

Exponential Marketing with AI

Upgrade your mindset. Redesign your marketing. Accelerate Growth.

December 10th 2025 – Deloitte Premises

“

Exponential Technologies are transforming every Industry;
if you're not learning faster than the pace of change, you're falling behind.

Peter Diamandis, Co-Founder Singularity & Xprize.

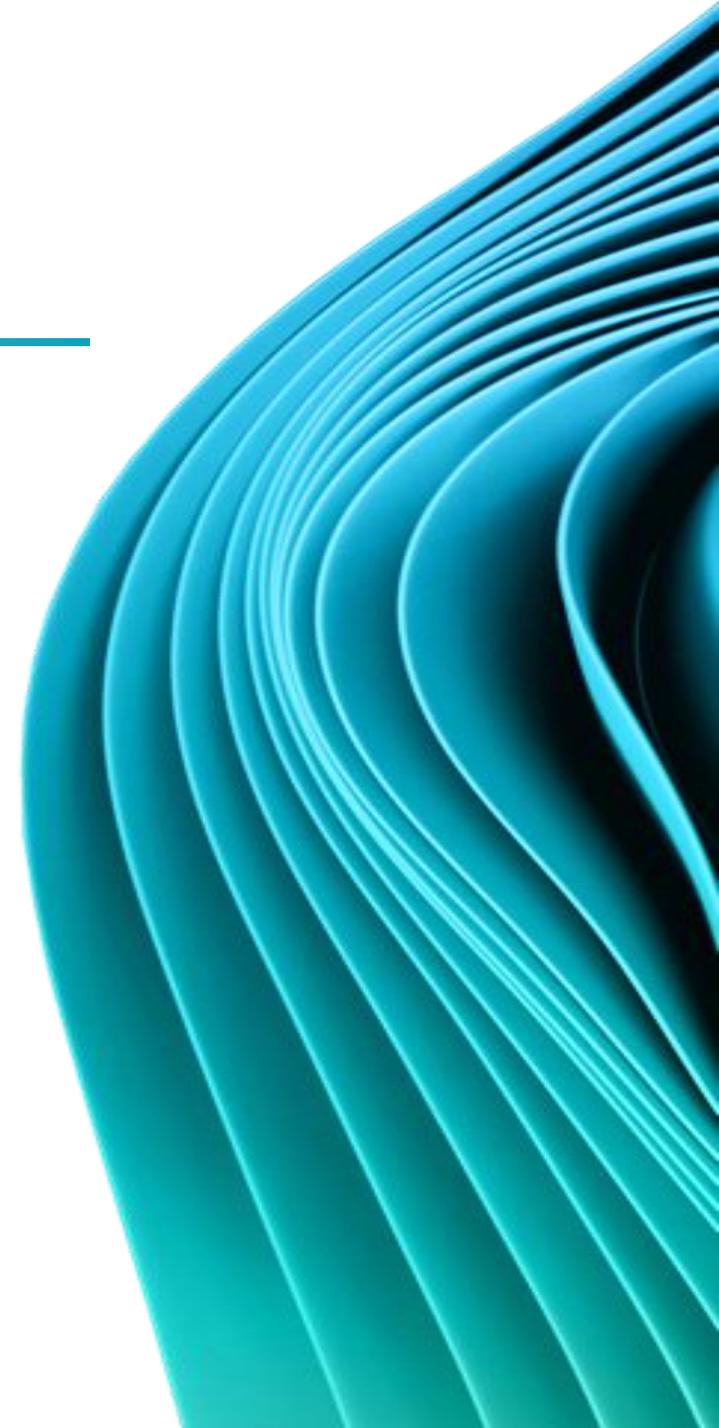

”

Transform Your Marketing with Our Hands-on Immersive Program

Join us in a one-day immersive program to **transform your Mindset and your Marketing Strategy** with the power of AI.

Niki Siropoulou, Deloitte Academy Leader, and a **team of experts** will showcase how to leverage Artificial Intelligence not just as a tool, but as a **strategic partner** in driving creativity, personalization, and growth.

Explore tools and see how AI can elevate every stage of your marketing, from **storytelling** and **ideation** to **automation** and **customer engagement**.

Why Join?

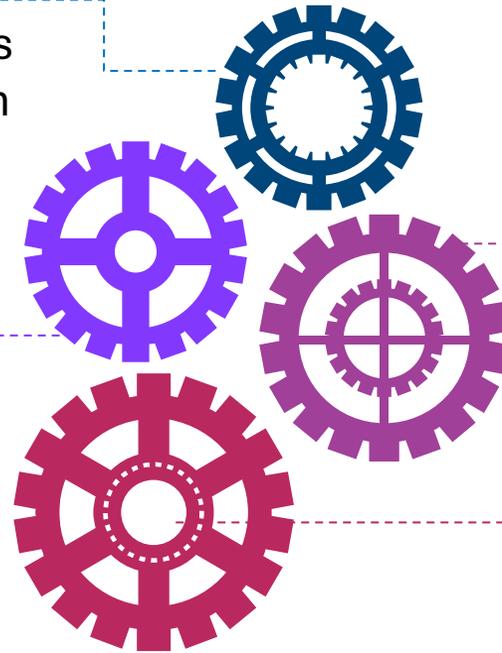

Through real-world case studies, guided experimentation and interactive sessions, participants will learn to:

Reimagine customer journeys through intelligent automation

Harness Generative and Agentic AI to co-create content and campaigns

Leverage predictive insights to transform sales strategy

Lead your organization into a new era of adaptive, AI-empowered growth

Who Is It For?

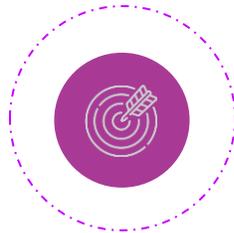

This program empowers marketing professionals and team leaders to leverage **Exponential Marketing** for growth.

Marketing Professionals

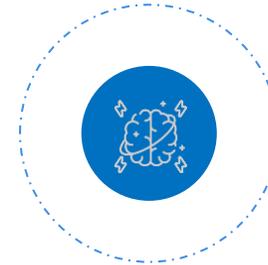

And team leaders

For leaders curious about marketing

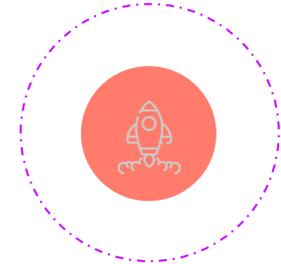

Sales Leaders

And business development
leaders seeking data-driven
growth strategies

Communication professionals

And brand professionals
exploring creative AI applications

Innovation Managers

And digital managers shaping
the future of their organizations

Key Learning Outcomes

By the end of the program, participants will be able to:

Understand how exponential technologies, from GenAI to AIoT, are **transforming** the marketing and sales landscape.

Use AI tools to **design** intelligent campaigns, videos, and customer interactions.

Redefine the **marketing-sales funnel** through adaptive, AI-driven systems that sense, predict, and respond in real time.

Combine human intuition with machine intelligence to craft authentic, data-informed stories that **connect** and **convert**.

Translate AI's potential into **actionable strategies** for lasting organizational **impact** and **competitive advantage**.

What You'll Experience

Immersive Learning

Live AI demonstrations, design sprints, real-world case discussions

Strategic Insight

Frameworks for integrating AI into core business strategy

Hands-On Practice

Create AI-driven marketing assets and zero-code sales prototypes

Executive Peer Learning

Connect with leaders driving innovation

Program Review
