

## Plan, budget and forecast with Performance Wise

Better planning, budgeting and forecasting can help you to develop greater foresight, which can drive collaboration and help you make more informed performance decisions. Performance Wise is Deloitte's good practice solution for planning, budgeting and forecasting — powered by the Oracle Cloud.

Performance Wise is an “out of the box” solution and has the following features and functionality:

Performance Wise has the following benefits:

### Good practice

Benefit from a templated approach applying good practice while implementing Oracle PBCS. This configurable out of the box solution leverages Cloud technology and can be integrated with other Oracle Cloud products, enabling a future proof planning solution

### Rapid implementation

Embracing Performance Wise supports an efficient and effective solution, from mobilisation to deployment taking just weeks, with configurable templates and workshops with low effort from scarce key resources

### Extensible

Our out of the box template delivers a core solution as a starting point for your journey with detailed user guide documentation and e-training materials enabling users to independently run processes

### Growth and support

We will continue to support you and your team after go-live. Your business will evolve, and we will work with you to ensure your solution does to. Furthermore, we will be on hand to support you during the monthly Oracle releases
