An Oracle Cloud Financials functional professional will lead the procure-to-pay workstream for an Oracle ERP implementation and Managed Services projects..

#### Key Requirements

- Bachelor's degree in Accountancy, Business Administration, Business Information Systems, Finance or a related field.
- Partially or fully completed ACA, CIMA, or ACCA qualification.
- 5+ years of experience implementing some combination of Oracle ERP Cloud Financials modules such as General Ledger, Accounts Payable, Accounts Receivable, Fixed Assets, Cash Management, Procurement, and Inventory.
- At least one full life cycle implementation or support experience in an Oracle ERP project is preferred.
- Ability to handle multiple tasks, prioritize and meet deadlines under pressure with effective time management skills.
- Excellent analytical, problem-solving and communication skills.
- Ability to work independently and as part of a team, with a passion for learning.
- Flexibility to work with international teams in different time zones.

#### Preferred Qualifications:

- Learnings and Product certifications on Oracle ERP SaaS Applications.
- Knowledge of Finance, Accounting and Financial Reporting processes.
- Knowledge of Project Management processes.
- Having experience in using or implementing ERP solutions such as Oracle ERP Cloud, Oracle EBS, SAP, Microsoft Dynamics 365, IFS, and others.
- Experience in using a ticketing system similar to ServiceNow

#### Key Responsibilities

- Assist clients in understanding leading business processes, using your functional expertise so they can transform their business processes with Oracle Cloud solutions.
- Lead systems strategy, business requirements gathering and documentation, fit-gap analysis, business process designs, conference room pilots (CRPs), functional configuration, testing, and user training.
- Lead client conversations around business processes, leading industry practices, recommendations on custom processes, and system capabilities.
- Assist client organizations in identifying strategies, risks, and options and recommending optimal solutions to meet business needs.
- Contribute to user adoption by providing user training sessions and transfer of knowledge.
- Collaboration with your clients, teammates, and leaders is essential to successfully deliver projects.
- Continuously grow your Oracle technology skills, industry knowledge, and soft skills to help your team provide the best solutions to clients.
