Streamline processes

Procurement/Spend

Low visibility on spend against projects, budgets and lack of comparison with multiple vendors, including approvals on the FLY.

Warehouse / Production

Loses productivity from poor planning and quality control. poor visibility into production costs.

Payroll and HRMS

Over burdened with documents, manual approvals manual processing of payroll, pay slips, claims, no control on leave and real-time data, and the system cannot process multiple logical calculation and is not localized and Arabized.

CEO / CFO / MD / GM

Lacks timely information to make decisions. Struggles to gain efficiency and free up capital for growth.

Accounting

Spends most time on receivables and closing at the expense of accurate forecasting, project job costing and cash flow optimization.

Sales

Sales flatten from increasing time spent on customer issues and management tasks. Poor visibility into potential customers, stock on hand and processing on the FLY.

Lacks customer insight to generate demand. Stocks out create poor e-commerce experience.
