I, David Michael Orr, of Deloitte Financial Advisory Pty Ltd (**Deloitte**), at Riverside Centre, 123 Eagle Street, Brisbane City Queensland 4000, Registered Liquidator and Chartered Accountant, say on oath:

- 1 I am a partner in the Restructuring Services practice of the professional services firm trading as Deloitte. I am a Chartered Accountant and a Registered Liquidator and I have practised for more than 21 years as an accountant specialising in insolvency related matters in Australia. A copy of my CV is located behind **Tab 1 of Exhibit DMO-1**.
- 2 I am one of the four joint and several administrators of each of the Second to Thirteenth Plaintiffs (together the **Clough Companies** and each a **Clough Company**), together with Salvatore Algeri, Jason Tracy, and Glen Kanevsky and (together, the **Administrators** and each an **Administrator**). Mr Algeri, Mr Tracy, and Mr Kanevsky are also partners of Deloitte.
- 3 I am authorised by my fellow Administrators to make this affidavit on behalf of the Administrators. Where I depose to the view or the views of the Administrators, they are the view(s) which each of I, Mr Algeri, Mr Tracy, and Mr Kanevsky hold at the date of affirming this affidavit.
- 4 Unless otherwise stated, this affidavit is based on my own knowledge and belief and from information I and staff members at Deloitte have obtained through my role as an Administrator of the Clough Companies, which I believe to be true.
- 5 Exhibited to this affidavit is a bundle of documents, to which I refer to in this affidavit marked "**DMO-1**" (**Exhibit DMO-1**). A reference to a tab in this affidavit is to a tab in Exhibit DMO-1, unless otherwise stated.
- 6 I make this affidavit in support of the relief sought by the Plaintiffs in the Originating Process filed in these proceedings on 12 December 2022 (**Application**).
- 7 The Administrators seek orders in relation to the following matters:
  - (a) limitation of the Administrators' personal liability in respect of (**Limitation Orders**):
    - (i) future agreements to be entered into by the Administrators; and
    - (ii) specified agreements that have been entered into by the Administrators;
  - (b) an extension of the decision period regarding leases in section 443B of the *Corporations Act 2001* (Cth) (**Corporations Act**);
  - (c) the use of the Halo Platform (as defined below in paragraph 58);

- (d) convening a single committee of inspection;
- (e) confidentiality orders in respect of the confidential affidavit of David Michael Orr sworn and filed in these proceedings on 12 December 2022 (**Confidential Affidavit**); and
- (f) ancillary orders.

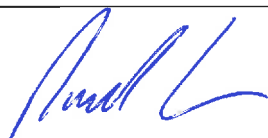

## BACKGROUND

### Appointment of Administrators to the Clough Companies

- 8 At 5.35pm AWST on 5 December 2022 (**Appointment Date**), the Administrators were appointed as joint and several administrators of the Clough Companies, by resolution of their respective directors, pursuant to section 436A of the Corporations Act. A copy of the relevant Instrument of Appointment is provided at **Tab 2 of Exhibit DMO-1**.
- 9 The Clough Companies are ultimately owned by Murray & Roberts Holdings Limited, a public company, which is listed on the Johannesburg Stock Exchange (JSE:MUR).
- 10 The Second Plaintiff (Murray & Roberts Pty Ltd) wholly owns the Third Plaintiff (Clough Limited), which directly, or indirectly owns the remaining Plaintiffs, which are companies incorporated and operating in Australia. A copy of ASIC Company searches for each of the Second to Thirteenth Plaintiffs are at **Tab 3 of Exhibit DMO-1**.
- 11 The Clough Companies carry on the business of an international engineering and construction firm, and are headquartered in Perth, Western Australia. The Clough Companies (and their related companies) undertake engineering, procurement, construction, major civil, structural and energy related infrastructure projects throughout Australia and the Asia Pacific, including Papua New Guinea, Singapore, Mongolia, Thailand, Japan and Malaysia, as well as the United Kingdom, United States and Canada (the **Business**). Voluntary administrators have not been appointed to the North American and UK businesses.
- 12 At **Tab 4 of Exhibit DMO-1** is a corporate structure diagram of the Clough Companies.
- 13 I have set out below a brief explanation of the Clough Companies, and their roles within the broader corporate structure:
- (a) Murray & Roberts Pty Ltd (Administrators Appointed) (**MRPL**). This is the Australian holding company of the Clough Group, and is ultimately controlled by Murray & Roberts Holdings Limited (a company listed on the Johannesburg

Stock Exchange). MRPL acquired the shares of Clough Limited in or around October 2013 pursuant to a scheme of arrangement.

- (b) Clough Limited (Administrators Appointed). This is the holding company of the Clough Companies and formerly an ASX-listed company. The company was delisted shortly after the completion of the scheme of arrangement referred to in (a) above.
- (c) Clough Operations Pty Ltd (Administrators Appointed). This is a holding company for the Clough Companies' overseas projects.
- (d) Clough Overseas Pty Ltd (Administrators Appointed). This is an intermediate holding company between Clough Operations Pty Ltd and:
  - (i) the Booth Welsh Group of companies (a waste energy solutions provider) based in the United Kingdom; and
  - (ii) various Asian subsidiaries which are currently dormant or otherwise expected to be deregistered.
- (e) Clough Projects International Pty Ltd (Administrators Appointed). This company is the intermediate holding company between Clough Limited and Clough USA Inc. Clough USA Inc is the key contractor undertaking engineering, procurement, construction and commissioning work for a petrochemical facility located in Pasadena, Texas (also known as 'Project Traveler'). Clough USA Inc is predominantly a labour solutions provider for that project, through its subsidiaries, CH-IV International LLC and E2O US LLC. This company also holds a 35% interest in the CBI Clough Joint Venture based in Singapore.
- (f) Clough Projects Australia Pty Ltd (Administrators Appointed). This company is the key contractor for projects based in Australia and in Papua New Guinea, including (among other projects) as a joint venture partner in the Snowy Hydro 2.0 project and as the head contractor for the engineering, procurement and construction for the Stage 2 development of the Waitsia liquid natural gas field in the Perth Basin.
- (g) Clough Seam Gas Pty Ltd (Administrators Appointed). Based on my review of the Clough Companies' books and records, this company currently performs no operations and holds no assets. The company remains engaged in outstanding litigation commenced by former employees of the Clough Companies on or around 30 April 2018.

- (h) Clough Engineering & Integrated Solutions (CEIS) Pty Ltd (Administrators Appointed). An employing company that supplies approximately 150 to 200 skilled engineers to key projects undertaken by the Clough Companies.
- (i) E2O Pty Ltd (Administrators Appointed). This company employs the Group's blue-collar employees to projects undertaken by the Clough Companies. The company is also responsible for performing small-scale works and sustainable operations.
- (j) Clough Projects Pty Ltd (Administrators Appointed). This company employs the Group's white-collar employees who perform managerial and supervisory roles in relation to projects undertaken by the Clough Companies.
- (k) Sharp Resources Pty Ltd (Administrators Appointed). This company is also an employment solutions provider for projects undertaken by the Clough Companies.
- (l) Clough Engineering Pty Ltd (Administrators Appointed). A special purpose vehicle operating in association with S&B (Houston) and Al Bilad (Saudi Arabia) in an incorporated joint venture, Al-Bilad S&B Clough Ltd.

14 Based on searches undertaken on the Personal Properties and Securities Register (PPSR) by reference to name, Australian Company Number (**ACN**) and Australian Business Number (**ABN**), a total of 517 registrations against the Clough Companies, including (among others):

- (a) 95 registrations in relation to collateral described as 'Motor Vehicles' of which 51 are registered purchased money security interest (PMSIs);
- (b) 217 registrations in relation to collateral described as 'Other Goods' (including, among other things, equipment, paper, printing and packaging, machinery, scaffolding equipment, electronics, software, IT equipment, home appliances);
- (c) 64 in relation to security interests securing all present and after acquired property registrations (with or without exceptions) (ALLPAAP);
- (d) 136 registrations in relation to collateral described as 'Motor Vehicles';
- (e) 3 registrations in relation to collateral described a 'General Intangible';
- (f) 1 registration in relation to collateral described as an 'account'; and
- (g) 1 registration in relation to collateral described as 'Chattel Paper' relating to the hire, lease or bailment of equipment and goods.

- 15 At **Tab 5** of **Exhibit DMO-1** is a bundle of the relevant searches and at **Tab 6** of **Exhibit DMO-1** is a table summarising the results of these searches.
- 16 As at the Appointment Date, the Clough Companies had approximately 1,250 employees throughout Australia and the Asia Pacific, approximately 350 of whom are based at the head office in Perth.

## NOTICES TO CREDITORS TO DATE

- 17 In the short amount of time available between our appointment and filing this Application, it has not been possible to exhaustively canvas the attitudes of all creditors of the Clough Companies to this Application.
- 18 On 7 December 2022, the Administrators published an initial circular to creditors (**Initial Circular**) on the Halo Platform (as described in paragraphs 58 to 83 below) which (amongst other things) proposed concurrent first meetings of creditors (**First Meeting**) in respect of the Clough Companies (**Notice of Meeting**). A true copy of the Initial Circular appears at **Tab 7** of **Exhibit DMO-1**. The Notice of Meeting is found at Annexure B of the Initial Circular.
- 19 The Notice of Meeting provides details for the First Meeting to be held concurrently for each of the Clough Companies, and which is proposed to be held by electronic means (via a Microsoft Teams Live Event) at 12:00PM (AEDT) on Thursday, 15 December 2022. Microsoft Teams Technology is a way of live video streaming, which can allow you to broadcast video and meeting content to large online audiences in real time.
- 20 The Administrators intend to publish notice of this application (including this affidavit) to creditors on the Halo Platform (as described in paragraphs 58 to 83 below) and, if any responses are received from creditors, provide a summary to the Court of any responses.

## THE CREDITOR PROFILE OF THE COMPANY

### Creditors

- 21 Based on my review of the books and records of the Clough Companies, it appears the Clough Companies have the following major secured creditors (**Secured Parties**):
- (a) HSBC Bank Australia Limited (**HSBC**);
  - (b) Liberty Specialty Markets Australia Pty Ltd (**Liberty**);
  - (c) Assetinsure Pty Ltd, as agent for Swiss Re International SE (**Swiss Re**); and
  - (d) AAI Limited (**Vero**).

Signed:

Taken by:

- 22 I understand HSBC's security is first ranking, while Liberty, Swiss Re and Vero all rank equally as second ranking secured creditors, pursuant to the terms of a *pari passu* deed between them.
- 23 Each of the Secured Parties have been given notice of this application. A true copy of the emails sent to each of the solicitors for Secured Parties notifying them about the application can be found at **Tab 8 of Exhibit DMO-1**. As at the date of swearing this affidavit, I am not aware of the Secured Creditors raising any objections to the relief being sought by the Administrators.
- 24 Again, based on my review of the books and records of the Clough Companies, the overall creditor profile of the Clough Companies as at the Appointment Date can be broken down as follows:
- (a) the Secured Parties who have provided various performance bonds with a value of approximately \$284.1 million (in respect of Active Projects, as set out in the table at paragraph 25);
  - (b) 294 parties, including the Secured Parties, (identified in the table at **Tab 6**) with registered security interests against the Clough Companies registered on the Personal Property and Securities Register (**PPSR**), the value of these registrations has not yet been able to be obtained;
  - (c) entitlements payable to employees of the Clough Companies in respect of annual leave and long service leave entitlements of approximately \$12,150,997 (**Employee Entitlements**);
  - (d) various unsecured trade suppliers and subcontractors in respect of Active Projects and the overheads of the Clough Companies, who are owed approximately \$66,649,249; and
  - (e) landlords in respect of the Clough Companies' corporate offices, all of which are up to date:
    - (i) QV1 Building, 250 St Georges Terrace, Perth, WA (**QV.1**) (Landlord: Commonwealth Superannuation Corporation);
    - (ii) 825 Ann St, Fortitude Valley, QLD (Centuria Property Funds Limited);
    - (iii) 22 Edwards St, Wagga Wagga, NSW (Riverina Murray Training Pty Ltd);
    - (iv) 2 Cedric Street, Stirling, WA (City of Stirling); and
    - (v) 32, 34 and 36 Civic Place, Stirling, WA (City of Stirling).

- 26 Many of these Active Projects have been running for a number of years, and have many years left for the remaining work to be completed.

### Major Projects

- 27 Of the Active Projects, there are six projects (identified in bold and shaded grey in the table in paragraph 25 above), my fellow Administrators and I consider to be major projects (**Major Projects**) by reason of their size, complexity, and significance to the stakeholders. A short summary of each of the Major Projects is set out below:

- (a) **Waitsia Domestic Gas Project:** Clough Projects Australia Pty Ltd is currently undertaking the engineering, procurement and construction (EPC) scope of the Waitsia Gas Project Stage 2 development, near Dongara, Western Australia. The project includes a 250TJ/day gas processing plant and associated gas gathering pipelines spread across an area with a radius of approximately 10km, that will convey gas via the nearby Dampier to Bunbury Natural Gas Pipeline.
- (b) **Snowy Hydro 2.0:** Clough Projects Australia Pty Ltd, as part of the Future Generation Joint Venture, is currently delivering the Civil and Electro-Mechanical works for the iconic Snowy 2.0 Project. Snowy 2.0 will link two existing Snowy Scheme dams, Tantangara and Talbingo, through underground tunnels to the depths of up to one kilometre and an underground power station with pumping capabilities. The project involves:
  - (i) the underground excavation and tunnelling to link existing reservoirs and an underground power station with pumping capabilities;
  - (ii) approximately 40km of tunnels including 27km of power waterways;
  - (iii) surface works including intake-outlets, surge shaft, cable and ventilation portal sites; and
  - (iv) supporting works such as establishing or upgrading approximately 45km of access tracks and roads along with electricity connections to constructions sites.
- (c) **TransGrid – Project Energy Connect:** Project Energy Connect is a joint venture between Clough Projects Australia Pty Ltd and Greenlight Contractors Pty Ltd called SecureEnergy, delivering a major powerline upgrade for

TransGrid. The project involves the delivery of four substations and 700 kilometres worth of 330kV transmission line, extending from Wagga Wagga, New South Wales to the South Australian border in Robertstown, with a connection to Red Cliffs in Victoria. To effectively operate the transmission network, the project also requires the construction of two new substations and upgrades to one existing substation. In its entirety, the project will deliver a new 900km above ground transmission line, known as an interconnector, that will connect power grids across three Australian states. The project is expected to create 1,500 jobs in regional New South Wales.

- (d) **Tallawarra NetZero Power Station:** Clough Projects Australia Pty Ltd, in consortium with its partner GE, is currently completing the engineering, procurement and construction (EPC) scope for Tallawarra Stage B, Australia's first net zero emissions hydrogen and gas capable power station in Yallah, New South Wales. Tallawarra Stage B is a 300+ MW expansion of the existing Tallawarra A power station, involving the construction of a 420MW Open Cycle Gas Turbine Power Plant. Works include the construction of a high voltage switchyard, an unloading station, a distillate tank, connecting gas pipelines, gas receiving and conditioning stations, transformers, switchgear, a control room and an administration building. At the peak of construction, the project is expected to create hundreds of jobs and inject \$300 million to the local economy. Once commissioned, the plant will be ready to start generating electricity for 150,000 homes with only 30 minutes' notice. The project will address the need for fast-start flexible capacity, to complement renewables coming into the system.
- (e) **Lombrum Infrastructure Project:** A project between Clough Projects Australia Pty Ltd and Commonwealth of Australia (represented by the Indo Pacific Enhanced Engagement Branch (Infrastructure and Contracting Section), Department of Defence). The scope of the Lombrum Infrastructure Project was developed and agreed in consultation with Papua New Guinea Defence Force (PNGDF) to also benefit the local community through the construction, support, maintenance, and repair of the Naval Base on Manus Island in Papua New Guinea. Early works included refurbishment of the community chapel, construction of a new medical facility, upgrades to the communication centre, and construction of security fencing. Main works include the construction of electrical generation services, water and sewerage services, facilities for PNGDF for work, training and living accommodation and operational facilities for the

Guardian-class Patrol Boats and small boat operations. The project will improve community facilities, maritime security capabilities and resources, and will diversify job opportunities and industry sectors.

- (f) **Stephenson Avenue Upgrade:** As part of the S2M Evolution Alliance with Acciona, WSP and Main Roads WA, Clough Projects Australia Pty Ltd is currently completing the contract to deliver phase two of the Stephenson Avenue extension project, north of Perth CBD in Western Australia. The project involves the extension of Stephenson Avenue to Cedric Street, a new road connecting each side of the Mitchell Freeway, including a new bridge for Stephenson Avenue, the removal of both the south-bound and north-bound on and off ramps, the development of new on-street parking and upgrades to the Stirling bus interchange.

- 28 Since the Appointment Date, the Administrators, along with their staff and advisors, including our solicitors, King & Wood Mallesons (**KWM**), have been engaging with the principals and joint venture or consortium partners in respect of the Major Projects across dozens of meetings, often across multiple time zones, with a view to securing the ongoing performance of works on the Major Projects.
- 29 The Administrators have so far been successful in negotiating agreements for most of the Major Projects and continue to negotiate similar agreements for the remaining Major Projects, which negotiations are due to conclude imminently. These agreements provide interim funding allowing works to continue (**Works Continuation Agreements**) while the Administrators seek to pursue a sale of all or part of the Business, or otherwise recapitalise the Clough Companies. A feature of the Works Continuation Agreements is the payment of amounts to the Administrators in advance of certain works being undertaken. The Works Continuation Agreements are discussed in more detail in my Confidential Affidavit.
- 30 Given the highly commercially sensitive nature of the Works Continuation Agreements, I have prepared a separate affidavit (**Confidential Affidavit**) to which the Works Continuation Agreements are exhibited. Order 15 in the Originating Process is sought to ensure confidentiality is maintained over these materials, and this is explained more fully in the Confidential Affidavit.

