

Finance Trends 2026: Technology, Media and Telecommunications Perspective

Deloitte polled 175 CFOs and senior finance professionals from companies within the Technology, Media and Telecommunications (TMT) industry with annual revenues of US\$1 billion or more.

Many TMT leaders are focusing on several priorities, from adopting new technologies to developing new products

TOP 3 TMT RESPONDENT PRIORITIES THROUGH FY 2026

TREND 1

The speed priority—Advanced scenario planning and agile governance for navigating uncertainty

Some surveyed TMT leaders cite better anticipation of needs and more agile governance models as most important for managing uncertainty more effectively.

TREND 2

Finance leaders are stepping up as strategy leaders—especially when they embrace advanced AI and cloud

Many TMT leaders often use cloud and AI to scale their influence.

4

The journey to agentic insights—Many finance teams embrace AI, but ROI and agentic implementations often lag

Data security concerns and regulatory complexity hinder AI adoption for many respondents in the TMT industry.

While 72% of respondents fully deployed an AI solution in finance, only 20% have also demonstrated measurable value and integrated at least one agentic solution

TOP AI CHALLENGES FOR TMT RESPONDENTS

Top three opportunities cited for agentic AI

1. Financial planning and analysis (53%)
2. Working capital optimization (50%)
3. Expense management (43%)
