

Deloitte 2014 Technology Fast 500™ **Powerful Connections**

Annual ranking of the fastest growing
technology companies in Asia Pacific

About the Deloitte Technology Fast 500™

About the Deloitte Technology Fast 500™

The Deloitte Technology Fast 500 Asia Pacific is the pre-eminent technology awards program in Asia Pacific, and now in its thirteenth year, it includes nine Asia Pacific locations: Australia; China (including Hong Kong); India; Japan; South Korea; Malaysia; New Zealand; Singapore and Taiwan. Combining technological innovation, entrepreneurship and rapid growth, Technology Fast 500 companies — large, small, public, and private — span a variety of industry sectors, and are leaders in hardware, software, telecom, semiconductors, life sciences and emerging areas, such as clean technology. These companies are transforming the way business is done today.

Selection and qualifying criteria

The Technology Fast 500 award winners are selected based on percentage fiscal year revenue growth during the period from 2011 to 2013 (or 2012 to 2014 for a financial year ending between January and June). Eligibility for the Technology Fast 500 requires that companies own proprietary intellectual property or technology that is sold to customers in products that contribute to a majority of the company's operating revenues. Companies must have base-year operating revenues of at least US\$50,000. Additionally, companies must be in business for a minimum of three years, and be headquartered within Asia Pacific. This ranking is compiled from nominations submitted directly to the Technology Fast 500 program, and public company database research.

Deloitte refers to one or more of Deloitte Touche Tohmatsu Limited, a UK private company limited by guarantee (“DTTL”), its network of member firms, and their related entities. DTTL and each of its member firms are legally separate and independent entities. DTTL (also referred to as “Deloitte Global”) does not provide services to clients. Please see www.deloitte.com/about for a more detailed description of DTTL and its member firms.

Deloitte provides audit, tax, consulting, and financial advisory services to public and private clients spanning multiple industries. With a globally connected network of member firms in more than 150 countries and territories, Deloitte brings world-class capabilities and high-quality service to clients, delivering the insights they need to address their most complex business challenges. Deloitte’s more than 200,000 professionals are committed to becoming the standard of excellence.

This communication contains general information only, and none of Deloitte Touche Tohmatsu Limited, its member firms, or their related entities (collectively, the “Deloitte Network”) is, by means of this communication, rendering professional advice or services. No entity in the Deloitte network shall be responsible for any loss whatsoever sustained by any person who relies on this communication.