## Operational Agreements

- 31 To perform works in respect of the Active Projects, the Clough Companies necessarily engage with a wide variety of suppliers and subcontractors under a range of different agreements (**Operational Agreements**).
- 32 These Operational Agreements include, but are not limited to:
- (a) subcontracts for parcels of works on Active Projects;
  - (b) labour hire contracts in relation to labourers engaged on Active Projects;
  - (c) plant and equipment hire (on both 'wet' and 'dry' hire arrangements);
  - (d) various supply agreements in respect of construction materials and inputs on a 'purchase order basis';
  - (e) construction camp contracts (e.g. transport, catering, cleaning, accommodation, maintenance) for operations at remote Active Projects; and
  - (f) site security services.
- 33 In addition to the Operational Agreements, there are also a number of costs that are incurred in respect of corporate overheads and providing corporate functions to the various subsidiaries within the Clough Group (**Corporate Expenses**). Corporate Expenses include:
- (a) information technology services, including data hosting, storage and management, email servers, web hosting and various business management tools (such as payroll), that are coordinated across each of the Clough Companies; and
  - (b) utilities, including electricity, rates, water and other general expenses relating to occupancy of premises by the Clough Companies.
- 34 Based on my review of the books and records, I understand that on a 'business as usual' approach, the Clough Companies would incur approximately \$2.27 million per week in Corporate Expenses (i.e. not including Active Project or Operational Agreement expenses).
- 35 While the Works Continuation Agreements provide for the various principals or joint venture partners to pay the Administrators in respect of liabilities incurred by the Clough Companies in relation to the Major Projects, these amounts must be pre-agreed and are to be paid in advance of the liabilities being incurred.

---

Signed:

Taken by:

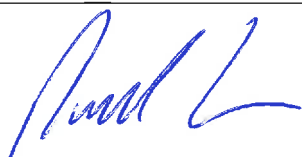

- 36 The Works Continuation Agreements have, as at the date of this affidavit, been entered into in respect of most of the Major Projects. The Administrators are continuing to explore their options regarding entering into similar works continuation agreements or similar transitional arrangements in respect of the balance of the Active Projects. However, at present, they are continuing to cause the Clough Companies to incur liabilities in respect of these projects, and seek limitations their liabilities in regard to these projects as well.
- 37 Notwithstanding the best efforts of the Principals contracting for the Major Projects and the Administrators, it is not possible to identify all circumstances in which future expenditure may need to be incurred by the Administrators.
- 38 If the Administrators are successful in obtaining the Limitation Orders, I intend that necessary works and services will be continued without adopting existing Operational Agreements to the extent possible. Rather, the Administrators will cause the Clough Companies to issue purchase orders or enter into fresh agreements with the various counterparties to existing Operational Agreements on terms similar to those Operational Agreements.
- 39 The Administrators intend that these purchase orders or agreements will include a limited recourse provision in relation to any purchase orders or agreements which the Limitation Orders relate to. Subject to the views of the Court, the Administrators propose to include the following limited recourse provision:

*a) the Administrators will only be liable under section 443A of the Corporations Act 2001 (Cth) on a limited recourse basis, namely limited to the assets of [Clough Company or Clough Companies] from which the Administrators are indemnified for their personal liability under section 443D of the Corporations Act 2001 (Cth) and for which the Administrators have a lien over the assets of [Clough Company or Clough Companies] under section 443F of the Corporations Act 2001 (Cth);*

*b) the Administrators will not have any personal liability arising from entry into this [purchase order / agreement / deed] or the performance of any services in respect of this [purchase order / agreement / deed] in accordance with the terms of this [purchase order / agreement / deed], except to the extent of the limited recourse described in paragraph (a) above; and*

*c) the parties acknowledge the Administrators have obtained orders in the Federal Court of Australia pursuant to section 447A of the Corporations Act 2001*

Signed:

Taken by:

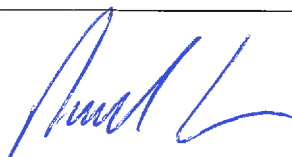

*(Cth) to give effect to this limited recourse and limitation of liability, and a copy of these orders is available from the Administrators on request.*

- 40 Further, when causing the Clough Companies to issue purchase orders or enter into agreements containing this language, the Administrators intend to remind the relevant counterparty that they do not have to accept the purchase order or enter into the agreement on those terms, and they can elect to not engage with the Clough Companies and the Administrators on a limited liability basis.

### **PayPower Purchase Order**

- 41 Since the Appointment Date, the Administrators have only issued one purchase order to a supplier. This purchase order was made to the Clough Companies' third-party payroll provider, PayPower Solutions Pty Ltd (**PayPower**). If the purchase order had not been issued to Pay Power, then the Clough Companies' payroll, which was due to be paid on 8 December 2022, would not have been paid. A copy of the purchase order issued to PayPower (**PayPower Purchase Order**) can be found at **Tab 9 of Exhibit DMO-1**.
- 42 The PayPower Purchase Order included limited recourse clause in the following form:
- a) the Administrators will only be liable under section 443A of the Corporations f[Clough Company or Clough Companies] from which the Administrators are indemnified for their personal liability under section 443D of the Corporations Act 2001 (Cth) and for which the Administrators have a lien over the assets of [Clough Company or Clough Companies] under section 443F of the Corporations Act 2001 (Cth); and*
  - b) the Administrators will not have any personal liability arising from entry into this [purchase order / agreement / deed] or the performance of any services in respect of this [purchase order / agreement / deed] in accordance with the terms of this [purchase order / agreement / deed], except to the extent of the limited recourse described in paragraph (a) above.*
- 43 The Administrators have given PayPower notice of the application and the Limitation Orders that are being sought. As at the date of this affidavit, no response has been received, however, we will provide the Court with any response from PayPower in advance of the hearing. A copy of email sent to PayPower can be found at **Tab 10 of Exhibit DMO-1**.
- 44 On the basis PayPower agreed to the terms of the PayPower Purchase Order, which included this language, they were given notice of the application, and will have a right to

Signed:

vary the orders as sought, the Administrators do not consider PayPower would be prejudiced should the relevant orders be made.

## OTHER MATTERS

### Notice of the Limitation Orders

45 At the time of filing this Application, I instructed my solicitors, King & Wood Mallesons (KWM) to give notice of the Application to the Australian Securities and Investments Commission (ASIC). I am informed by Patrick Mackenzie, a solicitor at King & Wood Mallesons, that KWM intends to provide notice to ASIC by emailing a copy of the Application and this affidavit to [ip.legal@asic.gov.au](mailto:ip.legal@asic.gov.au), as soon as practicable after the documents are filed.

46 Further, if this Honourable Court makes the Limitation Orders as sought by the Administrators, the Administrators propose, within 1 business days of the orders being made, taking the following steps:

- (a) to notify the creditors (including persons or entities claiming to be creditors) of each of the Clough Companies, in the following manner:
  - (i) where the First Plaintiffs have an email address for a creditor, notifying each such creditor, via email, of the making of the orders and providing a link to a website where the creditor may download the orders and this Originating Process;
  - (ii) where the First Plaintiffs do not have an email address for a creditor but have a postal address for that creditor (or have received notification of non-delivery of a notice sent by email in accordance with (a)(i) above), notifying each such creditor, via post, of the making of the orders and providing a link to a website where the creditor may download the orders and the Originating Process; and
  - (iii) placing scanned, sealed copies of the orders and the Originating Process on the website maintained by the First Plaintiffs at <https://aurestructuring.deloitte-halo.com/Clough>; and
- (b) to notify the Australian Securities and Investments Commission by email to [ip.legal@asic.gov.au](mailto:ip.legal@asic.gov.au).

47 These steps are in addition to the proposed language outlined at paragraph 38 above.

### Impact on counterparties

Signed:

Taken by:

48 Given the expedited nature of this application, it has not yet been possible to canvas the attitudes of all creditors towards the orders sought. However, to any extent a third party is aggrieved by the Limitation Orders, the Administrators propose for those creditors (or any other person who can demonstrate a sufficient interest in the Limitation Orders) to be able to bring an application seeking leave to vary the orders on 3 business days' notice to the Administrators and the Court.

#### **PROPERTY LEASED, USED OR OCCUPIED**

49 The Administrators are continuing to investigate a significant number of arrangements involving the leasing, use or occupation by the Clough Companies of property owned by third parties. As at the Appointment Date, in relation to the totality of the Clough Companies, there are approximately 403 registrations on the PPSR, and real property leases with approximately 5 landlords (together, **Leases**). The Administrators are working to identify additional arrangements that may be relevant.

50 A copy of the comprehensive summary of the PPSR searches relating to the Leases obtained on 6 December 2022 is located at **Tab 5 of Exhibit DMO-1**. Due to:

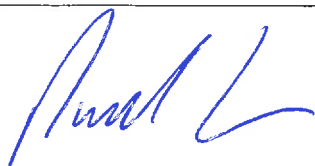

- (a) the very large number of the Leases;
- (b) the number of counterparties to the Leases;
- (c) the significant liabilities associated with certain of the Leases;
- (d) the combined effect of, first, a significant number of personal property owned by third parties (registered on the PPSR) being used on Active Projects, and second, the vast geographical spread of the Active Projects (that is, as set out in paragraph 25 above, the 18 Active Projects are spread across three countries, and four Australian States and Territories);
- (e) ongoing uncertainty as to the precise nature of the property that is the subject of the Leases and the obligations associated with the Leases; and
- (f) the number of companies of the Clough Group that are in administration,

reaching a determination as to the future status of the Leases and identifying any further arrangements that may be relevant has been since their appointment, and will continue to be, a very significant task for the Administrators.

51 Further, given the time of year, the Administrators will effectively lose the ability to conduct investigations into the Leases as relevant employees who are responsible for the coordination and administration of the Clough Companies' asset registers are taking

a two week break from 16 December 2022 and returning on 3 January 2023 (**Summer Shutdown**). This Summer Shutdown aligns with the national construction industry summer break, during which I believe construction workers across Australia shut down construction sites for a two-week period. This will naturally impair the Administrators' access to Active Projects and ability to conduct the necessary audits.

- 52 In addition, a considerable number of Deloitte staff are taking annual leave over this period, which reduces the pool of Deloitte staff who would ordinarily be available to assist with this task.
- 53 For these reasons, the Administrators have formed a view it is necessary to seek an extension of the relevant period under section 443B of the Corporations Act, as it will not be possible to form a view as to whether it is necessary or desirable, in the interests of preserving the value of the Business, to exercise rights over the Leases. Based on my best estimate, it will take the Administrators and Deloitte staff until 31 January 2023 to finalise this assessment.
- 54 Pursuant to section 443B of the Corporations Act, the Administrators will be personally liable for rent and other amounts payable under the Leases from 13 December 2022 onwards. The Originating Process seeks orders extending this period in order to provide the Administrators with sufficient time to investigate the Leases and to confer with the relevant counterparties under the Leases.
- 55 The Administrators wish to be in a position to inform creditors of these Orders at the First Meeting. The Administrators consider that if the creditors are told that the Administrators have sufficient time to consider, properly and carefully, the property the subject of the Leases, and the ongoing use and value of that property to the Business, it is likely to promote the ongoing interest in the Business from creditors, shareholders of Clough Companies and/or other potential purchasers.
- 56 In relation to the lease of QV.1 (which is held by Clough Projects Pty Ltd), I believe, based on the books and records of the Clough Companies, this lease is on a 'rent holiday' until 28 February 2023. This means the landlords of the QV.1 lease are not prejudiced by order 5 sought in the Originating Process, as there are no rent liabilities accruing until March 2023 in any event.
- 57 In my experience, given the scale of the administrations and the significant liabilities in respect of the Leases, and the additional reasons set out at paragraphs 51 to 53 set out above, I estimate that the Administrators will require up to 6 weeks (being up to 31

January 2023) to fully consider the Leases in order to determine if the property the subject of the Leases is required to continue the operations of the Business.

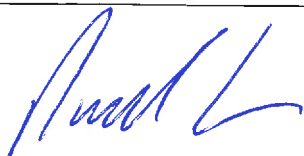

## THE HALO PLATFORM

### *Background and capabilities*

- 58 Deloitte's 'Halo' platform (**Halo Platform**) is a proprietary digital claims management platform that was originally developed by Deloitte to assist organisations to manage whistle-blower disclosures securely and effectively. Deloitte has provided this digital facility to some of Australia's largest corporate businesses and Government departments and instrumentalities.
- 59 Deloitte has adapted the Halo Platform for use in the external administration of the Clough Companies and it now has the following capabilities:
- (a) large numbers of persons, in this case persons claiming to be creditors of the Clough Companies including employees, can register for a unique account on the platform and communicate and receive communications from the Administrators, via their user accounts;
  - (b) users can lodge a debt or claim for the purposes of voting at the Second Meetings;
  - (c) claims can be lodged on a "bulk" basis, as described below;
  - (d) users can upload documents, including any documents and particulars in support of a person's claim to be a creditor of the Clough Companies;
  - (e) persons can access information in relation to the adjudication of debts and claims by the Administrators and for the Administrators to communicate with creditors through the platform in relation to that process;
  - (f) secure messages can be sent to, and received from, persons;
  - (g) a "voting event" can be created, which provides a notification to creditors of their ability to vote and the list of resolutions on which creditors may vote; and
  - (h) creditors can nominate proxies to vote on resolutions; and
  - (i) facilitating voting for the purposes of the Second Meetings, including to calculate and declare the results of a "live" poll.

- 60 In effect, the Halo Platform is a user interface (like a webpage) linked to a database that can be scaled up or down to accommodate the required number of users (in this application, persons claiming to be creditors of the Clough Companies).
- 61 Based on my previous experience with the Halo Platform on other large scale voluntary administrations I have been involved in, namely the administration of the Virgin and Probuild groups of companies, I verily believe the Halo Platform will have the necessary capabilities and capacity to handle the required number of users in the present circumstances.

*Registration of creditors on Halo*

- 62 As at 9 December 2022, 850 individual creditors had registered with the Halo Platform and have lodged 172 proofs of debt.
- 63 The figure at paragraph 62 includes creditors whose details were preregistered by the Administrators. Creditors were pre-registered in circumstances where the Administrators obtained information in relation to those creditors' claims from the books and records of the Clough Companies. Where creditors were registered on the platform by the Administrators, they have received correspondence from the Administrators notifying them of their pre-registration and requesting that they confirm their email and create a password.
- 64 Any Creditor not pre-registered on the Halo Platform is able to register as a "new user". This can be done via the Deloitte Halo webpage at: <https://aurestructuring.deloitte-halo.com/Clough/> (**Halo Webpage**). A printout of the Halo Webpage is located at **Tab 11 of Exhibit DMO-1**.
- 65 In addition to providing instructions in relation to registering with the Halo Platform and submitting or viewing a proof of debt, the Halo Webpage contains a link to Deloitte's prepared answers to frequently asked questions regarding the Halo Platform (**Halo FAQs**). The Halo FAQs address the following:
- (a) the Halo registration process;
  - (b) information privacy, including the management of personal information provided through Halo, for example, how such information will be used, creditor's rights in relation to their personal information and the process for lodging a complaint if a creditor has concerns about how their personal information is being used;

- (c) managing a Halo Platform user account, including how to request a password reset, change a creditor's contact details, turn off Halo Platform notifications and how to access assistance to using the platform;
- (d) making a claim, including how to submit a proof of debt and any supporting documentation, how to edit or update a previously submitted claim and how to see which people have been granted access to a creditor's claim (for example, a user's legal or financial advisers);
- (e) communications between creditors and the Administrators, including that by registering through Halo, the users consent to being contacted by the Administrators (and any subsequent external administrators appointed to the Clough Companies) through the email address provided; and
- (f) the manner in which the administration will proceed and the timeframe of when creditors can expect payments to be made.

A copy of the Halo FAQs is located at **Tab 12 of Exhibit DMO-1**.

66 The Halo Webpage also has a dedicated support team called "Halo Help" through which individuals can submit any queries they may have in relation to the Halo Platform, proofs of debt or proxies.

*Lodgement of proofs of debt*

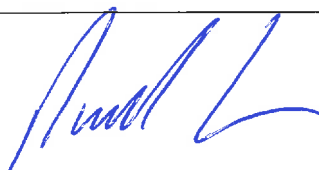

67 Creditors are presently able to lodge proofs of debt through the Halo Platform.

68 Creditors, who have not already lodged a proof of debt will be requested do so through the Halo Platform prior to the First Meetings. To date, the Administrators have also accepted proofs of debt lodged in the ordinary course (that is, being sent to the Administrators via email or post). Where proofs of debt are not submitted using the Halo Platform, but rather, have been sent to the Administrators by post or email, the Administrators have been manually entering this data into the Halo Platform. Once the data has been entered the relevant creditor is then sent a link to the Halo Platform via email asking them to confirm their registration.

