

DABC 2025 Winner Testimonials

1. Team Heng Ong Huat (Bryan Sim Myng Roong, Quek Wan Qi, Ong Lay Hong)

“What stood out most to us about DABC was how closely it reflected real business situations. Every challenge required us to analyse problems from different perspectives, justify our recommendations, and present them with confidence. Throughout the competition, we gained valuable exposure to the audit profession while receiving constructive feedback from Deloitte professionals. It was an enriching experience that strengthened both our technical knowledge and confidence, and we’re thankful to have been part of it.”

2. Team MATOAKA

Mak Jun Shan

“DABC 2025 was one of the most enriching experiences of my university journey. Beyond learning the technical aspects of audit, I gained valuable exposure to how audit professionals approach real business challenges. The competition allowed me to apply classroom knowledge in a practical setting, strengthen my problem-solving skills, and develop a deeper understanding of the profession. Meeting industry professionals and receiving their guidance made the experience even more meaningful. DABC 2025 has inspired me to pursue excellence in audit, and I encourage future participants to take on this rewarding challenge.”

Tan See Chin

“Participating in the Deloitte Audit Business Challenge 2025 was a truly rewarding experience. It gave me my first real insight into how an audit engagement works by allowing us to experience the entire audit process, from understanding the client's business and identifying audit risks to analysing financial information and presenting our findings. Beyond the technical knowledge, I had the opportunity to collaborate with an amazing team, learn from Deloitte professionals, and challenge myself in a real-world case setting. I'm truly grateful for this experience, which strengthened my interest in audit and made the learning journey both meaningful and enjoyable.”
