

What's ConnectSafe™ Lab

ConnectSafe™ is Deloitte's first cutting-edge facility in India, bringing together world class cybersecurity expertise, connected device ecosystems, and immersive simulation environments to help organisations confidently secure the next generation of connected systems.

Mission: To co-ideate, co-create, co-innovate, and co-partner with stakeholders to deliver scalable, secure, resilient, and future-proof cybersecurity solutions.

Vision: To enable organisations to push the boundaries of digital twins, autonomous systems, AI innovation, and quantum breakthroughs, with the confidence that every step into the future is secure and resilient.

Real-world security

Experience how your systems perform under real conditions.

Safe and controlled testing

Simulate threats without disrupting live operations.

Actionable risk insights

See risks clearly and understand what they mean for your business.

Accelerated secure innovation

Build and refine secure by design solutions faster.

Why now, why Deloitte

We're here to shape what comes next – simulating threats, engineering solutions, and setting the future direction of cyber, from micro-level vulnerabilities to macro-scale risks.

CONNECTSAFE™ LAB

Secure by design.
Trusted for tomorrow.

March 2026

What the Lab offers

As connected systems evolve, organisations need specialised environments to test and secure technologies that span industries. The ConnectSafe™ Lab brings together dedicated zones designed for hands on assessment, simulation, and capability development.

Not just a demo centre - a build, break, test, and transform facility that helps organisations advance toward a safe, secure, and resilient connected future.

Automotive zone

- ECU and telematics security testing
- OTA/FOTA validation
- EV-charging interface assessment
- Real-time vehicle attack simulations

Industrial zone

- Live PLC/SCADA environment simulations
- OT vulnerability mapping
- Industrial protocol validation
- Zero Trust-aligned segmentation testing

MedTech zone

- Wireless, RF, and Bluetooth security testing
- End-to-end device-to-cloud data-flow assessment
- Clinical-grade environment simulations
- Medical device communication and interoperability checks

Consumer zone

- Firmware and hardware security testing
- Cloud/API assessment
- Ecosystem-level threat modelling
- Evaluation of connected consumer devices

The Deloitte impact

**Ideate
Innovate
Demonstrate**

The ConnectSafe™ Lab enables organisations to visualise how cyber-attacks unfold and co-create use cases to detect and prevent emerging threats. Its experience zones bring to life real-world scenarios, threat impacts, and security controls across connected vehicles and next generation mobility systems - including drones, AGVs, and SDVs.

Built within a 4,500 sq. ft., multi zone environment equipped with connected devices, vehicles, medical equipment, and consumer platforms, the Lab provides a future-ready foundation for hands-on simulation and transformation.

Security becomes real when organisations engage directly with the complexities of a connected world.

Experience #FutureOfCyber, differently.
Immerse. Explore. Advance.

Walk into our immersive environment where physical reality meets digital threats - a convergence built to reimagine resilience and predict the future of cyber risks. The ConnectSafe™ Lab serves as a sector-specific simulator for cyber defenders, empowering teams to identify, neutralise, and stay ahead of emerging threats with unmatched precision and speed.

Deloitte.

Deloitte refers to one or more of Deloitte Touche Tohmatsu Limited ("DTTL"), its global network of member firms, and their related entities (collectively, the "Deloitte organization"). DTTL (also referred to as "Deloitte Global") and each of its member firms and related entities are legally separate and independent entities, which cannot obligate or bind each other in respect of third parties. DTTL and each DTTL member firm and related entity is liable only for its own acts and omissions, and not those of each other. DTTL does not provide services to clients. Please see www.deloitte.com/about to learn more.

Deloitte Asia Pacific Limited is a company limited by guarantee and a member firm of DTTL. Members of Deloitte Asia Pacific Limited and their related entities, each of which is a separate and independent legal entity, provide services from more than 100 cities across the region, including Auckland, Bangkok, Beijing, Bengaluru, Hanoi, Hong Kong, Jakarta, Kuala Lumpur, Manila, Melbourne, Mumbai, New Delhi, Osaka, Seoul, Shanghai, Singapore, Sydney, Taipei and Tokyo. This communication and any attachment to it is for internal distribution among personnel of the Deloitte organization.

It may contain confidential information and is intended solely for the use of the individual or entity to whom it is addressed. If you are not the intended recipient, please notify us immediately by replying to this email and then please delete this communication and all copies of it on your system. Please do not use this communication in any way.

None of DTTL, its member firms, related entities, employees or agents shall be responsible for any loss or damage whatsoever arising directly or indirectly in connection with any person relying on this communication.
