

AGENTIC COMMERCE

DELEGATE SHOPPING TO A PERSONAL AI SHOPPER

In agentic commerce, AI agents help manage the shopping journey on behalf of consumers by interacting directly with retailer systems. Delegating the entire shopping journey—from research and comparison to checkout and delivery scheduling—allows shoppers to bypass traditional hurdles like navigating search results and managing manual carts.

COMMON CHALLENGES

19%

19% of purchases influenced by AI recommendations¹

1. [Salesforce](#)

31%

Up to 31% higher conversion rates²

About Deloitte

Deloitte refers to one or more of Deloitte Touche Tohmatsu Limited, a UK private company limited by guarantee ("DTTL"), its network of member firms, and their related entities. DTTL and each of its member firms are legally separate and independent entities. DTTL (also referred to as "Deloitte Global") does not provide services to clients. In the United States, Deloitte refers to one or more of the US member firms of DTTL, their related entities that operate using the "Deloitte" name in the United States and their respective affiliates. Certain services may not be available to attest clients under the rules and regulations of public accounting. Please see www.deloitte.com/about to learn more about our global network of member firms.
