From traditional planning to connected planning

Are your teams spending more time reconciling spreadsheets than making decisions? Traditional planning approaches often struggle to keep pace with today's rapidly changing business environment. Discover how connected planning helps organizations align finance, operations, supply chain and HR on a single source of truth, enabling faster decisions, stronger collaboration and greater business agility.

AI in Manufacturing: Where Innovation Meets Product Safety and Compliance

AI is already transforming manufacturing, but not every AI use case carries the same regulatory implications. Learn why the distinction between decision-support systems and safety-related AI is becoming increasingly important, and how manufacturers can prepare for evolving compliance requirements without slowing innovation.

2026 Manufacturing Industry Outlook

Manufacturers are entering 2026 with a renewed focus on resilience, technology, and growth.

According to Deloitte's 2026 Manufacturing Industry Outlook, manufacturers are navigating economic uncertainty while investing in technologies that can strengthen competitiveness and agility. AI, smart manufacturing, resilient supply chains, and workforce transformation are set to shape the industry in 2026.

The study explores:

- how agentic AI could transform manufacturing operations and supply chains
- why digital tools are becoming critical for supply chain resilience
- where manufacturers are seeing new investment and growth opportunities
- how companies can address growing talent and skills gaps
- why humans will remain at the center of AI-enabled manufacturing

How can manufacturers turn technology and strategy into a competitive advantage in 2026?

Deloitte refers to one or more of Deloitte Touche Tohmatsu Limited (“DTTL”), its global network of member firms, and their related entities (collectively, the “Deloitte organization”). DTTL (also referred to as “Deloitte Global”) and each of its member firms and related entities are legally separate and independent entities, which cannot obligate or bind each other in respect of third parties. DTTL and each DTTL member firm and related entity is liable only for its own acts and omissions, and not those of each other. DTTL does not provide services to clients. Please see [this page](#) to learn more.