69 Once a proof of debt has been lodged on the Halo Platform, it will be adjudicated for voting purposes only at Meetings of Creditors by the Administrators in the usual way. Given the large number of creditors, this will be a very time-consuming process. In my opinion, based on my experience of managing the proof of debt and voting process in a number of administrations in which I have been appointed as an administrator and having regard to:

---

Signed:

Taken by:

- (a) the number of proofs of debt anticipated from creditors of the Clough Companies;
- (b) the volume of preparatory work leading up to Meetings of Creditors; and
- (c) the resources available to the Administrators to undertake that process,

it is essential that, the Administrators and their staff have a period of at least 3 clear business days between the closing of the time for lodging or amending proofs of debt or submitting proxies and the date of the Second Meetings.

70 Noting the significant number of creditors, this will allow:

- (a) the Administrators' staff sufficient time to adjudicate and admit creditors' debts for voting purposes prior to the Second Meetings;
- (b) the Administrators' staff sufficient time to work through any issues that might arise in admitting claims;
- (c) sufficient time for appointed proxies to register with the Halo Platform and vote in respect of their claims; and
- (d) the avoidance of a situation whereby a large number of creditors may leave lodging their claim until the day before the meeting, in which case it would not be feasible for the Administrators and their staff to review and admit these claims prior to the Second Meetings.

71 A shorter period of time may mean that the Administrators are simply unable to complete the adjudication process before the Meetings of Creditors.

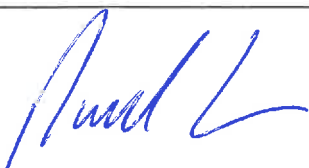

72 Once a creditor's debt or claim is adjudicated, the creditor's individual account on the Halo Platform is updated and the creditor is able to view the amount for which their claim has been admitted. Creditors may then submit a query to the Administrators through the Halo Platform regarding the admitted claim amount prior to the Second Meetings (to the extent they wish to do so).

73 In order to eliminate any duplication of claims (for example, made by two different parties who have different interests in the same debt, such as, for example, a syndicate financier and a security trustee or facility agent of that syndicate), the Halo Platform contains built in analytical processes which identify duplicate claims. In circumstances where a "double-claim" exists, the Halo Platform has the ability to "deactivate" this claim.

74 This means that the claim remains in the Halo Platform and the associated users are still able to receive and send communications through the platform, but they are unable to

---

Signed:

Taken by:

submit a vote in respect of the claim at the Meetings of Creditors. Where a claim is "deactivated" on the basis that it is a duplicated claim, the creditor will be notified. This notification takes the following form (by way of example only, whereby the email provided would be the primary user of the claim such as the security trustee in the example given above):

"Claim MR011516C has been marked as a duplicate of Claim MR011435C.

Please contact the following users to gain access to Claim MR011435C.

[CloughVA@deloitte.com.au](mailto:CloughVA@deloitte.com.au)

This is a system generated email. Please do not send messages or reply to this email."

- 75 With the assistance of Deloitte staff, I have prepared an estimate of the likely costs of managing the proof of debt and voting process on a conventional basis, compared with the likely professional and other costs of managing that process through the Halo Platform, taking into account, among other things, the costs and time associated with maintaining and updating a creditor management system, communicating with creditors, adjudicating on proofs of debt, requesting further information from creditors, verifying and reviewing proxies and tallying votes and the costs of developing and supporting the Halo Platform through the administration period. I estimate that, if done on a conventional basis, the costs of the process will be on the order of \$500,000, whereas if done through the Halo Platform, the costs will be around \$90,000. This amounts to a costs saving of \$410,000 to the estates of the Clough Companies if the process is conducted through the Halo Platform.

#### *Security of Creditors' Information*

- 76 Deloitte recognises information security as a strategic imperative.
- 77 The Halo Platform complies with Deloitte's Global Security standards, which include regular security audits to ensure that the Halo Platform is secure, that security considerations be made at each stage of the software development lifecycle including requirements gathering, design, development and deployment.
- 78 Halo complies with Deloitte's Global Security standards, which include regular security audits to ensure that the Halo Platform is secure. These activities include the following:
- (a) internal security reviews before platform launch and updates;
  - (b) regular penetration test performed by in-house and third-party contractors; and

---

Taken by:

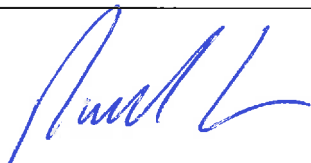

- (c) source code review and testing, to ensure software vulnerabilities are identified and remediated.
- 79 The Halo Platform stores a range of confidential information, which includes personal information, financial information and customer information of creditors. The Halo Platform has a number of security features which protect the data of its users and the integrity of the data contained in the platform. These include, amongst other things:
- (a) end-to-end encryption;
  - (b) monitoring and virus protection;
  - (c) cloud network firewalling; and
  - (d) multifactor authentication by users.
- 80 Deloitte's security reviews, as well as on-going operations (such as Vulnerability management, virus protection, code reviews etc.) serve to ensure continued compliance to ISO 27001.

*Communication with creditors in relation to the Halo Platform*

- 81 Creditors of the Clough Companies have received communications in relation to the Halo Platform as follows:
- (a) on 7 December 2022:
    - (i) an email was sent from the Deloitte Halo Platform email address, [CloughVA@deloitte.com.au](mailto:CloughVA@deloitte.com.au) to all creditors (other than employee creditors) for which the Administrators had obtained an email address either from data contained in the Clough Companies' books and records or as a result of a creditor having sent an email to the Administrators via [CloughVA@deloitte.com.au](mailto:CloughVA@deloitte.com.au). This email attached a copy of the Initial Circular to Creditors which:
      - (A) provided the Halo Website Link;
      - (B) advised that the Halo Platform will serve as the Administrators' primary tool for communicating with creditors and managing claims during the administration of the Clough Companies;
      - (C) advised that through the platform, employees and creditors will be able to:

Taken by:

- a. "Register as a user to provide, verify or update contact information provided to the Administrators
  - b. Submit claims (proof of debt) or modify previous claims provided. This includes submitting additional documentation to the Administrators
  - c. If you consent to electronic communications, this platform will allow you to send and receive secure messages to the Administrators about claims submitted or other matters"
- (D) set out an explanation as to how creditors can register in the Halo Platform and access their individual Halo user accounts;
- (E) provided a link to the Halo FAQs; and
- (F) provided a link to a "Halo Help" form, through which creditors could submit a query to the Administrators.

A copy of this email titled "Murray & Roberts Pty Ltd (ACN 105 617 865) and certain entities listed in Schedule A (All Administrators Appointed)" is provided at **Tab 13 of Exhibit DMO-1.**

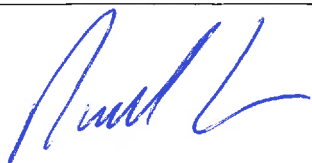

- 82 The Administrators have also scheduled further reminders regarding voting which will be sent to creditors of the Clough Companies in advance of the meetings of creditors.
- 83 For these reasons, it is the view of the Administrators, that it is in the best interests of the creditors of the Clough Companies that the orders sought in relation to the use of the Halo Platform, be made.

#### **COMMITTEE OF INSPECTION**

- 84 As advised in the Initial Circular, one of the purposes of the first meeting of creditors (**First Meeting**) is to consider:
- (a) whether to appoint a committee of inspection; and
  - (b) if so, who are to be the committee's members.
- 85 In my experience as an insolvency practitioner, given the scale of the administration in relation to the Clough Companies, including the magnitude of the Business, the significant number of creditors of the Clough Companies, and the amounts owed to those creditors (as detailed in paragraph 22), creditors in an administration of this nature would ordinarily resolve to appoint a committee of inspection.

## - Share Structure -

### Current

**Class:** ORDINARY SHARES 028902230  
**Number of Shares Issued:** 632223872  
**Total Amount Paid / Taken to be Paid:** \$632,223,872.00  
**Total Amount Due and Payable:** \$0.00

#### **Note:**

For each class of shares issued by a company, ASIC records the details of the twenty members of the class (based on shareholdings). The details of any other members holding the same number of shares as the twentieth ranked member will also be recorded by ASIC on the database. Where available, historical records show that a member has ceased to be ranked amongst the twenty members. This may, but does not necessarily mean, that they have ceased to be a member of the company.

**Note:**

For each class of shares issued by a company, ASIC records the details of the twenty members of the class (based on shareholdings). The details of any other members holding the same number of shares as the twentieth ranked member will also be recorded by ASIC on the database. Where available, historical records show that a member has ceased to be ranked amongst the twenty members. This may, but does not necessarily mean, that they have ceased to be a member of the company.

#### **Note:**

For each class of shares issued by a company, ASIC records the details of the twenty members of the class (based on shareholdings). The details of any other members holding the same number of shares as the twentieth ranked member will also be recorded by ASIC on the database. Where available, historical records show that a member has ceased to be ranked amongst the twenty members. This may, but does not necessarily mean, that they have ceased to be a member of the company.

**Total Amount Due and Payable:** \$0.00

#### **Note:**

For each class of shares issued by a company, ASIC records the details of the twenty members of the class (based on shareholdings). The details of any other members holding the same number of shares as the twentieth ranked member will also be recorded by ASIC on the database. Where available, historical records show that a member has ceased to be ranked amongst the twenty members. This may, but does not necessarily mean, that they have ceased to be a member of the company.

**Number of Shares Issued:** 20000000  
**Total Amount Paid / Taken to be Paid:** \$20,000,000.00  
**Total Amount Due and Payable:** \$0.00

#### **Note:**

For each class of shares issued by a company, ASIC records the details of the twenty members of the class (based on shareholdings). The details of any other members holding the same number of shares as the twentieth ranked member will also be recorded by ASIC on the database. Where available, historical records show that a member has ceased to be ranked amongst the twenty members. This may, but does not necessarily mean, that they have ceased to be a member of the company.

#### **Note:**

For each class of shares issued by a company, ASIC records the details of the twenty members of the class (based on shareholdings). The details of any other members holding the same number of shares as the twentieth ranked member will also be recorded by ASIC on the database. Where available, historical records show that a member has ceased to be ranked amongst the twenty members. This may, but does not necessarily mean, that they have ceased to be a member of the company.

### **Note:**

For each class of shares issued by a company, ASIC records the details of the twenty members of the class (based on shareholdings). The details of any other members holding the same number of shares as the twentieth ranked member will also be recorded by ASIC on the database. Where available, historical records show that a member has ceased to be ranked amongst the twenty members. This may, but does not necessarily mean, that they have ceased to be a member of the company.

#### **Note:**

For each class of shares issued by a company, ASIC records the details of the twenty members of the class (based on shareholdings). The details of any other members holding the same number of shares as the twentieth ranked member will also be recorded by ASIC on the database. Where available, historical records show that a member has ceased to be ranked amongst the twenty members. This may, but does not necessarily mean, that they have ceased to be a member of the company.

### Current

**Class:** ORDINARY SHARES 7E0786618  
**Number of Shares Issued:** 80000000  
**Total Amount Paid / Taken to be Paid:** \$80,000,000.00  
**Total Amount Due and Payable:** \$0.00

#### **Note:**

For each class of shares issued by a company, ASIC records the details of the twenty members of the class (based on shareholdings). The details of any other members holding the same number of shares as the twentieth ranked member will also be recorded by ASIC on the database. Where available, historical records show that a member has ceased to be ranked amongst the twenty members. This may, but does not necessarily mean, that they have ceased to be a member of the company.

**Number of Shares Issued:** 10000000  
**Total Amount Paid / Taken to be Paid:** \$10,000,000.00  
**Total Amount Due and Payable:** \$0.00

#### **Note:**

For each class of shares issued by a company, ASIC records the details of the twenty members of the class (based on shareholdings). The details of any other members holding the same number of shares as the twentieth ranked member will also be recorded by ASIC on the database. Where available, historical records show that a member has ceased to be ranked amongst the twenty members. This may, but does not necessarily mean, that they have ceased to be a member of the company.

7 December 2022

## Initial circular to creditors

Dear Sir/Madam

**Murray & Roberts Pty Ltd (ACN 105 617 865)**  
**and certain entities listed in Schedule A**  
**(All Administrators Appointed)**  
**(MRPL, Clough or the Group)**  
**(Trading as Clough)**

Sal Algeri, Jason Tracy, Glen Kanevsky and David Orr were appointed Joint and Several Voluntary Administrators (**Administrators**) of the Group on 5 December 2022, pursuant to Section 436A of the *Corporations Act 2001* (the Act).

### Declaration of Independence, Relevant Relationships and Indemnities (DIRRI)

We attach our DIRRI at **Annexure A**. The DIRRI discloses information regarding our independence, any prior personal or professional relationships that the Administrators and Deloitte had with the Group or related parties and any indemnities received relating to this appointment.

### First meeting of creditors

We are required to convene a first meeting of creditors within 8 business days following our appointment. The first meeting has been convened for **12:00PM (AEDT) on Thursday, 15 December 2022. This meeting will only be held virtually.**

We will be using the Deloitte Halo platform throughout the administration for creditors to lodge claims, communications, adjudication of claims and voting at the meetings of creditors. All creditors should:

1. Go to our website and register at <https://aurestructuring.deloitte-halo.com/Clough/>
2. Lodge a claim.

The meeting will be hosted using Microsoft Teams Live Events technology and is accessible by registering to vote at our website: <https://aurestructuring.deloitte-halo.com/Clough/>.

**Attendance at the first meeting of creditors is not mandatory** and will not prevent you from lodging a claim against the Group or affect any of your rights as against the Group that may exist as at the date of our appointment.

One of the purposes of the first meeting is to determine whether to appoint a committee of inspection. We will also use the first meeting to inform creditors of the administration process and provide any relevant update.

Deloitte refers to one or more of Deloitte Touche Tohmatsu Limited ("DTTL"), its global network of member firms, and their related entities (collectively, the "Deloitte organisation"). DTTL (also referred to as "Deloitte Global") and each of its member firms and related entities are legally separate and independent entities, which cannot obligate or bind each other in respect of third parties. DTTL and each DTTL member firm and related entity is liable only for its own acts and omissions, and not those of each other. DTTL does not provide services to clients. Please see [www.deloitte.com/about](http://www.deloitte.com/about) to learn more.

Deloitte is a leading global provider of audit and assurance, consulting, financial advisory, risk advisory, tax and related services. Our global network of member firms and related entities in more than 150 countries and territories (collectively, the "Deloitte organisation" serves four out of five Fortune Global 500® companies. Learn how Deloitte's approximately 312,000 people make an impact that matters at [www.deloitte.com](http://www.deloitte.com).

Liability limited by a scheme approved under Professional Standards Legislation.

Member of Deloitte Asia Pacific Limited and the Deloitte organisation.

### Committee of inspection (COI)

At the first meeting, creditors will resolve on whether a COI should be appointed to any of the companies in the Group.

The role of the COI is to consult with the Administrators about matters relevant to the voluntary administration and receive and consider reports from the Administrators. It may also approve the Administrators' fees. At times, the Administrators may call upon a COI for assistance. It is a voluntary role, and the COI members are not remunerated for their time. All members of the COI will have to sign a confidentiality undertaking to our satisfaction.

Given the number of creditors of the Group and the interconnectedness of the entities in the Group, it is our opinion that a single COI for the Group would be most useful to assist with the conduct of the voluntary administrations, rather than separate COIs for various entities in the Group. As such, the Administrators intend to apply to Court to obtain approval to form a single COI for the Group.

Should you wish to be a COI member or would like to nominate someone to act as a member please refer to **Annexure C**.

### Administrators' Remuneration

Please refer to our Initial Remuneration Notice at **Annexure D**.

### Voluntary administration process

The effect of our appointment is to place a moratorium on the payment of unsecured creditors' accounts in relation to trading and other debts incurred up to the date of our appointment, until creditors make a decision about the Group's future at the second meeting of creditors (**Second Meeting**). Creditors with security interests including retention of title creditors will have their entitlements determined in accordance with relevant processes under applicable law.

Attached as **Annexure E** is an *Information Sheet – Voluntary administration: A guide for creditors*.

### Second meeting of creditors

Pursuant to Section 439A of the Act, the Administrators are required to convene the Second Meeting to decide the future of the Group. The period for convening the Second Meeting is 30 business days from the date of the appointment (**Convening Period**).

Given the size and complexity of the administration of the Group, we intend to apply to Court for an extension of the Convening Period.

We believe this is the best course of action for creditors as it will allow us time to negotiate with potential purchasers of the Group and to maximise the value for each of the active projects.

### Creditors' rights

Attached as **Annexure F** is *Information Sheet – Creditors Rights in Voluntary Administration*.

### Ongoing trading

The Administrators are undertaking an urgent financial assessment of the Group including an analysis of each active project. Further correspondence will be issued to creditors including subcontractors for each project regarding ongoing trading.

Whilst we assume responsibility for the business, the Group's management team will continue to assist us with the operations of the business during the administration period.

Please open a new account for the relevant purchasing entity styled with the company name followed by "(Administrators Appointed)". Please charge future authorised orders to these accounts, which will be paid in accordance with usual terms of credit. Please also note for all future properly authorised orders are guaranteed by the Administrators.

We will not accept liability for payment for any goods or services supplied without the authority of the specified authorised signatories, whose names and specimen signatures are shown on the schedule attached at **Annexure I**.

Your continued support of the business is appreciated during this period and is critical to achieving a successful outcome for all creditors, including employees.

