Tax Transformation Consulting
Turning complexity into clarity

February 2026

Digitisation is reshaping business. Tax leaders must deliver compliance while driving insights, speed, and resilience. Yet traditional processes can't keep pace with regulatory change, data growth, and complexity.

We help organisations reimagine tax, moving from manual to digital, reactive to predictive, and compliance-focused to insight-led. The result: streamlined processes, sharper accuracy, and strategic impact that goes well beyond compliance.

Tax Sphere

Integration, Intelligence, and Insights

Where your entire tax world comes together!

Say goodbye to multiple logins, fragmented data sources, cluttered dashboards.

Through one intuitive platform, Deloitte's tax technology ecosystem comes together in a single, seamless experience – designed to simplify complexity and amplify clarity.

Built-in AI capabilities, interactive dashboards, advanced analytics, and a consolidated compliance calendar help you stay ahead of key deadlines and focus on what matters most.

Stay informed and connected through thought-ware, curated insights, upcoming events, and evolving Deloitte knowledge — all aligned to your tax landscape.

With a complete 360-degree view of the tax function, information transforms into clarity, and activity into insight — enabling faster decisions and confident action, every day.

Your challenges. Our solutions.

1

Challenge

Managing real-time e-invoicing and GST compliance requires ERP-integrated technology and specialist support.

Bolt-on (India) and DeInvois (Malaysia, Singapore, Nigeria, and Germany | Peppol accredited)

An ERP-integrated solution for real-time GST e-invoicing, e-way bills, and returns compliance in India, and e-invoicing in Malaysia, Singapore, Nigeria, and Germany.

Vendor Payment blocking, Vendor Invoice Verification (VIVE), Vendor Risk Management, and Audit Readiness included

ERP-agnostic

Multi-country coverage

Quick onboarding, 24/7 support, and 99.9%+ uptime

Real-time validation with GenAI enabled modules

Solution

2

Challenge

Tax disputes consume leadership and team bandwidth, create financial uncertainty, and require central oversight.

TechTax Litigation Organizer®

An AI-enabled platform to manage and monitor direct and indirect tax notices and disputes, with interactive dashboards and reports.

Automated calculations of tax, interest, and demands/refunds, and comparison with earlier orders

Workflow management, document repository, etc.

Integration with income-tax and GST portals for downloading notices and orders

Tracking of contingent liability and insights on provision

AI capabilities for summarisation of notices and orders, and interacting with documents

Solution

3

Challenge

Manual reconciliation of TDS/TCS across fragmented systems-combined with high transaction volumes-leads to errors, missed tax credits, and increased compliance risk.

TechTDS®

An automated platform for end-to-end TDS/TCS determination, compliance, and reconciliation.

Monthly TDS/TCS determination and review prior to tax deposit – leads to reduced notices, lesser revision of returns, lower interest cost, etc.

Simplified and automated return filings, and tracking of unconsumed challans

26AS reconciliation with books of account – cash savings as no leakage of TDS credit

Solution

4

Challenge

Preparing tax audit reports (Form 3CD) involves heavy data extraction from disparate sources, complex clause logic (e.g., 18, 34, 44), consolidations across branches, and format specific outputs.

Tech3CD

A digital solution for seamless preparation and reporting of Tax Audit Reports (Form 3CD).

Extraction of data from digital sources and generation of JSON for filing

Determination of tax determination using AI/ML

Clause 44 reconciliation

Solution

5

Challenge

Tax professionals need fast, reliable answers across evolving regulations, without the risk of misinformation.

Tax Pragya

An on-the-go, mobile-friendly engine for instant tax intelligence.

Access to Deloitte insights and 1.2M+ curated tax documents

Contextual search for queries and research

99.9% hallucination-free responses through authenticated grounding

Solution

6

Challenge

CXOs, HNIs, Expats, and NRIs face complex tax filing and reporting.

Taxtitude

A digital-first, personalised tax filing experience for CXOs, HNIs, expats, and NRIs.

Self-service onboarding

Secure portal for document exchange and approvals

Real-time notifications for every stage of the filing journey

Integrated payment options for smooth transactions

Dedicated relationship managers for personalised support

Solution

Our suite of end-to-end services using AI-enabled advanced digital platforms

7

Challenge

FPIs face complex, high-stakes tax filing and reporting requirements.

Capital Gains Tax 3.0

Ensures secure data handling, same-day advice, real-time updates, and robust cloud-native reporting.

Secure data handling and real-time updates

Same-day advisory support

Robust, scalable reporting

Solution

8

Challenge

Corporate tax returns demand speed, consistency, and accuracy while aligning with evolving tax rules.

Corporate Tax Returns

Preparation and filing of annual corporate tax returns through a user-friendly interface and intelligent logics.

Use of AI/GenAI for reclassification of financial statements to the tax return

Registered with government for efficient filing

Integrated with Intel, Deloitte's global tax platform

Solution

Challenge

Managing entity data and jurisdiction-wise compliance across global structures is complex and error-prone.

GES compliance

A centralised solution for managing global entity structure compliance and reporting.

Accurate
entity data
management

Jurisdiction-wise
compliance
tracking

Simplified tax return
preparation and advance
tax computations

Automated reminders and
reporting to reduce errors
and improve efficiency

Solution

Challenge

Transfer pricing requires continuous monitoring, analytics, and timely filings embedded into operations.

TPForms

A proactive transfer pricing monitoring and compliance platform embedded into daily operations.

