

## Advisory | Actuarial & Insurance Solutions

### Deloitte Bermuda | Empowering business leaders to make strategic and informed decisions

Deloitte has one of the largest actuarial professional services firms in the world with a network of over 1,300 actuaries. Our Actuarial & Insurance Solutions market offering helps business leaders in Life, Health and Property & Casualty insurance industries as well as self-insured entities make informed decisions to grow revenue, manage risk and capital, and reduce operational costs to address critical business challenges.

Our actuarial practice is a part of this extensive global network of actuaries and will provide access to a deep pool of resources and expertise to support your business. Our actuarial and insurance consulting practitioners regularly collaborate with other Deloitte professionals on cross-functional and cross-border engagement teams. This enables us to provide a breadth of expertise and comprehensively solve problems in ways that differentiate us from other actuarial consulting firms.

#### Our Services

We provide both traditional and non-traditional service offerings to best meet the needs of (re)insurers, ILS structures, asset managers, captives, pension plans, banks, and non-financial entities. We have a proven track record in developing customized and practical solutions to a wide range of actuarial and risk challenges.

**Core Actuarial** - Fundamental aspects of actuarial consulting including financial reporting, actuarial pricing and reserving, financial modelling, and actuarial modelling.

**Regulatory, Risk & Capital Advisory** - Advisory and technology implementation services relating to risk and capital management.

- Approved Actuary and Loss Reserve Specialist roles
- Support with regulatory BSCR submissions
- IFRS 17 Implementations
- US GAAP Long Duration Targeted Improvements (LDTI) Implementations

**Finance & Actuarial Transformation** - Advisory and technology implementation services relating to actuarial and insurance operations transformations, operating models, tools, and systems.

- Managed Actuarial Services (MAS)
- Actuarial Modelling Centre (AMC)
- Actuarial Process Re-engineering

**Actuarial Due Diligence** - Support on appraisal procedures and pro-forma modelling on M&A, reinsurance transactions, and other structured risk transfer solutions.

**ILS** - Serve as Claims Reviewer and Loss Reserve Specialist for Catastrophe Bonds.

**New Business Operations** - Assist new insurance, reinsurance, and captive market entrants in jurisdictional analysis, business planning, and licensing.

**Advanced Analytics** - Informed insights through the statistical analysis of large quantities of information.

# Deloitte Actuarial & Insurance Solutions Team

**Kelvin Lam**  
Partner  
+ 1 441 298 1111