### Queries

We encourage all creditors to register their claim on the Deloitte Halo platform. Once you have registered and lodged your claim, you will be able to send messages directly to our team who will endeavour to provide a prompt response to your query.

For all queries, depending on the nature, please send your questions via the Halo platform or to the following email addresses:

Annexure A – A Declaration of Independence, Indemnities & Relevant Relationships (DIRRI) for the purposes of Section 436DA of the Act

## Declaration of Independence, Relevant Relationships and Indemnities

**Murray & Roberts Pty Ltd (ACN 105 617 865)  
and certain entities listed in Schedule A  
(all Administrators Appointed)  
(together the Companies or the Group)**

This document requires the Practitioners appointed to an insolvent entity to make declarations as to:

- A. their independence generally;
- B. relationships, including:
  - (i) the circumstances of the appointment;
  - (ii) any relationships with the companies and others within the previous 24 months;
  - (iii) any prior professional services for the companies within the previous 24 months;
  - (iv) that there are no other relationships to declare; and
- C. any indemnities given, or up-front payments made, to the Practitioner.

This declaration is made in respect of ourselves, our partners and Deloitte Australia. In this document, Deloitte Australia means the Australian partnership of Deloitte Touche Tohmatsu and each of the entities under its control, including Deloitte Financial Advisory Pty Limited.

### A. Independence

We, Salvatore Algeri, Jason Tracy, Glen Kanevsky and David Orr of Deloitte Australia have undertaken a proper assessment of the risks to our independence prior to accepting the appointment as Voluntary Administrators of the Companies in accordance with the law and applicable professional standards. This assessment identified no real or potential risks to our independence. We are not aware of any reasons that would prevent us from accepting this appointment.

### B. Declaration of Relationships

#### Circumstances of appointment

On 11 November 2022, Deloitte Australia was engaged by King & Wood Mallesons (**KWM**), external legal advisors to the Group, to assess the financial position of the Companies and develop contingency plans in the event they would be required. This engagement is detailed in section 5 below.

### Prior Professional services to the Group

We, Deloitte Australia have provided the professional services set out in the table below to the Group in the 24 months prior to the acceptance of this appointment. The engagements were of limited scope, and immaterial to both the Group and Deloitte Australia. We therefore do not consider that those prior services (whether individually or collectively) hamper, impede or influence our capacity to fully discharge the statutory and fiduciary obligations associated with the external administration of the Companies.

### Group Appointment

As specified on page 1, we have been appointed as Voluntary Administrators of 12 companies in the Group. We are of the view that the appointment to the group of companies together will have practical benefits to our conduct, particularly in that this will enable an accurate view to be obtained of the financial position of the Group as a whole. We are aware that there may be inter-company transactions within the Group. At this time we are not aware of any potential conflicts arising from our appointment over the Group or any of the Companies. However, if in the future any inter-company dealings give rise to a conflict then we undertake to disclose any such conflicts to the creditors and, if appropriate, seek Court directions or other relief that may be necessary.

### No other relevant relationships to disclose

There are no other known relevant relationships, including personal, business and professional relationships, from the previous 24 months with the Companies, an associate of the Companies, a former insolvency practitioner appointed to the Companies or any person or entity that has security over the whole or substantially whole of the Companies' property that should be disclosed.

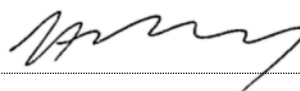

### C. Indemnities and up-front payments

We have not been indemnified in relation to this Administration, other than any indemnities that we may be entitled to under statute, and we have not received any up-front payments in respect of our remuneration or disbursements.

DATED this 6th day of December 2022

Salvatore Algeri  
Joint and Several Administrator

Jason Tracy  
Joint and Several Administrator

Glen Kanevsky  
Joint and Several Administrator

David Orr  
Joint and Several Administrator

**Notes:**

1. If circumstances change, or new information is identified, we are required under the Corporations Act 2001 (Cth) and the ARITA Code of Professional Practice to update this Declaration and provide a copy to creditors with our next communication as well as table a copy of any replacement declaration at the next meeting of the insolvent's creditors.
2. Any relationships, indemnities or up-front payments disclosed in the DIRRI must not be such that the Practitioner is no longer independent. The purpose of Components A, B and C of the DIRRI is to disclose relationships that, while they do not result in the Practitioner having a conflict of interest or duty, ensure that creditors are aware of those relationships and understand why the Practitioner nevertheless remains independent.

Corporations Regulations 2001

Insolvency Practice Rules (Corporations)  
75-10, 75-15, 75-20, 75-35, 75-40, 75-225

NOTICE OF FIRST MEETING OF  
CREDITORS OF COMPANIES UNDER ADMINISTRATION  
AND  
NOTICE OF APPOINTMENT  
OF JOINT AND SEVERAL ADMINISTRATORS

**Murray & Roberts Pty Ltd (ACN 105 617 865)**  
**and certain entities listed in Schedule A**  
**(All Administrators Appointed)**  
**(MRPL, Clough or the Group)**  
**(Trading as Clough)**

On 5 December 2022 the Group under section 436A of the *Corporations Act 2001* appointed Sal Algeri, Jason Tracy, Glen Kanevsky and David Orr of Deloitte Financial Advisory Pty Ltd, 477 Collins Street Melbourne VIC 3000 as the Joint and Several Administrators of each of the companies in the Group.

Notice is given under *Insolvency Practice Rules (Corporations)* (IPR) section 75-225 that a virtual concurrent meeting of the creditors of the Group (the **Meeting**) will be held:

**Place:** Deloitte, Level 9, 123 St Georges Terrace, Perth WA 6000  
**Date:** Thursday, 15 December 2022  
**Time:** 12:00PM (AEDT)  
**URL:** <https://aurestructuring.deloitte-halo.com/Clough/>

Due to the size of the Group, the number of employees and creditors and the diverse geographical locations of the Group's operations, including its employees and creditors, along with the threat of COVID-19, a virtual-only meeting will be held. All creditors are expected to attend by electronic means, and no physical place of meeting will be made available.

The purpose of the meeting is to:

- a. inform creditors of the administration process; and
- b. determine whether to appoint a committee of inspection.

At the meeting, creditors may also, by resolution:

- a. remove the Joint and Several Administrators from office (if applicable); and
- b. appoint someone else as administrator of the Group.

**Votes to be taken on a poll**

Votes taken at the Meeting will be taken on a poll. This means that, to calculate the outcome of each resolution, the Administrators must calculate the number and dollar value of each vote in favour together with the number and dollar value of each vote against. A resolution is taken to have passed if a majority in both number and dollar value have voted in favour.

**Attendance at this meeting is not compulsory.**

Creditors may access electronic proofs of debt via the Deloitte Halo platform from 5 December 2022 at <https://aurestructuring.deloitte-halo.com/Clough/>. Electronic proxy forms will also be available to creditors in the Deloitte Halo platform. Creditors will be notified via email when that occurs.

Proofs of debt must be lodged on the Deloitte Halo platform by 5:00PM (AEDT) on Wednesday, 14 December 2022.

Creditors may attend virtually and vote in person electronically, by proxy or attorney. The appointment of a proxy must be in the approved form. A special proxy can be lodged confirming approval or rejection of each resolution. Proxy forms must be lodged through the Halo platform not later than 12:00PM (AEDT) on Thursday, 15 December 2022. An attorney of the creditor must show the instrument by which he or she is appointed to the Chairperson of the meeting, prior to the commencement of the meeting.

Please note under IPR section 75-25 if you wish to participate in the meeting using such facilities you must give the convenor not later than 12:00PM (AEDT) on Thursday, 15 December 2022 a written statement, lodged via the Deloitte Halo platform, setting out:

- i. the name of the person and of the proxy or attorney (if any); and
- ii. an email address to which notices to the person, proxy or attorney may be sent; and
- iii. a method by which the person, proxy or attorney may be contacted for the purposes of the meeting.

Upon receipt of the above mentioned statement of participation, a link for the virtual meeting will be displayed after you log onto the Deloitte Halo platform.

Please note that additional guides on the process of lodging a claim and registering/voting for the meeting can be found in the Halo platform here – <https://aurestructuring.deloitte-halo.com/Clough/>.

### \*\*\*GUIDANCE NOTES\*\*\*

#### Participating at a virtual meeting

The virtual meeting will be hosted using Microsoft Teams Live Events technology and is accessible by registering to vote at the following link <https://aurestructuring.deloitte-halo.com/Clough/>.

The Microsoft Teams Live Events technology and Halo platform together enable all participants at the virtual meeting a reasonable opportunity to participate in a vote taken at the meeting, and to ask questions via the Microsoft Teams Live Events technology, without being physically present.

A creditor or proxy is able to participate in a vote taken at the meeting by voting on the Halo platform. Given the nature of the proposed resolutions at the Meeting, the creditor or proxy will only be able to vote at the Meeting in real-time as per announcements by the Chairperson of the Meeting. When voting commences, the eligible creditor or the creditor's proxy can lodge their vote by logging into Halo and clicking 'Start Voting' on the 'Claims' dashboard.

Only registered attendees are entitled to ask questions during the meeting. Due to the number of creditors that will be in attendance at the meeting, there are two options to submit questions:

1. Ask a question during the Meeting via the question and answer function available through the Microsoft platform.
2. Submit a question to be answered in advance via direct messaging to the Administrators' office in your Halo profile.

Questions submitted via the above means will then be collated and answered by the Administrators, who will use their best endeavours to answer all questions of creditors during allocated question and answer time. Please note that, due to the number of creditors in attendance there will be no opportunity to ask a question verbally during the meeting. When submitting a question in the Microsoft Teams Live Event, please make sure you disclose your full name and the organisation which is a creditor of any of the companies in the Group when submitting the question so that the Administrators can address your question directly and disclose to the meeting who is asking the question.

To ensure the meeting runs in a controlled manner, the Administrators will allow creditors to ask questions prior to the meeting which can then be answered by the Chairperson in the meeting. During the meeting, creditors will be able to ask questions through the Q&A chat functionality in the Microsoft Teams platform, which will be answered during the meeting of creditors. Final decisions regarding the technological features that may be employed will be made at the meeting.

#### Entitlement to vote at meetings of creditors

- (1) A person other than a creditor (or the creditor's proxy or attorney) is not entitled to vote at a meeting of creditors.
- (2) Subject to subsections (3), (4) and (5), each creditor is entitled to vote and has one vote.
- (3) A person is not entitled to vote as a creditor at a meeting of creditors unless:
  - (a) his or her debt or claim has been admitted wholly or in part by the external administrator; or
  - (b) he or she has lodged, with the person presiding at the meeting, or with the person named
    - a) in the notice convening the meeting as the person who may receive particulars of the debt
    - b) or claim:
      - a. those particulars; or
      - b. if required—a formal proof of the debt or claim.

- (4) A creditor must not vote in respect of:
  - (a) an unliquidated debt; or
  - (b) a contingent debt; or
  - (c) an unliquidated or a contingent claim; or
  - (d) a debt the value of which is not established;
 unless a just estimate of the value of such debt or claim has been made.
  
- (5) A creditor must not vote in respect of a debt or a claim on or secured by a bill of exchange, a promissory note or any other negotiable instrument or security held by the creditor unless he or she is willing to do the following:
  - (a) treat the liability to him or her on the instrument or security of a person covered by subsection (6) as a security in his or her hands;
  - (b) estimate its value;
  - (c) for the purposes of voting (but not for the purposes of dividend), to deduct it from his or her debt or claim.
  
- (6) A person is covered by this subsection if:
  - (a) the person's liability is a debt or a claim on, or secured by, a bill of exchange, a promissory note or any other negotiable instrument or security held by the creditor; and
  - (b) the person is either liable to the companies directly, or may be liable to the companies on the default of another person with respect to the liability; and
  - (c) the person is not an insolvent under administration or a person against whom a winding up order is in force.

## Annexure C – Nomination for Committee of Inspection

Murray & Roberts Pty Ltd (ACN 105 617 865)  
and certain entities listed in Schedule A  
(All Administrators Appointed)  
(MRPL, Clough or the Group)  
(Trading as Clough)

Insolvency Practice Schedule (Corporations) s80-15

**NOMINATION FOR COMMITTEE OF INSPECTION**

At the meeting of creditors to be held on Thursday, 15 December 2022, a resolution will be proposed to determine whether to form a committee of inspection (**COI**) for each of the companies in the Group. Should the creditors decide in favour, a COI will be duly formed. In this regard, we are seeking nominations from creditors for each of the companies in the Group to be appointed to the relevant COI. If you would like to nominate yourself/your company to be appointed to the COI, please complete the details below and return this form via email to [CloughCOI@deloitte.com.au](mailto:CloughCOI@deloitte.com.au) no later than by 12:00PM (AEDT) on Wednesday, 14 December 2022.

**Duties and obligations of committee members:**

Please read the attached information sheet prepared by the Australian Restructuring Insolvency & Turnaround Association (**ARITA**) which we would normally send after a creditor has been appointed, however, in this case, we are sending it prior to your nomination as it provides important information about the role and powers of a COI.

☐

I am a creditor of the Company "checked" in the list on the below in the amount of \$\_\_\_\_\_ and have duly lodged a claim in the administration. I have read the information provided and understand my duties and obligations should I be appointed to the proposed committee

## Annexure D – Initial Remuneration Notice

## Initial Remuneration Notice

Murray & Roberts Pty Ltd (ACN 105 617 865)  
and certain entities listed in Schedule A  
(All Administrators Appointed)  
(MRPL, Clough or the Group)  
(Trading as Clough)

The purpose of the Initial Remuneration notice is to provide you with the information about how we propose our remuneration for undertaking the administration will be set.

### 1. Remuneration methods

There are four basic methods that can be used to calculate the remuneration charged by an insolvency practitioner. They are:

1. **Time based / hourly rates:** This is the most common method. The total fee charged is based on the hourly rate charged for each person who carried out the work multiplied by the number of hours spent by each person on each of the tasks performed.
2. **Fixed Fee:** The total fee charged is normally quoted at the commencement of the administration and is the total cost for the administration. Sometimes a practitioner will finalise an administration for a fixed fee.
3. **Percentage:** The total fee charged is based on a percentage of a particular variable, such as the gross proceeds of assets realisations.
4. **Contingency:** The practitioner's fee is structured to be contingent on a particular outcome being achieved.

### 2. Method chosen

Given the nature of this administration we propose that our remuneration be calculated on time based / hourly rates. This is because:

- It ensures that creditors are only charged for work that is performed
- We are required to perform a number of tasks which do not relate to the realisation of assets, for example responding to creditor enquiries, reporting to ASIC, distributing funds in accordance with the provisions of the Corporations Act.
- We are unable to estimate with certainty the total amount of fees necessary to complete all tasks required in the administration
- We have a time recording system that can produce a detailed analysis of time spent on each type of task by each individual staff member utilised in the administration
- Time based remuneration calculates fees upon a basis of time spent at the level appropriate to the work performed
- The method provides full accountability in the method of calculation.

Details of the hourly rates are included below.

### 3. Explanation of hourly rates

The rates for our remuneration calculation are set out in the following table together with a general guide showing the qualifications and experience of staff engaged in the administration and the role they take in the administration. The hourly rates charged encompass the total cost of providing professional services and should not be compared to an hourly wage.

Title	Description	Hourly Rate (Excl GST)
Appointee	Registered liquidator. Brings his or her specialist skills to the administration or insolvency task.	\$865
Partner	Registered liquidator. Brings his or her specialist skills to the administration or insolvency task.	\$865
Principal/ Consultant	Typically CA or CPA qualified with in excess of 10 years' experience on insolvency matters with a number of years at manager level. Answerable to the appointee but otherwise responsible for all aspects of an administration. Capable of controlling all aspects of an administration. May be appropriately qualified to take appointments in his/her own right.	\$775
Director	Typically CA or CPA qualified with in excess of 7 years' experience on insolvency matters with a number of years at manager level. Answerable to the appointee but otherwise responsible for all aspects of an administration. Capable of controlling all aspects of an administration. May be appropriately qualified to take appointments in his/her own right.	\$685
Associate Director	Typically CA or CPA qualified with in excess of 5 years' experience on insolvency matters with a number of years at manager level. Answerable to the appointee and responsible for material aspects of an administration. Experienced in and capable of controlling most aspects of an administration.	\$605
Manager	Typically CA or CPA qualified with 5 to 8 years' experience working on insolvency matters. Will have experience conducting administrations and directing a number of staff.	\$580
Senior Analyst	Typically completed or near completion of CA or CPA qualifications with 3 to 6 years insolvency experience. Assists in planning and control of smaller matters as well as performing some more difficult tasks on larger matters.	\$500
Analyst	Typically studying towards CA or CPA qualification with 1 to 4 years insolvency experience. Works under supervision of more senior staff in performing day-to-day fieldwork.	\$445
Graduate	Junior staff member who has completed a university degree with less than one year's experience working on insolvency matters. Works under supervision of more senior staff in performing day-to-day fieldwork. This may include staff located in other offices of Deloitte overseas. These staff work under the supervision of Australian staff with insolvency experience.	\$340

Title	Description	Hourly Rate (Excl GST)
Secretary	Advanced secretarial skills	\$235
Other Clerical	Support secretarial and administrative skills	\$235
Other Junior	Junior staff member who has not yet completed a university degree with less than one year's experience working on insolvency matters. Works under supervision of more senior staff in performing day-to-day fieldwork.	\$240

#### 4. Estimate of the cost of the administration

We estimate that this administration will cost approximately \$4m to \$5m (excluding GST, legal fees and disbursements) to complete, subject to the following variables which may have a significant effect on this estimate and that we are unable to determine at this early stage in the administration:

- The timing and nature of a sale of the business, including whether a Deed of Company Arrangement will be required and our level of involvement in same.
- Matters that may arise from our investigation into the affairs of the Group.

