

## Financial Advisory Valuation & Modeling | Valuations | Executive

### What impact will you make?

Every day, your work will make an impact that matters, while you thrive in a dynamic culture of inclusion, collaboration and high performance. As the undisputed leader in professional services, Deloitte is where you'll find unrivaled opportunities to succeed and realise your full potential.

### The Team

Innovation, transformation and leadership occur in many ways. At Deloitte, our ability to help solve clients' most complex issues is distinct. We deliver strategy and implementation, from a business and technology view, to help you lead in the markets where you compete.

### Work you will do

As an executive in our Valuations team, you will build and nurture positive working relationships with teams and clients with the intention to exceed client expectations. You will:

- Develop and review valuation models of varying complexities for entities of differing sizes operating across a diverse range of industries
- Work in a collaborative team analysing client issues and recommending solutions
- Prioritize your objectives and contribute to project execution and status reporting
- Provide guidance to, supervise and review the work of junior team members
- Directly liaise with and develop relationships with client and engagement team members.
- Produce assignment budgets and timetables, and manage delivery against them
- Focus team on key priorities and ensure smooth service delivery within the defined competency/geographical area
- Generate new business opportunities by developing ideas and solutions

### Profile

- A professional designation including CFA
- At least one year of relevant valuations work experience
- Experience with any of the Top tier accounting firms
- In-depth understanding of financial and valuation principles
- Experience with purchase price allocation and Impairment testing of goodwill and intangibles as per accounting standards (IFRS)
