## Deloitte Legal services

### Legal Advisory

Deloitte Legal's practitioners leverage leading technologies to deliver efficient and transparent support for the everyday legal activities that companies manage. We provide guidance on a broad range of issues arising from day-to-day operational activities in the areas of corporate law, digital law, employment law, commercial law, M&A and a range of industry-specific advisory services.

### Legal Managed Services

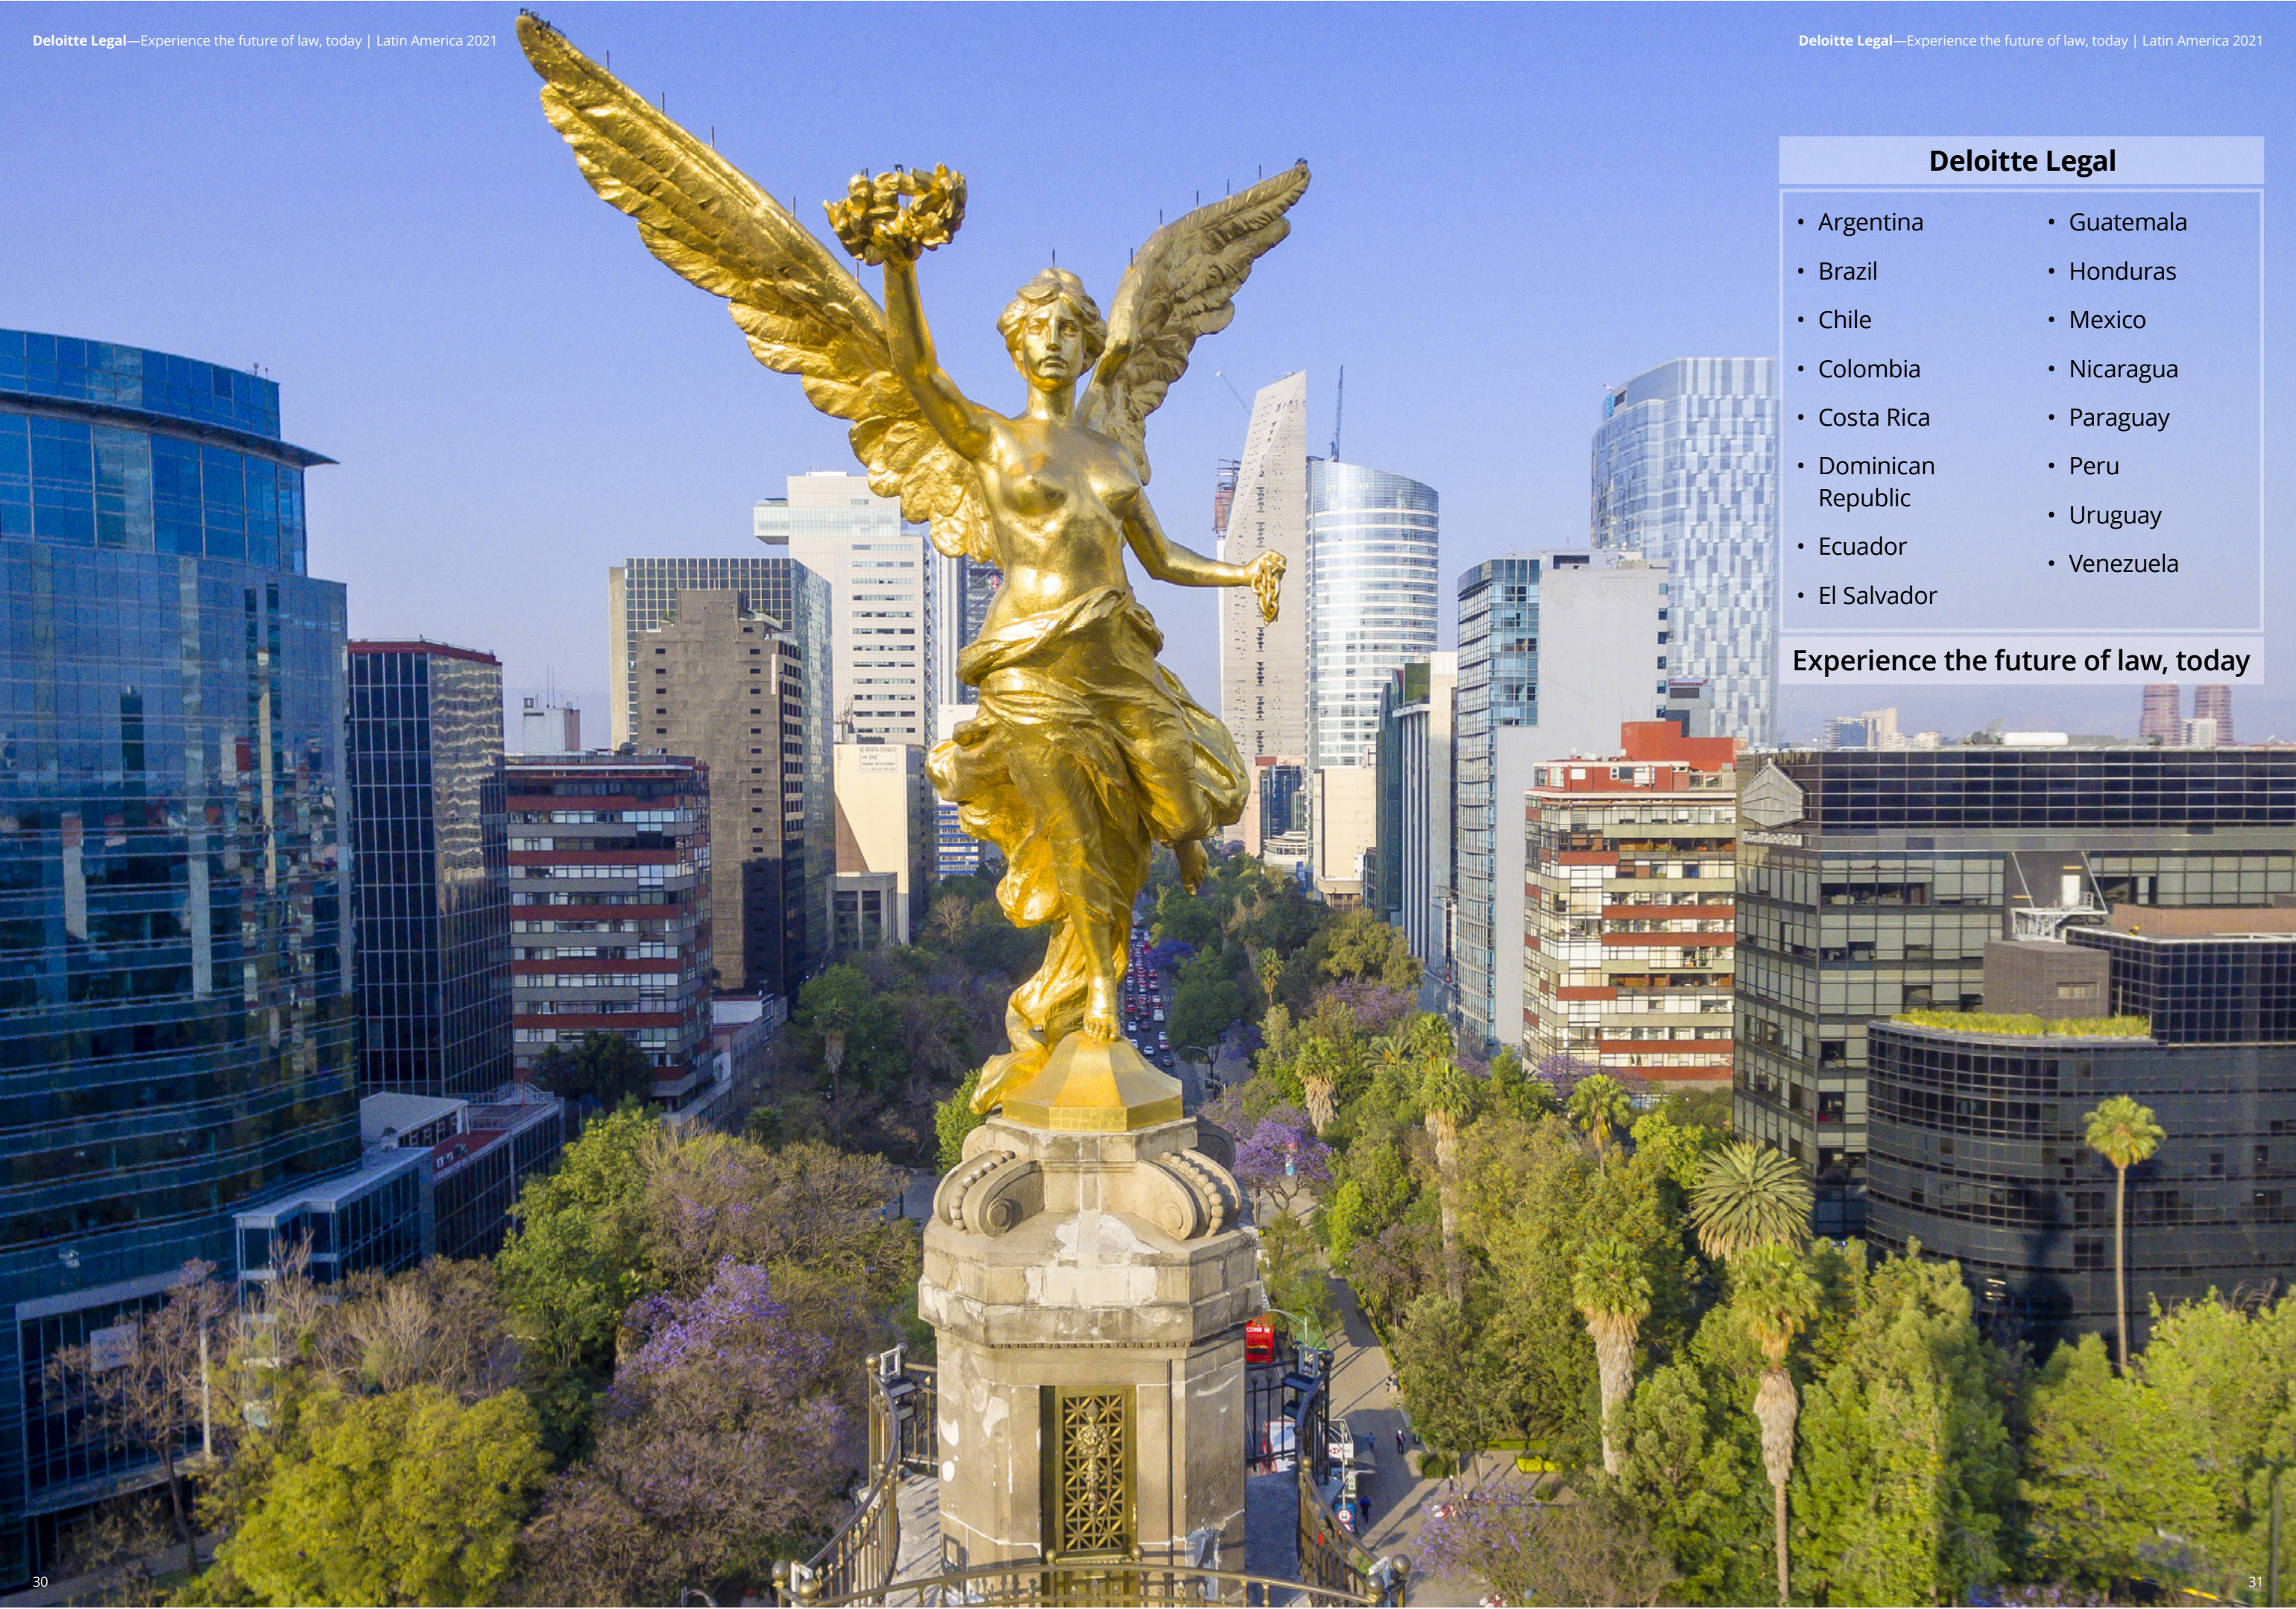

Many legal departments struggle to balance their day-to-day responsibilities with their goal to pursue critical, high-value initiatives. Deloitte Legal uses its global scale and consulting, technology, and alternative delivery experience to help companies achieve their objectives of efficient delivery of high-volume services, transparency and predictability of legal spend, and more efficient risk management, with improved compliance and oversight across key governance aspects.