Prior to our appointment we provided an estimate of the cost of the administration to the directors. This estimate is consistent with the estimate provided to the directors prior to our appointment.

#### 5. Disbursements

Disbursements are divided into three types:

- External professional services - these are recovered at cost. An example of an externally provided professional service is legal fees. It does not include insolvency services as insolvency services are claimed as remuneration.
- External non-professional costs - these are recovered at cost. Examples of external non-professional expenses include travel, accommodation and search fees.
- Firm non-professional costs – such as photocopying, printing and postage. These costs, if charged to the administration, would generally be charged at cost; though some expenses such as telephone calls, photocopying and printing may be charged at a rate which recoups both variable and fixed costs. The recovery of these costs must be on a reasonable commercial basis.

We are not required to seek creditor approval for expenses paid to third parties or for disbursements where we are recovering a cost incurred on behalf of the administration, but we must account to creditors. We must be satisfied that these expenses and disbursements are appropriate, justified and reasonable.

We are required to obtain creditor's consent for the payment of a disbursement where we or a related entity of ourselves, may directly or indirectly obtain a profit. In these circumstances, creditors will be asked to approve our disbursements prior to these disbursements being paid from the administration.

For this engagement, we are using the Halo platform for communicating with creditors, managing claims and proofs of debt, collecting proxies and facilitating live voting at creditor meetings, managing creditor documents and the collection of bank account details and distribution of funds in the event of a dividend.

Given the size of this administration and large volume of creditors, data and documentation involved, the fees relevant to the Halo platform is \$15,000 plus GST per month.

The fees cover:

- Initial set up of Halo platform for engagement
- Ongoing costs associated with server capacity, especially around significant events (e.g. 1<sup>st</sup> and 2<sup>nd</sup> creditors meetings)
- Securing sufficient hard disc drive storage capacity for creditor data and documentation
- Unlimited run time of webpage and platform, with 24 hours, 7 days a week accessibility for creditors

We believe that this cost is reasonable, as the Halo platform allows us to leverage advanced analytics and processes which reduces 'manual data entry' work thereby minimising staff time and therefore costs. This allows the Deloitte team to focus on more value-adding tasks for creditors in a more timely and cost-effective manner than the alternative manual process.

Details of the basis of recovering disbursements in this administration are set out in the table below.

Disbursement type	Rate (Excl GST)
External professional services	At cost
External non-professional services	
Advertising (other than ASIC public notices)	At cost
Photocopying, printing & postage (externally provided)	At cost
Halo	\$15,000 per month
Search fees	At cost
Firm non-professional costs:	
Administration fee*	\$600 fixed fee

\* This fee contributes towards costs incurred by my firm in the administration of the engagement. Such costs include, amongst other things, variable levies incurred when certain notices are lodged with ASIC or advertised on the ASIC public notice website pursuant to *The ASIC Supervisory Cost Recovery Levy Act 2017*, the licensing and use of insolvency software to assist with the creation, preparation and maintenance of proper administration records, telephone calls and internal photocopying and printing. Based upon internal analysis of average costs incurred, \$600 is, in my opinion a reasonable commercial claim.

Annexure E – ASIC Information Sheet – Voluntary Administration: A guide for creditors

## Voluntary administration: A guide for creditors

If a company is in financial difficulty, it can be put into voluntary administration.

This information sheet (INFO 74) provides general information for unsecured creditors of companies in voluntary administration. It covers:

### Who is a creditor?

You are a creditor of a company if the company owes you money. Usually, a creditor is owed money because they have provided goods or services, or made loans to the company.

A retail customer of a company in voluntary administration may also be a creditor if they have partly or fully paid for goods or services that they have not received.

An employee owed money for unpaid wages and other entitlements is a creditor.

A person who may be owed money by the company if a certain event occurs (e.g. if they succeed in a legal claim against the company) is also a creditor, and is sometimes referred to as a 'contingent' creditor.

There are generally two categories of creditor - secured and unsecured:

- A secured creditor is someone who holds a security interest, such as a mortgage, in some or all of the company's assets, to secure a debt owed by the company. Lenders usually require a security interest in company assets when they provide a loan. Security interests over personal property other than land are registered on the Personal Property Securities Register (PPSR) if the creditor wants to ensure their security interest is enforceable and accorded priority in an insolvency. You can search the PPSR to find out if anyone holds a security interest (other than a mortgage over land) in the company's assets.

- An unsecured creditor is a creditor who does not hold a security interest in the company's assets.

Employees are a special class of unsecured creditors. Their outstanding entitlements are usually paid in priority to the claims of other unsecured creditors. If you are an employee, see [Information Sheet 75](#) *Voluntary administration: A guide for employees* (INFO 75).

All references in this information sheet to 'creditors' relate to unsecured creditors unless otherwise stated.

## The purpose of voluntary administration

Voluntary administration is designed to resolve a company's future direction quickly (the below table summarises the process). An independent and suitably qualified person (the voluntary administrator) takes full control of the company to try to work out a way to save either the company or its business.

If it isn't possible to save the company or its business, the aim is to administer the affairs of the company in a way that results in a better return to creditors than they would have received if the company had instead been placed straight into liquidation. A mechanism for achieving these aims is a deed of company arrangement.

A voluntary administrator is usually appointed by a company's directors, after they decide that the company is insolvent or likely to become insolvent. Less commonly, a voluntary administrator may be appointed by a liquidator, provisional liquidator, or a secured creditor.

### The voluntary administration process

Step	What happens
Appointment of voluntary administrator	<p>A decision to appoint a voluntary administrator for a company can be made by:</p> <ul style="list-style-type: none"> <li>• the directors (by resolution of the board and in writing)</li> <li>• a secured creditor (with a security interest in all or substantially all of the company's property), or</li> <li>• a liquidator (or provisional liquidator).</li> </ul> <p>Voluntary administration begins on the appointment of the voluntary administrator.</p>
First meeting of creditors	<p>The voluntary administrator must hold the first meeting of creditors within eight business days of being appointed, unless the court allows an extension of time.</p> <p>At least five business days notice of the meeting must be given to creditors.</p> <p>Creditors can vote at this meeting to:</p> <ul style="list-style-type: none"> <li>• replace the administrator, and/or</li> <li>• create a committee of inspection.</li> </ul>
Voluntary administrator's investigation and report	<p>The voluntary administrator must investigate the company's affairs and report to creditors on alternatives.</p>

Step	What happens
Second meeting of creditors – meeting to decide company's future	<p>The voluntary administrator must hold the meeting to decide the company's future within 25 business days of being appointed (or 30 business days if the appointment is around Christmas or Easter), unless the court allows an extension of time.</p> <p>At least five business days notice of the meeting must be given to creditors.</p> <p>Creditors can decide at this meeting to:</p> <ul style="list-style-type: none"> <li>• return the company to the control of the directors</li> <li>• accept a deed of company arrangement (the deed must be signed by the company within 15 business days following the meeting, unless the court allows an extension of time), or</li> <li>• put the company into liquidation (this happens immediately, and the administrator becomes the liquidator).</li> </ul>

A company in voluntary administration may also be in receivership: see [Information Sheet 54 Receivership: A guide for creditors](#) (INFO 54).

## The voluntary administrator's role

After taking control of the company, the voluntary administrator investigates and reports to creditors on the company's business, property, affairs and financial circumstances, and on the three options available to creditors. These are:

- end the voluntary administration and return the company to the directors' control
- approve a deed of company arrangement through which the company will pay all or part of its debts and then be free of those debts
- wind up the company and appoint a liquidator.

The voluntary administrator must give an opinion on each option and recommend which option is in the best interests of creditors.

In doing so, the voluntary administrator tries to work out the best solution to the company's problems, assesses any proposals put forward by others for the company's future, and compares the possible outcomes of the proposals with the likely outcome in a liquidation.

A creditors' meeting is usually held about five weeks after the company goes into voluntary administration to decide on the best option for the company's future. In complex administrations, this meeting may be held later if the court consents.

The voluntary administrator has all the powers of the company and its directors. This includes the power to sell or close down the company's business or sell individual assets in the lead up to the creditors' decision on the company's future.

Another responsibility of the voluntary administrator is to report to ASIC on possible offences by people involved with the company.

At the end of their administration, the voluntary administrator must lodge a detailed account of receipts and payments (known as the 'end of administration return'). A copy of this account of receipts and payments may be obtained by searching the [ASIC registers](#) and paying the relevant fee.

Although the voluntary administrator may be appointed by the directors, they must act fairly and impartially.

## Effect of appointment

The effect of the appointment of a voluntary administrator is to provide the company with breathing space while the company's future is resolved. While the company is in voluntary administration:

- unsecured creditors can't begin, continue or enforce their claims against the company without the administrator's consent or the court's permission
- owners of property (other than perishable property) used or occupied by the company, or people who lease such property to the company, can't recover their property
- except in limited circumstances, secured creditors can't enforce their security interest in the company's assets
- a court application to put the company in liquidation can't be commenced
- a creditor holding a personal guarantee from the company's director or other person can't act under the personal guarantee without the court's consent.

## Voluntary administrator's liability

Any debts that arise from the voluntary administrator purchasing goods or services, or hiring, leasing, using or occupying property, are paid from the available assets of the company as costs of the voluntary administration. If there are insufficient funds available from asset sales to pay these costs, the voluntary administrator is personally liable for the shortfall. To have the benefit of this debt protection as a provider of goods or services to a company in voluntary administration, you should ensure you receive a purchase order authorised in the manner advised by the voluntary administrator.

The voluntary administrator must also decide whether to continue to use or occupy property owned by another party that is held or occupied by the company at the time of their appointment.

Within five business days after their appointment, the voluntary administrator must notify the owner of property whether they intend to continue to occupy or use the property and, if they do not intend to continue to occupy or use the property, the location of that property (if known). If the voluntary administrator decides to continue to occupy or use the property, they will be personally liable for any rent or amounts payable arising after the end of the five business days.

## Creditors' meetings

Two meetings of creditors must be held during the voluntary administration.

### First creditors' meeting

The voluntary administrator must hold the first creditors' meeting within eight business days after the voluntary administration begins.

At least five business days before the meeting, the voluntary administrator must notify as many creditors as practical in writing and advertise the meeting. The advertisement must appear on [ASIC's published notices website](#).

The voluntary administrator must send to creditors, with the notice of meeting, declarations about any relationships they may have, or indemnities they have been given, to allow creditors to consider the voluntary administrator's independence and make an informed decision about whether to replace them with another voluntary administrator of the creditors' choice.

The purpose of the first meeting is for creditors to decide two questions:

- whether they want to form a committee of inspection, and, if so, who will be on the committee
- whether they want the existing voluntary administrator to be removed and replaced by a voluntary administrator of their choice.

A committee of inspection may be formed to assist and advise the voluntary administrator. The committee of inspection also monitors the conduct of the voluntary administration, may approve certain steps in the administration and may give directions to the voluntary administrator. The voluntary administrator must have regard to, but is not always required to comply with, such directions.

A creditor who wishes to nominate an alternative voluntary administrator at the first meeting must approach a registered liquidator before the meeting and get a written consent from that person that they would be prepared to act as voluntary administrator. The proposed alternative administrator should give to the meeting declarations about any relationships

they may have or indemnities they have been given. The voluntary administrator will only be replaced if the resolution to replace them is passed by the creditors at the meeting.

To be eligible to vote at this meeting, you must lodge details of your debt or claim with the voluntary administrator (discussed further below).

This meeting can be chaired by either the voluntary administrator or one of their senior staff.

### Second creditors' meeting (to decide the company's future)

After investigating the affairs of the company and forming an opinion on each of the three options available to creditors (outlined above), including an opinion as to which option is in the best interests of creditors, the administrator must call a second creditors' meeting. At this meeting, creditors are given the opportunity to decide the company's future.

This meeting is usually held about five weeks after the company goes into voluntary administration (six weeks if the appointment is around Christmas or Easter).

However, in complex voluntary administrations, often more time is needed for the voluntary administrator to be in a position to report to creditors. In these circumstances, the court can approve an extension of time to hold the meeting.

The voluntary administrator must chair this meeting.

In preparation for the second meeting, the voluntary administrator must send creditors the following documents at least five business days before the meeting:

- a notice of meeting
- the voluntary administrator's report
- the voluntary administrator's statement.

These will be accompanied by:

- a claim form (usually a 'proof of debt' form)
- a proxy voting form.

The meeting must also be advertised on [ASIC's published notices website](#).

Either or both the first and second creditors' meeting may be held using telephone or videoconferencing facilities.

### Voluntary administrator's report

You should read the voluntary administrator's report before you attend the second meeting or decide whether you want to appoint someone else to vote on your behalf at that meeting. This report must give sufficient information to explain the company's business, property, affairs and financial circumstances, to enable you to make an informed decision about the company's future.

The report should also provide an analysis of any proposals for the future of the company, including the possible outcomes, as well as a comparable estimate of what would be available for creditors in a liquidation.

### Voluntary administrator's statement

The voluntary administrator's statement must include the voluntary administrator's opinion, with reasons, on each of the options available to creditors, as well as an opinion on which option the voluntary administrator believes is in the best interests of creditors. As noted above, the options are:

- end the voluntary administration and return the company to the directors' control
- approve a deed of company arrangement (if one is proposed)
- wind up the company and appoint a liquidator.

The voluntary administrator's statement must also include such other information known to the voluntary administrator that will allow you to make an informed decision about each of the options above.

The statement must also advise whether there are any voidable transactions (such as unfair preferences, unfair loans, insolvent trading, etc.) where money or property may be recoverable by a liquidator, if one were appointed.

If there are proposals for a deed of company arrangement, the voluntary administrator must provide creditors with a statement giving enough details of each proposal to enable creditors to make an informed decision. The types of proposals allowed in a deed of company arrangement are very flexible.

Typically, a proposal will provide for the company to pay all or part of its debts, possibly over time, and then be free of those debts. It will often provide for the company to continue trading. How these things will happen varies from case to case, as the terms allowed in a deed of company arrangement are also very flexible. The contents of a deed of company arrangement are discussed below.

You should insist on being provided with as much information about the terms of the proposed deed as possible before the creditors' meeting. The minimum contents of a deed of company arrangement, discussed below, provide a guide on the information you might request if it hasn't already been provided.

You should also contact the voluntary administrator before the meeting if you believe the voluntary administrator's report or statement do not contain sufficient information to enable you to make a decision about the company's future.

## Voting at a creditors' meeting

To vote at any creditors' meeting you must lodge details of your debt or claim with the voluntary administrator. Usually, the voluntary administrator will provide you with a form called a 'proof of debt' to be completed and returned before the meeting.

The chairperson of the meeting decides whether or not to accept the debt or claim for voting purposes. The chairperson may decide that a creditor does not have a valid claim. In this case, they may not allow the creditor to vote at all. If the chairperson is in doubt whether to accept the debt or claim, they must mark the vote as objected to and allow the creditor to vote subject to the vote being declared invalid if the objection is sustained. This decision is only for voting purposes. It is not relevant to whether a creditor will receive a dividend.

An appeal against a decision by the chairperson to accept or reject a proof of debt or claim for voting purposes may be made to the court within 10 business days after the decision.

A secured creditor is entitled to vote for the full amount of their debt without having to deduct the value of their security interest.

## Voting by proxy

You may appoint an individual as proxy to attend and vote at a meeting on your behalf. Creditors who are companies will have to nominate a person as proxy so that they can participate in the meeting. This is done using a form sent out with the notice of meeting. The completed proxy form must be provided to the voluntary administrator before the meeting.

An electronic form of proxy may be used if the liquidator allows electronic lodgement, provided there is a way to authenticate the appointment of the proxy (e.g. by scanning and emailing a signature or using a digital signature).

You can specify on the proxy form how the proxy is to vote on a particular resolution and the proxy must vote in accordance with that instruction. This is called a 'special proxy'. Alternatively, you can leave it to the proxy to decide how to vote on each of the resolutions put before the meeting. This is called a 'general proxy'.

You can appoint the chairperson to represent you either through a special or general proxy. The voluntary administrator or one of their partners or employees must not use a general proxy to vote in favour of a resolution approving payment of the voluntary administrator's fees.

## Manner of voting

A vote on any resolution put to a creditors' meeting may be taken by creditors stating aloud their agreement or disagreement, or by a more formal voting procedure called a 'poll'.

If voting is by verbally signalling agreement, the resolution is passed if a majority of those present indicate agreement. It is up to the chairperson to decide if this majority has been reached.

After the vote, the chairperson must tell those present whether the resolution has been passed or lost. If the chairperson is unable to determine the outcome of a resolution on verbal agreement, they may decide to conduct a poll.

Alternatively, a poll can be demanded by the person presiding at the meeting or by a person participating and entitled to vote at the meeting. If a poll is demanded, it must be taken immediately.

The chairperson will determine how this poll is taken.

If you intend to demand that a poll be taken, you must do so before, or as soon as, the chairperson has declared the result of a vote taken by voices.

When a poll is conducted, a resolution is passed if both:

- more than half the number of creditors who are voting (in person or by proxy) vote in favour of the resolution
- those creditors who are owed more than half of the total debt owed to creditors at the meeting vote in favour of the resolution.

