

From aspiration to achievement

Inspiring stories from the NGO, Bright Future

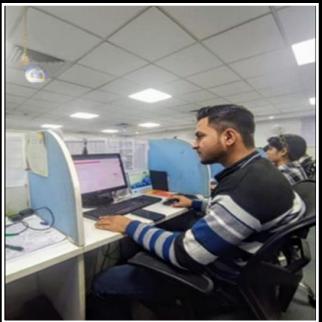

"I never thought I could..."

When Priya walked into her first training session, she barely spoke above a whisper. Unsure of herself and her future, she hesitated to dream big. Today, she stands tall, thriving as a sales professional, proving that confidence and opportunity can transform lives.

What gave her the courage to rise above challenges and reach this **“Bulandi”** (or elevation in Hindi)?

Priya is just one of many young individuals whose lives have been reshaped through the NGO Bright Future's **“Bulandi programme”**.

Meet Sakib

From uncertainty to self-reliance – unsure of his path and weighed down by financial struggles, he is now excelling as a customer service executive and working towards a brighter future while continuing his education.

Meet Khushi

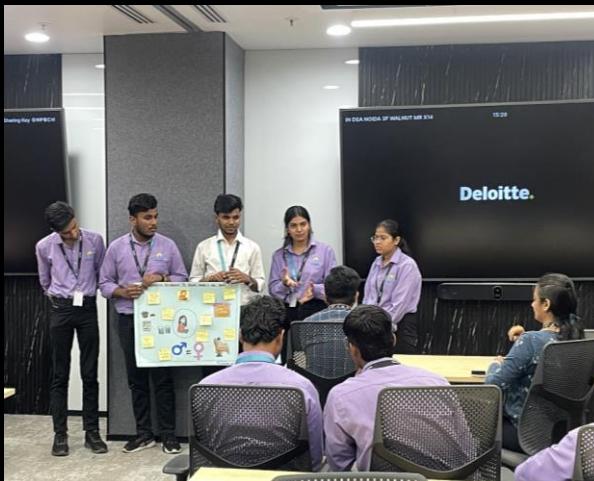

From shy and unsure to bold and successful – she once **hesitated to speak**, afraid to step out of her comfort zone. Now **thriving as a sales executive**, she's an **inspiration to young women** everywhere.

Meet Nitin

Having **grown up with hardships**, he thought stability was out of reach. Now **working as a retail sales officer**, he's **supporting his family** and proving that **no dream is too big when given the right opportunities**.

These stories are just a few of the many that showcase that the journey of **transformation begins when the right mentorship, training, guidance, and opportunities meet determined individuals**. Our people are also doing their bit to directly provide guidance to some of the students – we have **invited them into our offices** for multiple exposure visits as well as **conducted various sessions** for them in communities.

This is just the beginning. Together, we are turning potential into reality – one story at a time.
