

Oman Tax Conference 2026

Agenda

Time	Description
08:30 – 09:00	Registration and Networking Coffee
09:00 – 09:10	Opening Remarks Welcome from the Oman Tax Authority and Deloitte Middle East.
09:10 – 09:20	Keynote Address: The Future of Tax Administration in Oman The OTA Chairman shares the authority’s vision for a more digital, service-led tax administration, and the developments businesses in Oman should anticipate in the years ahead.
09:20 – 09:50	Pillar Two: Preparing for the Global Minimum Tax Environment How the global minimum tax is taking shape internationally, what it means for multinational groups operating in Oman, and the data and governance foundations in-scope businesses should be building now.
09:50 – 10:10	Personal Income Tax: What Businesses and Individuals Need to Know A first look at Oman’s proposed personal income tax framework: who it could affect, the payroll and HR implications for employers, and early lessons from jurisdictions that have introduced similar regimes.
10:10 – 10:40	Business Tax: Keeping Pace with Oman’s Evolving Framework Recent developments and common compliance challenges, with practical considerations for businesses.
10:40 – 11:00	Large Taxpayers Services Department: Strengthening Taxpayer Engagement and Support An introduction to the OTA’s dedicated function for large taxpayers: the support on offer, how it aims to deepen cooperation between businesses and the authority, and where engagement is heading.
11:00 – 11:20	Coffee Break
11:20 – 12:05	Panel discussion: Fawtara (E-Invoicing) — Preparing Businesses for the Next Phase of Digital Tax Administration The session opens with the announcement of a new phase in Oman’s e-invoicing rollout, followed by a panel on what it means for businesses; covering readiness, systems and integration, and lessons from earlier releases.
12:05 – 12:35	Indirect Tax: Customs and VAT Developments and Areas of Focus The customs and VAT questions businesses in Oman are navigating most often, and where to focus attention to stay compliant as both regimes mature.
12:35 – 13:05	GenAI and Tax Transformation: Reimagining the Future of Tax A practical look at how businesses in Oman can apply Generative AI to tax: real use cases across the tax function, how to get started, and the governance to adopt it responsibly.
13:05 – 13:25	Transfer Pricing: Regional Insights and the Road Ahead Transfer pricing is advancing across the GCC: What regional momentum signals for Oman, and how multinational groups here can prepare ahead of the curve.
13:25 – 13:30	Closing Remarks
13:30 – 14:30	Networking Lunch