This is referred to as a 'majority in number and value'. If a majority in both number and value is not reached under a poll (often referred to as a deadlock), the chairperson has a casting vote.

### Chairperson's casting vote

When a poll is taken and there is a deadlock, the chairperson may use their casting vote (except for resolutions to approve their remuneration) either in favour of or against the resolution. Where the resolution relates to their removal as voluntary administrator, the chairperson may only exercise the casting vote in favour of their removal. The chairperson may also decide not to use their casting vote, in which case the deadlocked resolution is not passed.

The chairperson must inform the meeting, and include in the written minutes of meeting that are lodged with ASIC, of the reasons why they exercised their casting vote in a particular way or why they chose not to use their casting vote.

If you are dissatisfied with how the chairperson exercised their casting vote or failed to use their casting vote, you may, in specified circumstances, apply to the court for a review of the chairperson's decision. The court may vary or set aside the resolution or order that the resolution is taken to have been passed.

### Votes of related creditors

If directors and shareholders, their spouses and relatives and other entities controlled by them are creditors of the company, they are entitled to attend and vote at creditors' meetings, including the meeting to decide the company's future.

If a resolution is passed or defeated based on the votes of these related creditors and you are dissatisfied with the outcome, you may, in specified circumstances, apply to the court for the resolution to be set aside and/or for a fresh resolution to be voted on without related creditors being entitled to vote. Certain criteria must be met before the court will make such an order (e.g. the original result of the vote being against the interests of all or a class of creditors).

### Deciding how to vote at the second meeting

How you vote at the meeting on the three possible options, including any competing proposals for a deed of company arrangement, is a commercial decision based on your assessment of the company and its future prospects, and your personal circumstances. The information provided by the voluntary administrator, including opinions expressed, will assist you. However, you are not obliged to accept the administrator's recommendation.

If you do not consider that you have been given enough information to decide how to vote, and particularly whether to vote for any deed proposal, you can ask for a resolution to be put to creditors that the meeting be adjourned (up to a maximum of 45 business days in total) and for the administrator to provide more information. You must make this request before a vote on the company's future. This resolution must be passed for the adjournment to take place.

Creditors also have the right, when a deed of company arrangement is proposed and considered at the meeting, to negotiate specific requirements into the terms of the deed – including, for example, how the deed administrator is to report to them on the progress of the deed.

Any request to vary the deed proposal to include such requirements should be made before the deed proposal is voted on.

## Minutes of meeting

The chairperson must prepare minutes of each meeting and a record of those who were present at each meeting.

The minutes must be lodged with ASIC within 10 business days of the meeting. A copy of the minutes of meeting may be obtained by searching the [ASIC registers](#) and paying the relevant fee.

## Company returned to directors

If the company is returned to the directors, they will be responsible for ensuring that the company pays its outstanding debts as they fall due. It is only in very rare circumstances that creditors will resolve to return the company to the control of its directors.

## Liquidation

If creditors resolve that the company go into liquidation, the voluntary administrator becomes the liquidator unless creditors vote at the second meeting to appoint a different liquidator of their choice. The liquidation proceeds as a creditors' voluntary liquidation with any payments of dividends to creditors made in the order set out in the *Corporations Act 2001* (Corporations Act). To find out more, see [Information Sheet 45 Liquidation: A guide for creditors](#) (INFO 45).

## Deed of company arrangement

If creditors vote for a proposal that the company enter a deed of company arrangement, the company must sign the deed within 15 business days of the creditors' meeting, unless the court allows a longer time. If this doesn't happen, the company will automatically go into liquidation, with the voluntary administrator becoming the liquidator.

The deed of company arrangement binds all unsecured creditors, even if they voted against the proposal. It also binds owners of property, those who lease property to the company and secured creditors, if they voted in favour of the deed. In certain circumstances, the court can also order that these people are bound by the deed even if they didn't vote for it. The deed of company arrangement does not prevent a creditor who holds a personal guarantee from the company's director or another person taking action under the personal guarantee to be repaid their debt.

## Contents of the deed

Whatever the nature of the deed of company arrangement, it must contain certain information, including:

- the name of the deed administrator
- the property that will be used to pay creditors
- the debts covered by the deed and the extent to which those debts are released
- the order in which the available funds will be paid to creditors (the deed of company arrangement must ensure that employees have a priority in payment of outstanding employee entitlements unless the eligible employees agree by a majority in both number and value to vary this priority)
- the nature and duration of any suspension of rights against the company
- the conditions (if any) for the deed to come into operation
- the conditions (if any) for the deed to continue in operation
- the circumstances in which the deed terminates.

There are also certain terms that will be automatically included in the deed, unless the deed says they will not apply. These are called the 'prescribed provisions'. They include such matters as the powers of the deed administrator, termination of the deed and the appointment of a committee of creditors (called a 'committee of inspection').

The voluntary administrator's report should tell you which prescribed provisions are proposed to be excluded or varied, and, if varied, how.

## Monitoring the deed

It is the role of the deed administrator to ensure the company (or others who have made commitments under the deed) carries through these commitments. The extent of the deed administrator's ongoing role will be set out in the deed.

Creditors can also play a role in monitoring the deed. If you are concerned that the obligations of the company (or others) under the deed are not being met, you should take this up promptly with the deed administrator. Matters that may give rise for concern include deadlines for payments or other actions promised under the deed being missed.

Creditors also have the right when a deed of company arrangement is proposed and considered at the second meeting to negotiate consequences of failure to meet such deadlines into the terms of the deed. Any request to vary the deed proposal to include such consequences should be made before the deed proposal is voted on.

A director must notify the deed administrator if they become aware that there has been, or is likely to be, a material contravention of the deed. In addition, the deed administrator must give notice to creditors as soon as practicable after becoming aware of the material contravention or if there is likely to be a material contravention of the deed.

A deed administrator must lodge with ASIC a detailed list of their receipts and payments (known as the annual administration return) annually on the anniversary of their appointment and at the end of their administration. A copy of the receipts and payments may be obtained by searching the [ASIC registers](#) and paying the relevant fee.

**Note:** If the deed of company arrangement commenced prior to 1 September 2017, the deed administrator will continue to lodge the six-monthly [Form 524 Presentation of accounts and statement](#) until the six-month period ending on the first anniversary of their appointment date. Thereafter, they will lodge the annual administration return.

## Varying the deed

The deed administrator can call a creditors' meeting at any time to consider a proposed variation to the deed. The proposed resolutions must be set out in the notice of meeting sent to creditors.

The deed administrator must also call a meeting to consider a resolution to vary the deed if:

- the committee of inspection directs it (where there is a committee of inspection)
- creditors pass a resolution requiring the deed administrator call a meeting
- at least 25% in value of creditors direct the deed administrator to do so in writing
- less than 25% but more than 10% in value of creditors direct the deed administrator to do so in writing and they provide security for the cost of holding the meeting.

The deed administrator is not required to comply with a direction by the committee of inspection or creditors to call a meeting if that direction is not reasonable.

If the deed administrator considers the direction is not reasonable, they must notify the person or body that gave the direction and set out the reasons why it is not reasonable. In this circumstance, the deed administrator may still convene a meeting to consider varying the deed if the person or body who gave the direction agree to pay the costs of calling and holding the meeting.

## Payment of dividends under a deed

The order in which creditor claims are paid depends on the terms of the deed. Sometimes the deed proposal is for creditor claims to be paid in the same priority as in a liquidation. Other times, a different priority is proposed.

The deed must ensure employee entitlements are paid in priority to other unsecured creditors unless eligible employees have agreed to vary their priority.

Before you decide how to vote at the creditors' meeting, make sure you understand how the deed will affect the priority of payment of your debt or claim.

You may wish to seek independent legal advice if the deed proposes a different priority to that in a liquidation, or if creditors approve such a deed.

## Establishing your claim under a deed

How debts or claims are dealt with under a deed of company arrangement depends on the deed's terms. Sometimes the deed incorporates the Corporations Act provisions for dealing with debts or claims in a liquidation.

Before any dividend is paid to you for your debt or claim, you will need to give the deed administrator sufficient information to prove your debt. You may be required to complete a claim form (this is called a 'proof of debt' in a liquidation). You should attach copies of any relevant invoices or other supporting documents to the claim form, as your debt or claim may be rejected if there is insufficient evidence to support it.

If a creditor is a company, the claim form should be signed by a person authorised by the company to do so.

When submitting a claim, you may ask the deed administrator to acknowledge receipt of your claim and advise if any further information is needed.

If the deed administrator rejects your claim after you have taken the above steps, first contact the deed administrator. You may also wish to seek your own legal advice. This should be done promptly. Depending on the terms of the deed, you may have a limited time in which to take legal action to challenge the decision.

If you have a query about the timing of the payment, discuss this with the deed administrator.

## How a deed comes to an end

A deed may come to an end because the obligations under the deed have all been fulfilled and the creditors have been paid. Alternatively, the deed may set out certain conditions where the deed will automatically terminate.

The deed may also provide that the company will go into liquidation if the deed terminates due to these conditions being met.

Another way for the deed to end is if the deed administrator calls a meeting of creditors (either on their own initiative or at the direction of creditors or the committee of inspection if one has been formed), and creditors vote to end the deed. This may occur because there has been a breach of the deed or it appears unlikely that the terms of the deed can be fulfilled.

At the same time, creditors may be asked to vote to put the company into liquidation.

The deed may also be terminated if a creditor, the company, ASIC or any other interested person applies to the court and the court is satisfied that:

- creditors were provided false and misleading information on which the decision to accept the deed proposal was made
- the voluntary administrator's report left out information that was material to the decision to accept the deed proposal
- the deed cannot proceed without undue delay or injustice
- the deed is unfair or discriminatory to the interests of one or more creditors or against the interests of creditors as a whole.

If the court terminates the deed as a result of such an application, the company automatically goes into liquidation.

## Approval of administrator's fees

Both a voluntary administrator and deed administrator are entitled to be paid for the work they perform. Generally, their fees will be paid from available assets, before any payments are made to creditors. They may have also arranged for a third party to pay any shortfall in their fees if there aren't enough assets.

The fees cannot be paid until the amount has been approved by creditors, a committee of inspection or the court. Creditors, the voluntary administrator/deed administrator or ASIC can ask the court to review the amount of fees

approved. Alternatively, the voluntary administrator or deed administrator may put a proposal to creditors to approve their fees without holding a meeting.

If you are asked to approve fees, either at a general meeting of creditors or at a meeting of a committee of inspection, the voluntary administrator or deed administrator must give you, at the same time as the notice of the meeting, a report that contains sufficient information for you to assess whether the fees claimed are reasonable. This report should be in simple language and set out:

- a summary description of the major tasks performed or likely to be performed
- the costs of completing those tasks and how those costs were calculated
- the periods when funds will be drawn to pay the fees
- the estimated total amount, or range of amounts, of total fees
- an explanation of the likely impact the fees will have on any dividends to creditors
- such other information that will assist in assessing the reasonableness of the fees claimed.

If you are in any doubt about how the fees were calculated, ask for more information.

Apart from fees, the voluntary administrator and deed administrator are entitled to reimbursement for out-of-pocket expenses that have arisen in carrying out their administration. This reimbursement may require creditor, committee of inspection or court approval.

For further information, see [Information Sheet 85 Approving fees: A guide for creditors](#) (INFO 85).

## Proposals to creditors without a meeting

Instead of convening a creditors' meeting, the voluntary administrator or deed administrator can put proposals to creditors by giving notice in writing.

This notice must be given to each creditor who would be entitled to receive notice of a meeting and:

- include a statement of the reasons for the proposal and the likely impact the proposal will have on creditors
- invite the creditor to either:
  - vote 'yes' or 'no' for the proposal
  - object to the proposal being resolved without a meeting
- specify a reasonable time for creditors' replies to be received by the administrator.

To vote on the proposal, a creditor must lodge details of their debt or claim with the administrator and complete the voting documents provided by the administrator.

Creditors can vote 'yes' or 'no' on the proposal and/or object to the proposal being resolved without a creditors' meeting. You should return your response to the administrator within the time specified in the notice, which must be at least 15 business days after the notice is given to creditors.

A resolution is passed if the majority of creditors in number and value who responded to the notice voted 'yes' and if not more than 25% in value of the creditors who responded objected to the proposal being resolved without a creditors' meeting.

The administrator should provide creditors enough information to allow them to make an informed decision about the proposal. A creditor should contact the administrator to obtain further information if they think it necessary for them to make a decision.

The administrator must lodge with ASIC a statement about the outcome of the proposal. A copy of the outcome of the proposal may be obtained by searching the [ASIC registers](#) and paying the relevant fee.

## Committee of inspection

A committee of inspection may be formed to assist and advise the voluntary administrator or deed administrator. The committee of inspection also monitors the conduct of the voluntary administrator or deed administrator, may approve

certain steps in the voluntary administration or deed administration and may give directions to the voluntary administrator or deed administrator. The voluntary administrator or deed administrator must have regard to, but is not always required to comply with, such directions.

In a voluntary administration, the committee may be formed at the first creditors' meeting.

All creditors are entitled to stand for committee membership. Members appointed to the committee of inspection represent the interests of all creditors.

If a creditor is a company, the creditor can nominate, in writing, an individual to represent it on the committee.

A person can be appointed as a member of the committee of inspection:

- by resolution of creditors
- by a creditor or group of creditors owed at least 10% of the value of creditors' claims
- by an employee or group of employees owed at least 50% in value of outstanding employee entitlements.

A member of the committee of inspection must not directly or indirectly derive any profit or advantage from the external administration of the company.

A committee of inspection has various powers and functions, including to:

- approve the remuneration of the voluntary administrator or deed administrator
- direct the voluntary administrator or deed administrator to convene a meeting of creditors
- request the voluntary administrator or deed administrator to give information, provide a report or produce a document
- obtain specialist advice or assistance (with the prior approval of the voluntary administrator, deed administrator or the court) that the committee considers desirable relating to the conduct of the voluntary administration or the deed administration.

The external administrator or deed administrator is not required to comply with a direction to convene a meeting or give information if that request is not reasonable.

A committee of inspection can determine its own procedures and exercises its powers through resolutions passed at meetings of the committee. A resolution is passed by a majority in number of its members present at a meeting. The committee of inspection can only act if a majority of its members attend.

Minutes of meetings of the committee of inspection must be prepared and lodged with ASIC.

ASIC is entitled to attend a meeting of the committee of inspection.

## Directors and voluntary administration

Directors cannot use their powers while the company is in voluntary administration. They must help the voluntary administrator, including providing the company's books and records, and a report about the company's business, property, affairs and financial circumstances, as well as any further information about these that the voluntary administrator reasonably requires.

If the company goes from voluntary administration into a deed of company arrangement, the directors' powers depend on the deed's terms. When the deed is completed, the directors regain full control, unless the deed provides for the company to go into liquidation on completion.

If the company goes from voluntary administration or a deed of company arrangement into liquidation, the directors cannot use their powers. If creditors resolve that the voluntary administration should end, control of the company goes back to the directors.

## Other creditor rights

### Request for information

Creditors can, by resolution passed at a meeting of creditors or individually, request the voluntary administrator or deed administrator to give information, provide a report or produce a document.

The voluntary administrator or deed administrator must comply with this request if:

- the information, report or document is relevant to the administration
- the voluntary administrator or deed administrator would not breach their duty if they comply with the request
- the request is reasonable.

If the voluntary administrator or deed administrator, acting in good faith, believes it is not reasonable to comply with the request they must notify the requesting party and set out their reason for believing the request is not reasonable.

The voluntary administrator or deed administrator may consider the request not reasonable if, for example, complying with the request would substantially prejudice the interests of one or more creditors, the information would otherwise be privileged from production in legal proceedings or if the administration does not have sufficient funds to pay the cost of complying with the request.

If there are insufficient funds, the voluntary administrator or deed administrator may decide to comply with the request if the requesting party agrees to pay the cost of providing the information.

## Appoint a reviewing liquidator

Creditors can resolve to appoint a reviewing liquidator to carry out a review into fees and/or costs incurred by the voluntary administrator or deed administrator. In addition, one or more creditors with the agreement of the voluntary administrator or deed administrator may appoint a reviewing liquidator.

**Note:** A creditor can also apply to ASIC in the approved form for it to appoint a reviewing liquidator (see Form 5605 *Application for ASIC to appoint a reviewing liquidator*).

This review is limited to:

- remuneration approved within the six months before the reviewing liquidator is appointed
- costs or expenses incurred during the 12-month period before the reviewing liquidator is appointed (unless the voluntary administrator or deed administrator agrees to a longer period).

The reviewing liquidator must be a registered liquidator. A creditor who wishes to appoint a reviewing liquidator must approach a registered liquidator to get a written consent from that person that they would be prepared to act as reviewing liquidator. The person must also make a written declaration about any relationships they or their firm may have that might affect their independence to act as reviewing liquidator.

The voluntary administrator or deed administrator, and their staff, must cooperate with the reviewing liquidator.

If creditors pass a resolution to appoint a reviewing liquidator, the reviewing liquidator's costs form part of the expenses of the external administration of the company. If one or more creditors appoint the reviewing liquidator with the consent of the voluntary administrator or deed administrator without passing a resolution, the reviewing liquidator's costs are borne by the creditor(s) appointing the reviewing liquidator.

