Broadcom ditches VMware Cloud Service Providers

10 January 2024

theregister.com

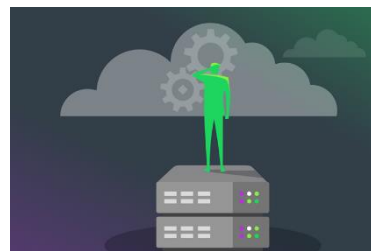

Broadcom is tossing the majority of VMware's Cloud Services Providers as part of its shakeup of the virtualization titan's partner programs, say sources, leaving customers unclear who their IT supplier will be. The \$61 billion purchase of VMware by Broadcom in November was swiftly followed by news of how it planned to reorganize the business into several Broadcom ... [Read more](#)

How to License Software in a Hybrid World

9 January 2024

revera.com

One of the major takeaways from the 2023 Monetization Monitor is the remarkable staying power of on-premises deployment models, which are set for steady growth alongside SaaS, cloud, and embedded technologies, raising questions around how to license software in a hybrid world. Since the dawn of cloud platforms, the received wisdom has been that most ... [Read more](#)

Oracle and Deloitte Help Multinational Organizations Prepare for OECD Pillar Two

10 January 2024

oracle.com

Oracle is introducing new capabilities to Oracle Fusion Cloud Enterprise Performance Management (EPM) that, when paired with Deloitte's implementation services, can help multinational organizations as they manage upcoming Organization for Economic Co-operation and Development (OECD) Pillar Two tax requirements. The combination of both offerings ... [Read more](#)

OpenAI rolls out Team tier because not everyone has enterprise-deep pockets

11 January 2024

theregister.com

OpenAI is updating its subscription plans to add a "Team" tier for businesses to sit below its existing Enterprise level. The plan comes in at \$30 per user per month – \$25 for customers able to make an annual commitment – and is comparable to the \$20 per month Plus tier in the personal pricing subscriptions. As well as higher message caps on GPT-4 and tools like DALL-E, the ... [Read more](#)

Lenovo launches hybrid cloud platforms and services to accelerate AI

2 January 2024

cloudcomputing-news.net

Lenovo has expanded its hybrid cloud platform for AI with new ThinkAgile hyperconverged solutions and ThinkSystem servers that advance cloud deployment, hybrid connectivity and AI capabilities, powered by the next generation of Intel Xeon Scalable Processors. The new AI ready platform delivers improved performance and the latest accelerators as a critical ... [Read more](#)

Deloitte refers to one or more of Deloitte Touche Tohmatsu Limited (“DTTL”), its global network of member firms, and their related entities (collectively, the “Deloitte organization”). DTTL (also referred to as “Deloitte Global”) and each of its member firms and related entities are legally separate and independent entities, which cannot obligate or bind each other in respect of third parties. DTTL and each DTTL member firm and related entity is liable only for its own acts and omissions, and not those of each other. DTTL does not provide services to clients. Please see www.deloitte.com/about to learn more.

Deloitte provides audit, tax & legal, consulting, and financial advisory services to public and private clients spanning multiple industries. With a globally connected network of member firms in more than 150 countries and territories, Deloitte brings world-class capabilities and high-quality service to clients, delivering the insights they need to address their most complex business challenges. Deloitte’s more than 312,000 professionals are committed to becoming the standard of excellence.

This communication contains general information only, and none of Deloitte Touche Tohmatsu Limited (“DTTL”), its global network of member firms or their related entities (collectively, the “Deloitte organization”) is, by means of this communication, rendering professional advice or services. Before making any decision or taking any action that may affect your finances or your business, you should consult a qualified professional adviser.

No representations, warranties or undertakings (express or implied) are given as to the accuracy or completeness of the information in this communication, and none of DTTL, its member firms, related entities, employees or agents shall be liable or responsible for any loss or damage whatsoever arising directly or indirectly in connection with any person relying on this communication. DTTL and each of its member firms, and their related entities, are legally separate and independent entities.
