

# Travel & Expense Management and AP Automation Solutions - SAP Concur Implementations & Optimizations

## TARGET PAIN POINTS

- Challenges with integrations
- Need for improved visibility into spend
- Limited resource availability

## BUSINESS BENEFITS

Integrations with HRIS and ERP platforms. ✓

Global Adoption. ✓

## OFFERING DESCRIPTION

Unlock the full potential of the SAP Concur platform with Deloitte's comprehensive capabilities across the Travel, Request, Expense, and Invoice modules. Our global implementation expertise ensures seamless integration and industry-specific solutions, such as HCP transparency compliance, tailored to your unique needs. We lead geographic and functional expansions, including VAT and Travel Allowance, to enhance your operational reach. By assessing functionality and identifying optimization opportunities, we drive increased ROI and elevate the user experience, empowering your organization to achieve unparalleled efficiency and strategic advantage.

## VALUE STATEMENT

Experience transformative value in your SAP Concur implementations with Deloitte, where global expertise meets industry-leading practices. We enhance efficiency and drive compliance, ensuring your organization operates at peak performance. Our tailored solutions improve the end-user experience, making processes seamless and intuitive. Partner with Deloitte to elevate your SAP Concur implementation, unlocking strategic advantages and operational excellence that propel your organization forward.

## THE WHAT?

- Integrating SAP Concur within the procurement and finance ecosystem.
- Promoting sustainable travel methods.
- Develop leading-practice global card payment programs.

## THE HOW?

- Deloitte offers global experience as an SAP Concur certified implementation partner, having completed over 100 Concur implementations in more than 120 countries. With strong localization expertise, Deloitte excels in multi-platform integrations, including SAP, Oracle, and Workday. The firm brings deep expertise in industry-leading practices for travel, expense, and card programs.

## WHY DOES IT MATTER?

T&E spend ranks as second or third largest after payroll and benefits.

Connects travel suppliers, policy, payments, financials, analytics, and governance.

Organizations seek increased visibility in T&E programs.