## Queries and complaints

You should first raise any queries or complaints with the voluntary administrator or deed administrator. If this fails to resolve your concerns, including any concerns about their conduct, you can lodge a report of misconduct with ASIC – see [How to complain](#).

Lodging your report of misconduct online ensures the quickest response from ASIC to your concerns.

ASIC usually does not become involved in matters of a voluntary administrator's or deed administrator's commercial judgement.

Reports of misconduct against companies and their officers can also be made to ASIC.

If you cannot report misconduct to ASIC online, you can contact us on 1300 300 630.

Annexure F – ARITA Information Sheet – Creditor Rights in Voluntary Administration

## Creditor Rights in Voluntary Administrations

As a creditor, you have rights to request meetings and information or take certain actions:

### Right to request information

Information is communicated to creditors in a voluntary administration through reports and meetings.

In a voluntary administration, two meetings of creditors are automatically held. You should expect to receive reports and notice of these meetings:

- The first meeting is held within 8 business days of the voluntary administrator's appointment. A notice of meeting and other information for this meeting will be issued to all known creditors.
- The second, or decision, meeting is usually held within 6 weeks of the appointment, unless an extension is granted. At this meeting, creditors will get to make a decision about the company's future. Prior to this meeting the voluntary administrator will provide creditors with a notice of the meeting and a detailed report to assist in making your decision.

Important information will be communicated to creditors prior to and during these meetings. Creditors are unable to request additional meetings in a voluntary administration.

Creditors have the right to request information at any time. A voluntary administrator must provide a creditor with the requested information if their request is 'reasonable', the information is relevant to the voluntary administration, and the provision of the information would not cause the voluntary administrator to breach their duties.

A voluntary administrator must provide this information to a creditor within 5 business days of receiving the request, unless a longer period is agreed. If, due to the nature of the information requested, the voluntary administrator requires more time to comply with the request, they can extend the period by notifying the creditor in writing.

### Requests must be reasonable.

#### They are not reasonable if:

- (a) complying with the request would prejudice the interests of one or more creditors or a third party
- (b) the information requested would be privileged from production in legal proceedings
- (c) disclosure would found an action for breach of confidence
- (d) there is not sufficient available property to comply with the request
- (e) the information has already been provided
- (f) the information is required to be provided under law within 20 business days of the request
- (g) the request is vexatious

If a request is not reasonable due to (d), (e) or (f) above, the voluntary administrator must comply if the creditor meets the cost of complying with the request.

Otherwise, a voluntary administrator must inform a creditor if their information request is not reasonable and the reason why.

### Right to give directions to voluntary administrator

Creditors, by resolution, may give a voluntary administrator directions in relation to a voluntary administration. A voluntary administrator must have regard to these directions, but they are not required to comply with the directions.

If a voluntary administrator chooses not to comply with a direction given by a resolution of the creditors, they must document their reasons for not complying.

An individual creditor cannot provide a direction to a voluntary administrator.

### Right to appoint a reviewing liquidator

Creditors, by resolution, may appoint a reviewing liquidator to review a voluntary administrator's remuneration or a cost or expense incurred in a voluntary administration. The review is limited to:

- remuneration approved within the six months prior to the appointment of the reviewing liquidator, and
- expenses incurred in the 12 months prior to the appointment of the reviewing liquidator.

The cost of the reviewing liquidator is paid from the assets of the voluntary administration, in priority to creditor claims.

An individual creditor can appoint a reviewing liquidator with the voluntary administrator's consent, however the cost of this reviewing liquidator must be met personally by the creditor making the appointment.

### Right to replace voluntary administrator

At the first meeting, creditors have the right to remove a voluntary administrator and appoint another registered liquidator to act as voluntary administrator.

A creditor must ensure that they have a consent from another registered liquidator prior to the first meeting if they wish to seek the removal and replacement of a voluntary administrator.

Creditors also have the opportunity to replace a voluntary administrator at the second meeting of creditors:

- If creditors vote to accept a proposed deed of company arrangement, they can appoint a different registered liquidator as the deed administrator.
- If creditors vote to place the company into liquidation, they can appoint a different registered liquidator as the liquidator.

It is however usual for the voluntary administrator to act as deed administrator or liquidator. It would be expected that additional costs would be incurred by an alternate deed administrator or liquidator to gain the level of knowledge of the voluntary administrator.

Like with the first meeting, a creditor must ensure that they have a consent from another registered liquidator prior to the second meeting if they wish to seek to appoint an alternative registered liquidator as deed administrator or liquidator.

**For more information, go to [www.arita.com.au/creditors](http://www.arita.com.au/creditors).  
Specific queries about the voluntary administration should be directed to the voluntary administrator's office.**

Annexure G – ARITA Information Sheet – Committees of Inspection

## Information Sheet: Committees of Inspection

You have been elected to be, or are considering standing for the role of, a member of a Committee of Inspection (COI) in either a liquidation, voluntary administration or deed of company arrangement of a company (collectively referred to as an external administration).

This information sheet is to assist you with understanding your rights and responsibilities as a member of a COI.

### What is a COI?

A COI is a small group of creditors elected to represent the interests of creditors in the external administration. The COI advises and assists the external administrator and also has the power to approve and request certain things – this is discussed in more detail below.

Membership of the COI is a voluntary, unpaid position.

### Who can be elected to a COI?

To be eligible to be appointed as a member of a COI, a person must be:

- A creditor
- A person holding the power of attorney of a creditor
- A person authorised in writing by a creditor; or
- A representative of the Commonwealth where a claim for financial assistance has, or is likely to be, made in relation to unpaid employee entitlements.

If a member of the COI is a company, it can be represented by an individual authorised in writing to act on that creditor's behalf. It also allows the creditor to maintain its representation if a change in the individual is required

A COI usually has between 5 and 7 members, though it can have more, or less, depending on the size of the external administration.

A member of a COI can be appointed by:

- resolution at a meeting of creditors
- an employee or a group of employees owed at least 50% of the entitlements owed to employees of the company
- a large creditor or group of creditors that are owed at least 10% of the value of the creditors' claims,

If an employee or group of employees, or a large creditor or group of creditors, appoints a member to the COI, they cannot vote on the general resolution of creditors to appoint members to the COI. Each of these groups also have the power to remove their appointed member of the COI and appoint someone else.

If you are absent from 5 consecutive meetings of the COI without leave of the COI or you become an insolvent under administration, you are removed from the COI.

## What are the roles and powers of a COI?

A COI has the following roles:

- to advise and assist the liquidator, voluntary administrator or deed administrator (collectively referred to as the external administrator)
- to give directions to the external administrator
- to monitor the conduct of the external administration.

In respect of directions, the external administrator is only required to have regard to those directions. If there is a conflict between the directions of the COI and the creditors, the directions of the creditors prevail. If the external administrator chooses not to comply with the directions of the COI, the external administrator must document why.

A COI also has the power to:

- approve remuneration of the external administrator after the external administrator has provided the COI with a Remuneration Approval Report (a detailed report setting out the remuneration for undertaking the external administration)
- approve the use of some of the external administrator's powers in a liquidation (compromise of debts over \$100,000 and entering into contracts over 3 months)
- require the external administrator to convene a meeting of the company's creditors
- request information from the external administrator
- approve the destruction of the books and records of the external administration on the conclusion of the external administration
- with the approval of the external administrator, obtain specialist advice or assistance in relation to the conduct of the external administration
- apply to the Court for the Court to enquire into the external administration.

An external administrator is not required to convene a meeting of creditors if the request by the COI is unreasonable, or provide requested information if the request is unreasonable, not relevant to the administration or would cause the external administrator to breach their duties.

A request to convene a meeting of creditors is unreasonable if:

- it would substantially prejudice the interests of a creditor or third party
- there are insufficient funds in the external administration to cover the cost of the request
- a meeting of creditors dealing with the same matters has already been held or will be held within 15 business days, or
- the request is vexatious.

If a request for a meeting is reasonable, the external administrator must hold a meeting of creditors as soon as reasonably practicable.

A request for information is unreasonable if:

- it would substantially prejudice the interests of a creditor or third party
- the information would be subject to legal professional privilege
- disclosure of the information would be a breach of confidence
- there are insufficient funds in the external administration to cover the cost of the request
- the information has already been provided or is required to be provided within 20 business days, or
- the request is vexatious.

If the request for information is not unreasonable, the external administrator must provide the requested information within 5 business days, but the law provides for further time in certain circumstances.

An external administrator must inform the COI if their meeting or information request is not reasonable and the reason why.

### How does the COI exercise its powers?

A COI exercises its powers by passing resolutions at meetings of the COI. To pass a resolution, a meeting must be convened and a majority of the members of the COI must be in attendance.

A meeting is convened by the external administrator by giving notice of the meeting to the members of the COI. Meetings of the COI can be convened at short notice.

The external administrator must keep minutes of the meeting and lodge them with ASIC within one month of the end of the meeting.

ASIC is entitled to attend any meeting of a COI.

### What restrictions are there on COI members?

A member of a COI must not directly or indirectly derive any profit or advantage from the external administration. This includes by purchasing assets of the company or by entering into a transaction with the company or a creditor of the company. This prohibition extends to related entities of the member of the COI and a large creditor(s) that appoints a member to the COI.

Creditors, by resolution at a meeting of creditors, can resolve to allow the transaction. The member of the COI or the large creditor(s) that appoints a member to the COI is not allowed to vote on the resolution.

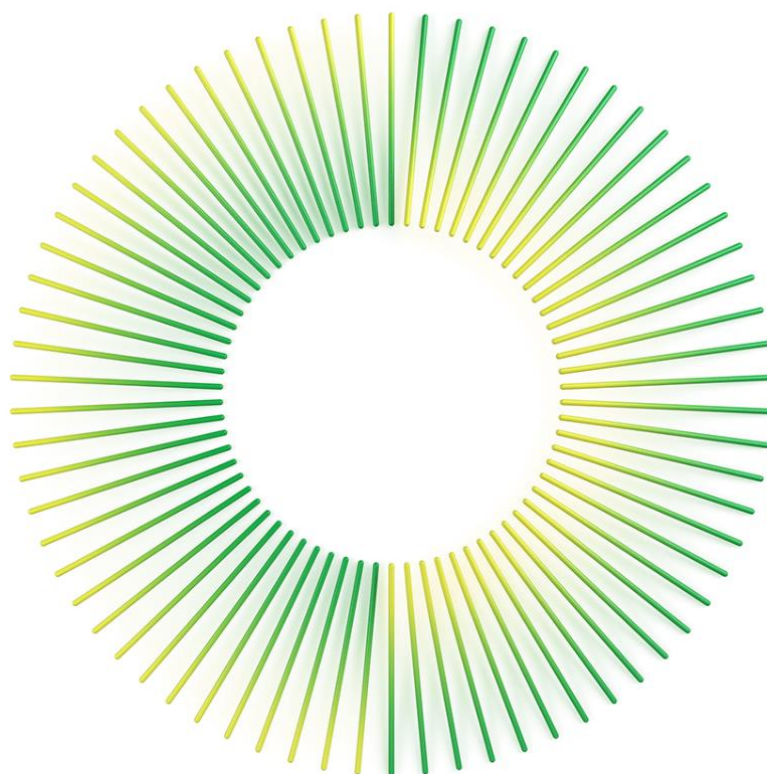

### Where can you get more information?

The Australian Restructuring Insolvency and Turnaround Association (ARITA) provides information to assist creditors with understanding external administrations and insolvency.

This information is available from ARITA's website at [www.arita.com.au/creditors](http://www.arita.com.au/creditors).

ASIC provides information sheets on a range of insolvency topics. These information sheets can be accessed on ASIC's website at [www.asic.gov.au](http://www.asic.gov.au) (search "insolvency information sheets").

# i Overview

The Administrators of the Group will be using Deloitte’s Halo platform as the primary tool for communicating with creditors and managing claims (known as proofs of debt). Halo will also be used to conduct voting on any resolutions for the meetings of creditors.

The Administrators have prepared this guide to assist you as a creditor or potential creditor to understand the steps that must occur to ensure you are appropriately registered and have lodged your claim in Halo. The next three pages set out an overview of these steps. Refer to the later sections of this guide for further details of the specific actions, screens in Halo and FAQs for each of these steps.

## 1 Register in Halo

You’ll need an email address and basic contact information to register at this page:

<https://aurestructuring.deloitte-halo.com/clough/>

## 2 Add a claim

*All images are indicative, actual Halo screens may look slightly different*

Adding a claim in Halo requires basic details of your claim, including:

- the company that owes you money;
- the claim type (e.g. financier, employee, subcontractor, trade supplier); and
- a description of the amount you are owed.

You can also upload additional documentation to support your claim for consideration by the Administrators (e.g. copy of invoice).

**Please only lodge one claim, for the total amount that you are owed i.e. do not enter multiple claims for each invoice.**

# 1 Register in Halo

Halo is the platform used to manage claims (proofs of debt) during the External Administration.

You will need to register in Halo to:

- (1) submit claims and supporting documentation or modify previous claims submitted, and
- (2) provide, verify or update contact information provided to the Administrators.

## How to register in Halo

- ✓ Click [here](#) which will direct you to access the 'My Account' page.
- ✓ Enter your chosen email address and authorise your consent to electronic communication (terms and conditions).
- ✓ Once the terms and conditions box is ticked, select '**Register**'. Be sure not to close the Halo webpage at this stage.

## FAQs on registering in Halo

### What is Halo?

Deloitte's Halo platform is the primary tool for communicating with creditors and managing creditors' claims (proofs of debt). Halo will also be used to conduct voting on any resolutions for meetings of creditors.

### Do I need to register? How do I register?

If you are a first-time user, you will need to register in the Halo platform or confirm your email account.

### I didn't receive an One Time Password (OTP) email, where is it?

Please check your spam/junk folder for the OTP email. Additionally, OTP emails can take up to 30 minutes or longer to arrive in your inbox depending on the IT security your organisation has in place. If your OTP doesn't arrive after an hour, please contact the Halo team via message in the Halo platform.

### My OTP isn't working, what do I do?

If you are getting an '**Invalid OTP**' error when entering your OTP, it is likely the OTP is entered incorrectly, or it has expired. Please request a new OTP. If you are getting an '**Invalid email or password**' error, you are entering the OTP in the wrong field. The OTP should be entered in the box which appears after you request the OTP. Please request a new OTP and do not close the webpage as you will need to enter the OTP here.

### I forgot my password, what do I do?

You can reset your password on the '**Sign In**' tab by clicking '**Forgot password**'. You will need to enter the email you registered with. After entering your email and clicking '**Request Password**', do not close the webpage. A field should appear which says, '**Enter the one-time password you've received**'. Do not enter the OTP in the regular '**Sign in**' tab as you will receive the error message '**Invalid email or password**'. Enter the OTP you received in this field and click '**Verify Account**'. You will then have the option to change your password.

### How can I change my contact details?

If you have already registered in the Halo platform, sign in via '**My Account**' to change your username or contact number. If you have not registered or signed in to the Halo platform, you can submit a request to change your contact details by emailing the team at [cloughVA@deloitte.com.au](mailto:cloughVA@deloitte.com.au). Our team will get back to you and provide assistance.

### Why was I asked to provide consent to be contacted before registering?

By registering on this website, you authorise the Administrators to send and give notices and documents where such notices and documents may be sent by email, by using the email address provided.

We will contact you regarding your claim via the email address you have provided. Where the voluntary administration has evolved into another form of external administration (such as a voluntary administration becoming a deed of company arrangement or creditors' voluntary liquidation), you authorise the Administrators of the Company whether as voluntary administrator or deed administrator or liquidator of the Company and their employees and agents to send and give notices and documents where such notices and documents may be sent by email to you using the email address provided.

This will help us to efficiently manage the external administration and any other subsequent external administration of the Company where we are appointees. Naturally, we will not send you anything that does not relate to our role as appointees of the Company.

## What will my information be used for?

The information provided in the Halo platform will be used by the Administrators in carrying out their duties in the provisional liquidation of the Company such as management of creditor claims, communications with creditors, assessment of the financial position of the Company or for preparation of statutory reporting as required by law.

You have various rights in relation to your personal information, including the right to seek access to, or to correct, your information (for more information, please see our [Privacy Statement](#)). More information about how we will handle your personal information, how you can lodge a complaint, how you can contact us and how you may access and seek correction of your information are set out in our Privacy Statement at <https://www2.deloitte.com/au/en/legal/privacy.html>.