### Legal Management Consulting

Deloitte's Legal Management Consulting (LMC) services were developed in collaboration with specialists from across Deloitte practice areas such as mainstream management consultancy, risk advisory, tax management consulting, and, of course, legal. It is a collection of models, frameworks, and systems to help in-house lawyers and legal businesses run their departments more efficiently, and meet the needs of their business more comprehensively.

# Deloitte. Legal

Deloitte refers to one or more of Deloitte Touche Tohmatsu Limited (“DTTL”), its global network of member firms, and their related entities (collectively, the “Deloitte organization”). DTTL (also referred to as “Deloitte Global”) and each of its member firms and related entities are legally separate and independent entities, which cannot obligate or bind each other in respect of third parties. DTTL and each DTTL member firm and related entity is liable only for its own acts and omissions, and not those of each other. DTTL does not provide services to clients. Please see [www.deloitte.com/about](http://www.deloitte.com/about) to learn more.

Deloitte Legal means the legal practices of DTTL member firms, their affiliates or their related entities that provide legal services. The exact nature of these relationships and provision of legal services differs by jurisdiction, to allow compliance with local laws and professional regulations. Each Deloitte Legal practice is legally separate and independent, and cannot obligate any other Deloitte Legal practice. Each Deloitte Legal practice is liable only for its own acts and omissions, and not those of other Deloitte Legal practices.
