- Quickly developing an understanding of the business and its drivers
- Interpreting, evaluating and analysing of information memoranda, business plans, publicly available information on the business
- Producing quality deliverables (including Excel and Powerpoint documents) within agreed timescales, briefing Partner/Director/Senior Manager/Manager accordingly. On larger deals this may involve responsibility for the production of discrete sections. This will include:
 - Reviewing and developing detailed risk framework
 - Reviewing and analysing of existing risk and control environment
 - Reporting potential key issues for our client including identification of key risks and their associated likelihood and impact
- Working on a variety of risk engagements in a various industries
- Being part of cross border teams from 2 to 10 on engagements lasting from just a few days to several months
- Working with some of the most intellectually stimulating clients
- Assisting clients from large multinationals, private equity houses, parastatal bodies to owner managed businesses
- Being available for longer term, potential opportunities for international secondment

Qualifications

- ACCA / ACA / CIA or equivalents
- Partly qualified / fully qualified (ideally first time passes) or equivalent qualification/experience
- BSc and/or MSc Accounting/Finance would be an advantage
- Excellent academic track record
- Risk experience/exposure would be preferable
- Past auditing experience would be an advantage
- Report writing and reviewing skills, with an appropriate focus on attention to detail, conciseness and risk management
- Excel skills - quick and accurate manipulation of data
- Commercial acumen and market awareness
- Focused on high quality service
- Fluency in written and spoken English and French languages