At no point are you required to provide sensitive personal information (also called 'special category' personal information), such as information about your ethnicity, health and wellbeing or sexuality. If you do choose to include such information in your free-text answers in providing claim information (proof of debt) to the Administrators (i.e. because you think it is relevant to the claim question) this is your consent for Deloitte and the Administrators to collect and process that sensitive personal information. For any other enquiries, you can contact the privacy team at: [privacy@deloitte.com.au](mailto:privacy@deloitte.com.au)

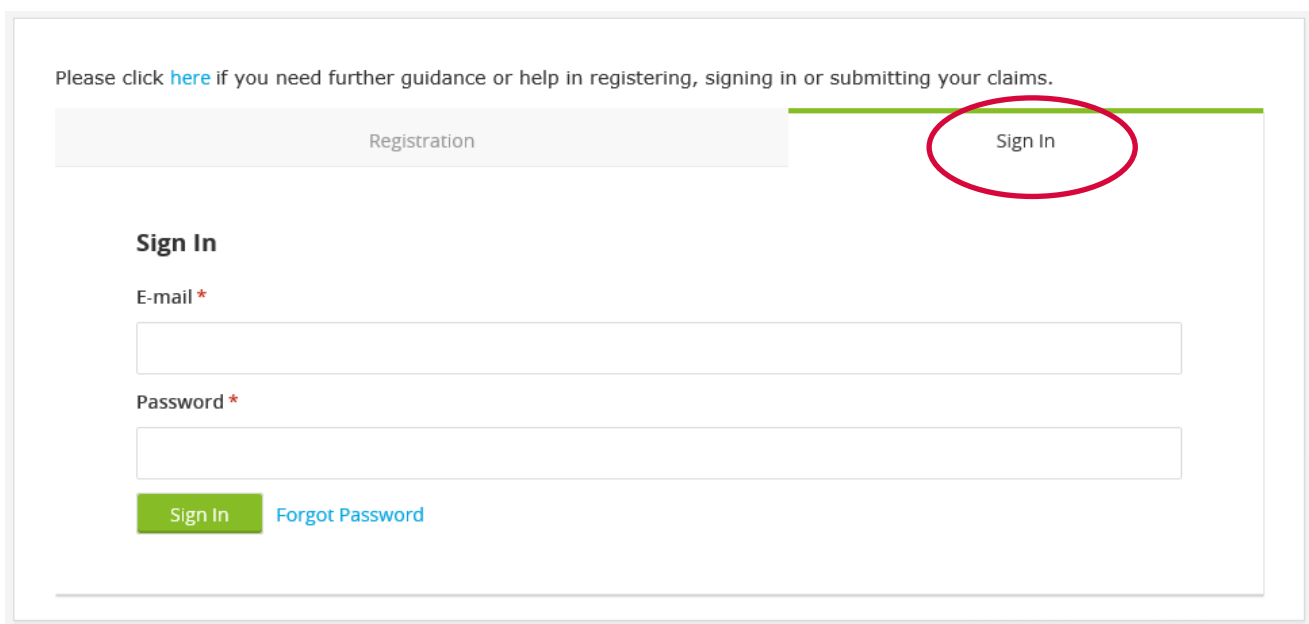

## 2 Add a claim

Once you have verified your account or registered as a new user, you can log in to submit claims (proofs of debt) or modify previous claims provided.

If you have previously submitted a claim it should be displayed on your **'My Claims'** dashboard. If your previously submitted claim is not on your **'My Claims'** dashboard, please contact the Halo Help Team and they will be able to assist.

### To add a claim in Halo

- ✓ Click [here](#) which will direct you to access the **'My Account'** page
- ✓ Click the **'Sign In'** tab and enter your email address and password you registered during the registration process.

Please click [here](#) if you need further guidance or help in registering, signing in or submitting your claims.

- ✓ Your claim will now appear on your **'My Claims'** dashboard. Each claim is assigned with a unique claim identification number (**Claim ID**) which is visible on your 'My Claims' dashboard next to the relevant claim.

## FAQs on adding a claim

### I need to submit multiple claims. How do I enter these claims?

A separate proof of debt (claim) will need to be registered with the Administrators for each claim against a different company. As such, the online '**Add Claim**' submission form will need to be completed for each claim.

Once a creditor's details have been entered, this creditor will be pre-populated in the claim submission form, so the details do not have to be re-entered when entering multiple claims for the same creditor.

For faster entry of multiple claims by the same creditor, you can click '**Save and New**' to skip selecting the creditor and can quickly enter details of the each of the separate claims for that creditor.

### How do I grant others access to my claims?

In the '**My Claims**' dashboard page, select the claims that you would like to grant access to and select the 'Grant Access' button. Provide the email and details of the user that you would like to grant access to and click 'Save'. If the user you are granting access to has not previously accessed the Halo platform, they will need to register a password via one-time pin to access your claim information.

Please note that granting others access to your claims includes giving the invited user the ability to:

- Access claim information and details
- Communicate with the Administrators in relation to the claim via the 'Communications' tab on each claim
- Receive notices related to the claim and to modify, edit or delete the claim
- Add, modify or delete documents attached to the claim
- Add access for other users to the claim
- Nominate a proxy or vote at the creditors' meeting in relation to the claims

### How will I know my claim has been received?

When you have completed the online '**Add Claim**' form in Halo and clicked '**Save**' a '**Claim Saved**' confirmation message will appear. Your submitted claims will then appear when you sign in via [My Account](#). '**My Claims**' dashboard will list your submitted claims.

### I have claims for a number of creditors under my control (e.g. companies in a group). How do I enter these claims?

Details for each creditor will need to be provided in the '**Add Claim**' submission form. Then separate claims will need to be registered for each creditor against the appropriate Group company.

Once a creditor's details have been entered, this creditor will be pre-populated in the claim submission form so the details for that creditor will not have to be re-entered when entering multiple claims for the same creditor.

### How do I submit supporting documentation for my claim(s)?

If you have previously registered via the platform and have registered your claim, please sign in to [My Account](#), select the Claim ID of the claim that you would like to submit documentation for and navigate to the '**Communications**' tab. Attach the relevant files such as statements, invoices or contracts and click '**Submit**' to send these documents to the Administrators.

Once uploaded, a blue document indicator will appear next to this claim in the **'My Claims'** dashboard. The uploaded documents will be accessible on the claim details page for that claim when you select the Claim ID of the claim from the **'My Claims'** dashboard.

Dear Colleagues

We refer to the appointment of Sal Algeri, Jason Tracy, David Orr and Glen Kanevsky of Deloitte as joint and several voluntary administrators of the Clough group of companies (**Administrators**).

We note your client's position as a secured creditor of the Clough group of companies

The Administrators intend to file an application in the Federal Court of Australia seeking orders under s 447A of the Corporations Act 2001 (Cth) and s 90-15 of the Insolvency Practice Schedule (Corporations), seeking, among other things, orders limiting the Administrators' personal liability under s 443A of the Corporations Act.

A draft of the originating process is **attached** for your reference. The Administrators intend to bring the application as soon as possible, and have a provisional hearing of the application on Tuesday 13 December 2022. We would be grateful if you can confirm whether you have any objection to the orders being sought by the Administrators, by no later than 5pm (AWST) on Monday 12 December 2022. We will raise any correspondence received with the Court at the hearing on Tuesday, unless you wish to attend.

Kind regards

Dear Ashley,

We refer to the purchase order issued by Clough Projects Pty Ltd (administrators appointed) dated 9 December 2022.

Further, we refer to the limited recourse language included in the purchase order:

- a. the Administrators will only be liable under section 443A of the Corporations Act 2001 (Cth) on a limited recourse basis, namely limited to the assets of Clough Projects Pty Ltd from which the Administrators are indemnified for their personal liability under section 443D of the Corporations Act 2001 (Cth) and for which the Administrators have a lien over the assets of Clough Projects Pty Ltd under section 443F of the Corporations Act 2001 (Cth);
- b. the Administrators will not have any personal liability arising from entry into this purchase order or the performance of any services in respect of this purchase order in accordance with the terms of this purchase order, except to the extent of the limited recourse described in paragraph (a) above.

Please be advised that the Administrators intend to seek orders in the Federal Court of Australia next week pursuant to s 447A of the Corporations Act 2001 (Cth), in order to give effect to the limited recourse language. We would be grateful if you can confirm your position in respect of these orders, and whether you support, oppose, or take no position in respect of those orders.

We would be grateful for any response by no later than 5:00pm AWST on Monday 12 December 2022.

Kind regards,  
Matt

Dear Ashley

**Re: Murray & Roberts Pty Ltd and certain entities**  
**(All Administrators Appointed)**  
**(MRPL or the Group)**  
**(Trading as Clough)**

Thank-you for your time earlier today.

**1. Appointment of Voluntary Administrators**

As discussed, Sal Algeri, Jason Tracy, Glen Kanevsky and David Orr were appointed Joint and Several Administrators (**Administrators**) of the Group and a number of its subsidiaries on 5 December 2022, pursuant to the provisions of Section 436A of the *Corporations Act 2001 (the Act)*.

The Administrators are undertaking an urgent financial assessment of the Group including an analysis of each active project and have also commenced a sale and/or recapitalisation process.

The Administrators' intention is to cause as little disruption to the business as possible, whilst still meeting their obligations under the law.

## 2. Next scheduled pay run for 8 December 2022

Could you please provide further particulars regarding the scheduled pay run scheduled for 8 December 2022 and funds required for this pay cycle.

## 3. Outstanding invoices

It was mentioned on our call that c.\$108k including GST in outstanding invoices for September – November 2022 remain unpaid. Please provide a copy of the outstanding invoices.

## 4. Estimated service fee for December 2022

Based on historical run rate, it is estimated that Pay Power's service fee for December 2022 would be in the vicinity of \$40k plus GST. Please confirm if this is correct?

## 5. Master Services Agreement (MSA)

Appreciate if a copy of the MSA is provided at your earliest convenience.

My contact details are below. My contact mobile number is: 0431 171 170.

Will provide an update regarding Points 3 and 4 later today.

Should you have any queries in the interim, please contact me.

Thanks for your assistance.

Kind regards

Chris

# i Overview

The Administrators of the Group will be using Deloitte’s Halo platform as the primary tool for communicating with creditors and managing claims (known as proofs of debt). Halo will also be used to conduct voting on any resolutions for the meetings of creditors.

The Administrators have prepared this guide to assist you as a creditor or potential creditor to understand the steps that must occur to ensure you are appropriately registered and have lodged your claim in Halo. The next three pages set out an overview of these steps. Refer to the later sections of this guide for further details of the specific actions, screens in Halo and FAQs for each of these steps.

## 1 Register in Halo

You’ll need an email address and basic contact information to register at this page:

<https://aurestructuring.deloitte-halo.com/clough/>

## 2 Add a claim

*All images are indicative, actual Halo screens may look slightly different*

Adding a claim in Halo requires basic details of your claim, including:

- the company that owes you money;
- the claim type (e.g. financier, employee, subcontractor, trade supplier); and
- a description of the amount you are owed.

You can also upload additional documentation to support your claim for consideration by the Administrators (e.g. copy of invoice).

Please only lodge one claim, for the total amount that you are owed i.e. do not enter multiple claims for each invoice.

# 1 Register in Halo

Halo is the platform used to manage claims (proofs of debt) during the External Administration.

You will need to register in Halo to:

- (1) submit claims and supporting documentation or modify previous claims submitted, and
- (2) provide, verify or update contact information provided to the Administrators.

## How to register in Halo

- ✓ Click [here](#) which will direct you to access the 'My Account' page.
- ✓ Enter your chosen email address and authorise your consent to electronic communication (terms and conditions).
- ✓ Once the terms and conditions box is ticked, select '**Register**'. Be sure not to close the Halo webpage at this stage.

Please click [here](#) if you need further guidance or help in registering, signing in or submitting your claims.

## FAQs on registering in Halo

### What is Halo?

Deloitte's Halo platform is the primary tool for communicating with creditors and managing creditors' claims (proofs of debt). Halo will also be used to conduct voting on any resolutions for meetings of creditors.

### Do I need to register? How do I register?

If you are a first-time user, you will need to register in the Halo platform or confirm your email account.

### I didn't receive an One Time Password (OTP) email, where is it?

Please check your spam/junk folder for the OTP email. Additionally, OTP emails can take up to 30 minutes or longer to arrive in your inbox depending on the IT security your organisation has in place. If your OTP doesn't arrive after an hour, please contact the Halo team via message in the Halo platform.

### My OTP isn't working, what do I do?

If you are getting an '**Invalid OTP**' error when entering your OTP, it is likely the OTP is entered incorrectly, or it has expired. Please request a new OTP. If you are getting an '**Invalid email or password**' error, you are entering the OTP in the wrong field. The OTP should be entered in the box which appears after you request the OTP. Please request a new OTP and do not close the webpage as you will need to enter the OTP here.

### I forgot my password, what do I do?

You can reset your password on the '**Sign In**' tab by clicking '**Forgot password**'. You will need to enter the email you registered with. After entering your email and clicking '**Request Password**', do not close the webpage. A field should appear which says, '**Enter the one-time password you've received**'. Do not enter the OTP in the regular '**Sign in**' tab as you will receive the error message '**Invalid email or password**'. Enter the OTP you received in this field and click '**Verify Account**'. You will then have the option to change your password.

### How can I change my contact details?

If you have already registered in the Halo platform, sign in via '**My Account**' to change your username or contact number. If you have not registered or signed in to the Halo platform, you can submit a request to change your contact details by emailing the team at [cloughVA@deloitte.com.au](mailto:cloughVA@deloitte.com.au). Our team will get back to you and provide assistance.

### Why was I asked to provide consent to be contacted before registering?

By registering on this website, you authorise the Administrators to send and give notices and documents where such notices and documents may be sent by email, by using the email address provided.

We will contact you regarding your claim via the email address you have provided. Where the voluntary administration has evolved into another form of external administration (such as a voluntary administration becoming a deed of company arrangement or creditors' voluntary liquidation), you authorise the Administrators of the Company whether as voluntary administrator or deed administrator or liquidator of the Company and their employees and agents to send and give notices and documents where such notices and documents may be sent by email to you using the email address provided.

This will help us to efficiently manage the external administration and any other subsequent external administration of the Company where we are appointees. Naturally, we will not send you anything that does not relate to our role as appointees of the Company.

## What will my information be used for?

The information provided in the Halo platform will be used by the Administrators in carrying out their duties in the provisional liquidation of the Company such as management of creditor claims, communications with creditors, assessment of the financial position of the Company or for preparation of statutory reporting as required by law.

You have various rights in relation to your personal information, including the right to seek access to, or to correct, your information (for more information, please see our [Privacy Statement](#)). More information about how we will handle your personal information, how you can lodge a complaint, how you can contact us and how you may access and seek correction of your information are set out in our Privacy Statement at <https://www2.deloitte.com/au/en/legal/privacy.html>.

At no point are you required to provide sensitive personal information (also called 'special category' personal information), such as information about your ethnicity, health and wellbeing or sexuality. If you do choose to include such information in your free-text answers in providing claim information (proof of debt) to the Administrators (i.e. because you think it is relevant to the claim question) this is your consent for Deloitte and the Administrators to collect and process that sensitive personal information. For any other enquiries, you can contact the privacy team at: [privacy@deloitte.com.au](mailto:privacy@deloitte.com.au)

## 2 Add a claim

Once you have verified your account or registered as a new user, you can log in to submit claims (proofs of debt) or modify previous claims provided.

If you have previously submitted a claim it should be displayed on your **'My Claims'** dashboard. If your previously submitted claim is not on your **'My Claims'** dashboard, please contact the Halo Help Team and they will be able to assist.

### To add a claim in Halo

- ✓ Click [here](#) which will direct you to access the **'My Account'** page
- ✓ Click the **'Sign In'** tab and enter your email address and password you registered during the registration process.

Please click [here](#) if you need further guidance or help in registering, signing in or submitting your claims.

- ✓ Your claim will now appear on your **'My Claims'** dashboard. Each claim is assigned with a unique claim identification number (**Claim ID**) which is visible on your 'My Claims' dashboard next to the relevant claim.

## FAQs on adding a claim

### I need to submit multiple claims. How do I enter these claims?

A separate proof of debt (claim) will need to be registered with the Administrators for each claim against a different company. As such, the online '**Add Claim**' submission form will need to be completed for each claim.

Once a creditor's details have been entered, this creditor will be pre-populated in the claim submission form, so the details do not have to be re-entered when entering multiple claims for the same creditor.

For faster entry of multiple claims by the same creditor, you can click '**Save and New**' to skip selecting the creditor and can quickly enter details of the each of the separate claims for that creditor.

### How do I grant others access to my claims?

In the '**My Claims**' dashboard page, select the claims that you would like to grant access to and select the 'Grant Access' button. Provide the email and details of the user that you would like to grant access to and click 'Save'. If the user you are granting access to has not previously accessed the Halo platform, they will need to register a password via one-time pin to access your claim information.

Please note that granting others access to your claims includes giving the invited user the ability to:

- Access claim information and details
- Communicate with the Administrators in relation to the claim via the 'Communications' tab on each claim
- Receive notices related to the claim and to modify, edit or delete the claim
- Add, modify or delete documents attached to the claim
- Add access for other users to the claim
- Nominate a proxy or vote at the creditors' meeting in relation to the claims

### How will I know my claim has been received?

When you have completed the online '**Add Claim**' form in Halo and clicked '**Save**' a '**Claim Saved**' confirmation message will appear. Your submitted claims will then appear when you sign in via [My Account](#). '**My Claims**' dashboard will list your submitted claims.

### I have claims for a number of creditors under my control (e.g. companies in a group). How do I enter these claims?

Details for each creditor will need to be provided in the '**Add Claim**' submission form. Then separate claims will need to be registered for each creditor against the appropriate Group company.

Once a creditor's details have been entered, this creditor will be pre-populated in the claim submission form so the details for that creditor will not have to be re-entered when entering multiple claims for the same creditor.

### How do I submit supporting documentation for my claim(s)?

If you have previously registered via the platform and have registered your claim, please sign in to [My Account](#), select the Claim ID of the claim that you would like to submit documentation for and navigate to the '**Communications**' tab. Attach the relevant files such as statements, invoices or contracts and click '**Submit**' to send these documents to the Administrators.

Once uploaded, a blue document indicator will appear next to this claim in the **'My Claims'** dashboard. The uploaded documents will be accessible on the claim details page for that claim when you select the Claim ID of the claim from the **'My Claims'** dashboard.
