

ONLINE SAFETY ACT TRAINING

Navigating the Illegal Content Risk Assessment

This training module is designed to support Online Safety Act (OSA) compliance, focusing on the first requirement for all in-scope companies – the Illegal Content Risk Assessment.

LEARNING OBJECTIVES

Understand the key objectives of the Online Safety Act.

Understand how best to develop a robust and defensible Illegal Content Risk Assessment.

Think critically about compliance and safety by design.

WHO IS THIS TRAINING FOR?

This training is designed for employees in firms that are within the scope of the OSA.

It may prove particularly helpful for small to medium-sized companies who may not have tailored in-house regulatory training.

Completing this module may also be beneficial for new hires joining large digital companies as a component of foundational regulatory training.

TRAINING HIGHLIGHTS

- ✓ Overview of OSA objectives and risk assessment duties
- ✓ A detailed case study to bring the Illegal Content Risk Assessment to life
- ✓ Key considerations for in-scope businesses
