoken).
