

HEALTH AND HOSPITAL CORPORATION (HHC) OF MARION COUNTY/ESKENAZI

PROJECT OBJECTIVES

The project was initiated by HHC of Marion County/Eskanazi Health with the objective to implement SAP S/4HANA, SAP SuccessFactors & SAP BI enterprise-wide solutions. This transformational vision aimed to enhance patient care, boost productivity, and improve financial visibility across the organization.

CLIENT CHALLENGE

The client was grappling with the need to rationalize multiple legacy systems, enhance financial transparency, streamline procurement processes, simplify hiring and onboarding procedures, and improve decision-making capabilities through accurate, real-time business intelligence.

SOLUTION IMPLEMENTED

Deloitte led SAP S/4HANA (Finance and Procurement) and SAP SuccessFactors (Human Resource Management) implementation for Eskanazi Health, Health and Hospital Corporation, and Marion County Health Department (Eskanazi/HHC). Deloitte led the design, build, test, and deployment to including the necessary change management activities to ensure of a successful implementation.

CLIENT OUTCOMES
