How to reduce e-waste – ITAM's role in meeting sustainability goals

12 May 2022

itassetmanagement.net

A recent report & survey by the UK's Royal Society of Chemistry (RSC) has highlighted the growing problem of how to reduce e-waste and how we can do more to reduce consumption of rare earth metals and shore up overstretched supply chains. The report also includes some surprising findings related to remote work, and certainly challenged my preconceptions around ... [Read more](#)

What comes first: ITAM or configuration management?

17 May 2022

servicenow.com

IT asset management (ITAM) and configuration management are critical for IT modernization initiatives. Although both strategies provide guidance for tracking IT assets, their objectives are quite different. ITAM is about managing IT assets from a cost, risk, and value perspective. Configuration management tracks IT assets from an operational and support ... [Read more](#)

Microsoft makes big changes to licensing policies for European Cloud Providers

20 May 2022

itassetmanagement.com

Microsoft have announced a range of changes to their European cloud licensing policies, aimed at reducing some of the heat they've been receiving from European cloud providers and industry bodies. Some of the licensing changes are pretty impactful but Brad Smith, Microsoft President and Vice-Chair, said these steps will "turn a long list of issues into a shorter list of ... [Read more](#)

Developing your application modernization road map

27 May 2022

techbeacon.net

Updating legacy systems and refreshing your processes can be huge undertakings. While it may seem tempting to rip off the digital duct tape and replace old systems overnight, the process requires careful strategy to avoid data leaks, downtime, and impacts to application service and reliability. Legacy applications can be an immense burden for developer and security ... [Read more](#)

10 ways inflation will impact IT

06 June 2022

cio.com

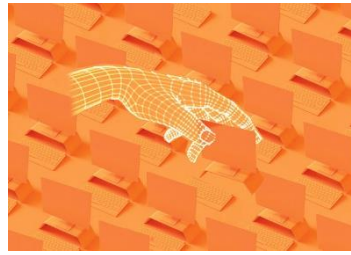

As inflation rises across the globe, CIOs are strategizing ways to navigate rising prices for IT supplies, services, and talent by rethinking IT portfolios, reprioritizing IT spend, and honing business efficiencies. As CIO of an organization with a global reach, Bob Johnson keeps careful watch on the world's economic situation. "Whenever there is an ill wind ... [Read more](#)

IT Asset Management Tools Help Agencies Run More Efficiently and Effectively

25 May 2022

FedTechMagazine.org

As the new CIO for the U.S. Army Program Executive Office Simulation, Training and Instrumentation, Nelson Maisonet had a pleasant surprise upon his arrival: a centralized IT asset management solution. PEO STRI began using the ITAM solution in early 2021. Before then, Maisonet says, the Florida-based agency — which develops state-of-the-art training capabilities ... [Read more](#)

Explosion of Connected Assets Requires IT Management Evolution

27 May 2022

informationweek.net

With the arrival and deployment of faster speed and reduced latency of 5G, there is an expected surge in industrial use of connected devices. The massive growth of these connected devices increases the number of potential cyber risks, and beyond the security concerns, the explosion of connected assets requires IT leaders to re-think how they're addressing connected ... What VMware's Top Execs Are Saying About The Broadcom Deal

08 June 2022

crn.com

The \$61 billion deal for VMware is on track. As a 40-day "go-shop" provision dwindles, with no signs yet that any bidder beside Broadcom is interested in the virtualization software star — a takeover is looking more likely. To ease employees into a transition to a new company, VMware executives hosted a town hall where they took select questions from employees and ... [Read more](#)
