

Financial Advisory Forensic and Dispute Services: Senior Manager

What impact will you make?

Every day, your work will make an impact that matters, while you thrive in a dynamic culture of inclusion, collaboration, and high performance. As the undisputed leader in professional services.

Deloitte is where you will find unrivalled opportunities to succeed and realise your full potential.

The Team

Innovation, transformation and leadership occur in many ways. At Deloitte, our ability to help solve clients' most complex issues is distinct. We deliver strategy and implementation, from a business and technology view, to help you lead in the markets where you compete.

Work you will do

As an Senior Manager in our Forensic and Dispute Services team, you will build and nurture positive working relationships with teams and clients with the intention to exceed client expectations. Your key services include Corporate Investigations, Litigations and Dispute Consulting, Anti Bribery and Anti-Corruption compliance, Anti- Fraud, Supply Chain Forensics and Foreign Corrupt Practices Act Investigations.

You will:

- Actively engage with the client to understand the scope and requirements
- Lead projects independently working with Partner/ Director in the practice
- Lead multiple projects simultaneously ensuring high quality deliverables and proactive client communication
- Work closely with Partner/ Director to lead business development initiatives and monitor progress
- Be called upon to work on other Deloitte Advisory engagements.
- Spearhead recruitment and training initiatives for the team along with their professional development
- Collaborate with professionals in other service lines to identify opportunities and ensure best in class client service

Profile

- Post-Graduate/ MBA qualification with good academic background and 10-12 years of relevant post qualification work experience; CFE would be a plus
- Experience in conducting audits/ investigations/ internal audit
- Sound understanding of accounting concepts and quantitative/analytical techniques
- Proficiency with MS Office (Excel, Word, and PowerPoint)
- Professional demeanour and strong communication skills, both written and oral
- Flexibility regarding potential international travel requirements for client service projects
- Ability to effectively prioritising workload to meet deadlines and work objectives