Automated TP filings

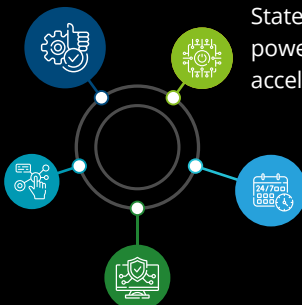

Built-in analytics

Solution

The Deloitte edge

Unmatched expertise with decades of deep domain knowledge, combined with proprietary tech-enabled platforms

Interactive dashboards and detailed reports with actionable insights for smarter, faster decisions

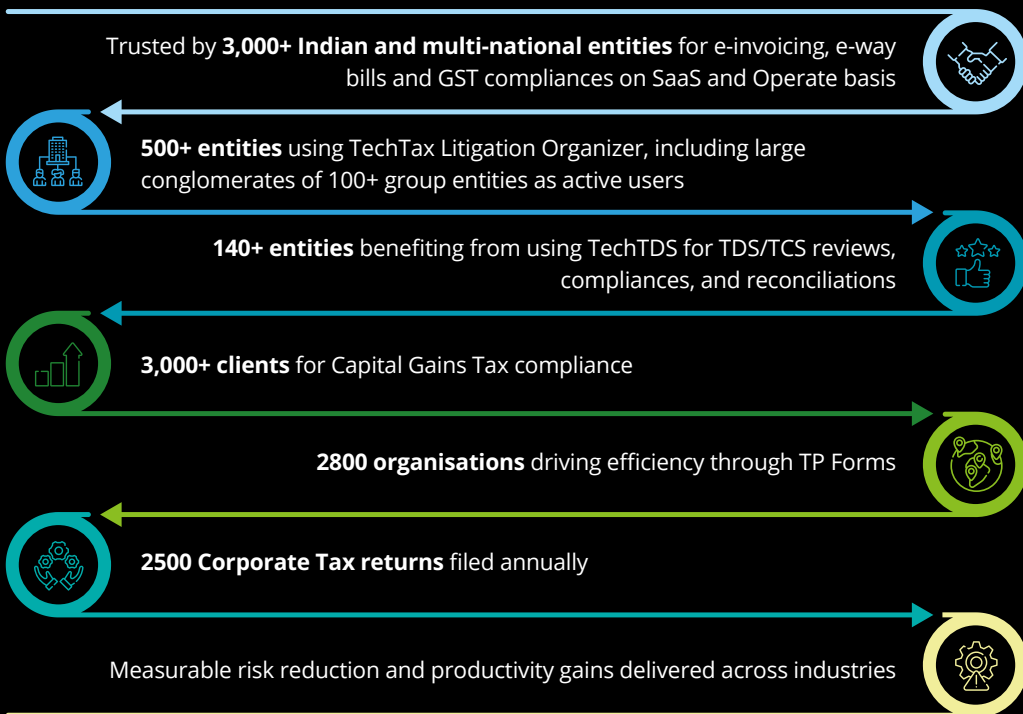

State-of-the-art AI and GenAI-powered solutions that accelerate outcomes

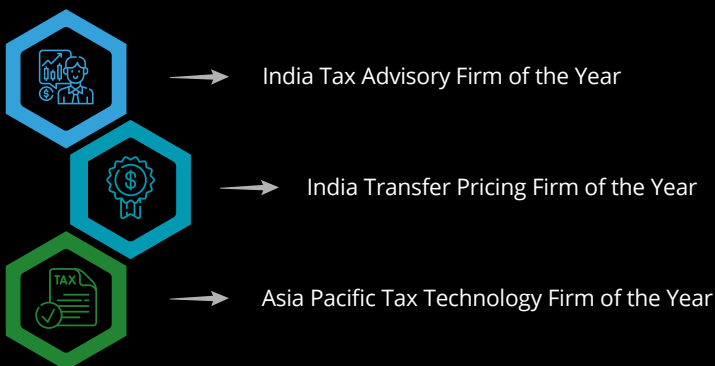

Always-on availability for seamless business continuity

Enterprise-grade security with a robust, best-in-class cloud ecosystem

Proven at scale

Recognised by International Tax Review

Deloitte.

Deloitte refers to one or more of Deloitte Touche Tohmatsu Limited (“DTTL”), its global network of member firms, and their related entities (collectively, the “Deloitte organization”). DTTL (also referred to as “Deloitte Global”) and each of its member firms and related entities are legally separate and independent entities, which cannot obligate or bind each other in respect of third parties. DTTL and each DTTL member firm and related entity is liable only for its own acts and omissions, and not those of each other. DTTL does not provide services to clients. Please see www.deloitte.com/about to learn more.

Deloitte Asia Pacific Limited is a company limited by guarantee and a member firm of DTTL. Members of Deloitte Asia Pacific Limited and their related entities, each of which is a separate and independent legal entity, provide services from more than 100 cities across the region, including Auckland, Bangkok, Beijing, Bengaluru, Hanoi, Hong Kong, Jakarta, Kuala Lumpur, Manila, Melbourne, Mumbai, New Delhi, Osaka, Seoul, Shanghai, Singapore, Sydney, Taipei and Tokyo.

This communication contains general information only, and none of DTTL, its global network of member firms or their related entities is, by means of this communication, rendering professional advice or services. Before making any decision or taking any action that may affect your finances or your business, you should consult a qualified professional adviser.

No representations, warranties or undertakings (express or implied) are given as to the accuracy or completeness of the information in this communication, and none of DTTL, its member firms, related entities, employees or agents shall be liable or responsible for any loss or damage whatsoever arising directly or indirectly in connection with any person relying on this communication.
