

# Digital Forensics and Incident Response (DFIR)

Cyber Incident Response

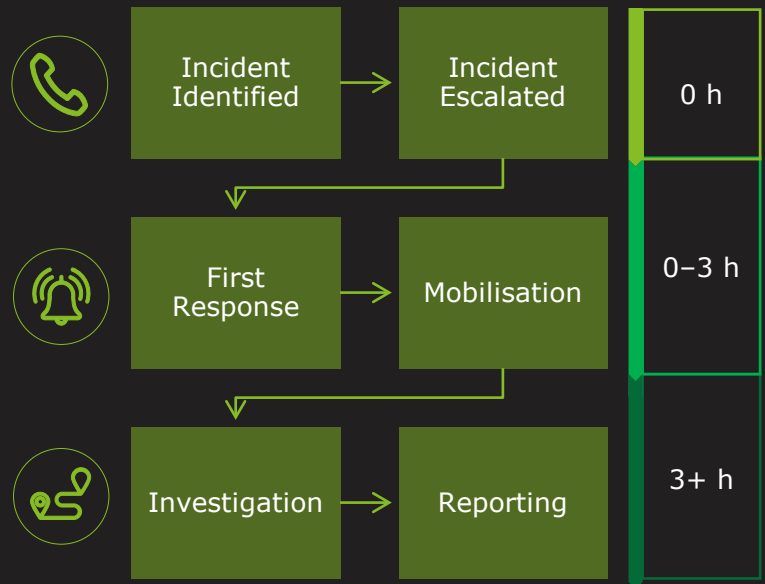

Our Incident Response Service is available for you 24 hours, 7 days a week, 365 days a year. Our priority is to handle the cyber incident and recover your business back to normal operations.

## Overview

Deloitte’s Digital Forensic and Incident Response (DFIR) service is designed to help organizations handle the severe data breaches. It provides 24/7 access to top-class experts who are trained to manage the most difficult cases.

Our battlefield tested procedures ensure the organization is able to securely acquire, store, and analyse digital evidence. The results of the forensic investigation are used by the incident responders to ensure the threat can be contained properly.

In addition to deep dive technical investigations, Deloitte DFIR service can provide assistance in variety of problems including, but not limited to, cyber crisis management, incident communication support, remediation coordination and privacy coordination.

## Key benefits

24/7 ACCESS TO WORLDCLASS EXPERTS

You get the access various top-class experts who are trained to manage the incidents. This allows you to expand your capabilities as needed.

BATTLEFIELD TESTED PROCEDURES

Managing the incidents is our everyday job. We don’t need to hesitate what to do and what could happen next. This gives us an advantage while tackling the incidents quickly.

LOCAL CONTACT, GLOBAL COVERAGE

We provide the local contact points which allows you to have a local relationship with the team. However, using Deloitte’s network, we can support you globally.
