

# CLOSE AND CONSOLIDATION SOLUTION

*Close early, accurately, and confidently*

Move away from outdated legacy solutions that fail to meet your accounting organization's needs due to lengthy and costly implementations, dependence on IT for setup and maintenance, steep learning curves with proprietary technology, complex customization, and inflexible, challenging usage that doesn't adapt well to changing business requirements.

With Anaplan's cutting-edge Financial Close and Consolidation application alongside Deloitte's wealth of experience and proven methodologies, we provide an unbeatable combination for seamless and optimized financial consolidation technology implementations.

## Overcoming Consolidation Hurdles

Financial consolidations can be a challenging and time-consuming process, often involving complex data integration, manual adjustments, and stringent compliance requirements. We often hear the following pain points:

Inefficient or ineffective consolidation processes with high risk of error, resulting in extended days to close

Complexities in mapping new entities in case of mergers and acquisitions and significant reliance on IT for changes

Manual booking of topside entries and/or heavy reliance on Excel for consolidation processes

Lack of real-time data and analytics, causing information to be outdated by the time it is available

Labor-intensive processes required to meld disparate data sources from multiple ERPs

## Applying Technology to Optimize Close

By working with Deloitte to bring Anaplan consolidations to your Company, substantial savings of time and money can be realized:

Up to **75% quicker** monthly close

Up to **50% reduction** in annual audit time

Ability to integrate new acquisitions as quickly as just one day

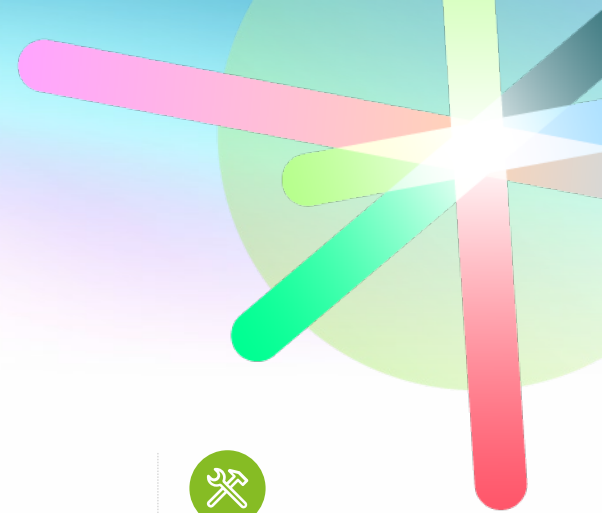

Low ownership costs

Anaplan Consolidations offers a true out-of-the-box solution which goes beyond templates and starter kits to handle the complexity of your consolidations. Achieve operational status in weeks, not months, thanks to comprehensive pre-built calculations, reports, and no-code technology.

Configurable dashboards, reporting, and analytics with data visualization provide a single source of truth.

A highly extensible ecosystem collects and analyzes data in a single location while integrating with other solutions. Security and compliance features such as role-based access control, user management, and data encryption keep your data safe.

Leveraging Anaplan Consolidations enhances accuracy and efficiency, freeing up finance to focus on strategic decision-making, and fostering a more agile organization.

## Why Deloitte?

Leveraging the native capabilities of Anaplan's platform and Deloitte's breadth of industry experience, we can help transform how your business manages its financial close and consolidations.

Deloitte's industry-leading solutions, powered by the cloud-based capabilities of Anaplan, can enable you to seamlessly navigate an ever-changing market to reduce time spent on manual consolidations, ensure accuracy, and accelerate your close cycles.

Deloitte has a proven track record with Anaplan and was recognized as Anaplan's 2025 Global Partner of the Year for the 11th year in a row. For more information about our alliance, visit [deloitte.com/us/anaplan.com](https://deloitte.com/us/anaplan.com)

#### **About Deloitte**

Deloitte refers to one or more of Deloitte Touche Tohmatsu Limited, a UK private company limited by guarantee ("DTTL"), its network of member firms, and their related entities. DTTL and each of its member firms are legally separate and independent entities. DTTL (also referred to as "Deloitte Global") does not provide services to clients. In the United States, Deloitte refers to one or more of the US member firms of DTTL, their related entities that operate using the "Deloitte" name in the United States and their respective affiliates. Certain services may not be available to attest clients under the rules and regulations of public accounting. Please see [www.deloitte.com/about](http://www.deloitte.com/about) to learn more about our global network of member firms.
