Deloitte.

Financial Advisory
Forensic and Dispute Services: Assistant Manager

What impact will you make?

Every day, your work will make an impact that matters, while you thrive in a dynamic culture of inclusion, collaboration, and high performance. As the undisputed leader in professional services.

Deloitte is where you will find unrivalled opportunities to succeed and realise your full potential.

The Team

Innovation, transformation and leadership occur in many ways. At Deloitte, our ability to help solve clients' most complex issues is distinct. We deliver strategy and implementation, from a business and technology view, to help you lead in the markets where you compete.

Work you will do

As an Assistant Manager in our Forensic and Dispute Services team, you will build and nurture positive working relationships with teams and clients with the intention to exceed client expectations. Your key services include Corporate Investigations, Anti Money Laundering Compliance, Anti Bribery and Anti-Corruption compliance, and Foreign Corrupt Practices Act Investigations, among others

You will:

- Understand the scope and requirements
- Conduct in-depth research on various topics using proprietary databases and/or public domain
- Assist with reviewing/analysing financial statements, emails, and other documentation for anomalies
- Interact with external as well as internal stakeholders
- Deliver high quality deliverables, assisting other team members as and when required
- Frequently communicate the project status and related issues to the immediate supervisor
- Be called upon to work on other Deloitte Advisory engagements
- Run projects independently with minimal oversight from the Managers
- Provide support/assistance for proposals/business development activities

Profile

- Post-graduate/ graduate qualification with good academic background and 3-5 years of relevant post qualification work experience; CFE would be a plus

Deloitte.

- Strong analytical skills with proficiency in using MS-excel to process and analyse large volume of data
- Strong commercial acumen and market awareness
- Strong eye for detail
- Excellent written and verbal communication skills
