

## CFO Peer Forums

Deloitte's CFO Peer Forums have a singular mission: to connect CFOs with their peers. Delivered in both live and virtual environments, forums can be aligned by local market, industry, public/private CFOs, or a specific challenge. The gatherings offer CFOs a setting intended to foster an open exchange of ideas while providing access to thought leaders who can serve as a sounding board.

The conversations at CFO Peer Forums can serve as a valuable resource and guide to CFOs as they confront a range of challenges. Sessions are designed to cover topics of interest to CFOs, including technology disruption, the global economy, talent, risk management, sustainability, and finance transformation, among others. The forums also offer ample time for networking and sharing of insights and potential solutions to pressing challenges.

### Sponsored forums

In addition to CFO Peer Forums, Deloitte sponsors the Fortune CFO Collaborative, a periodic gathering of finance leaders at events facilitated by editors from Fortune Media and featuring finance leaders as guest speakers.

### About Deloitte's CFO Program

The CFO Program is designed to inform chief financial officers to meet—and exceed—the growing list of demands. Through its offerings, the program provides CFOs with information and insights to address issues confronting the finance function and the broader enterprise. The program's flagship events, both onsite and virtual, provide an opportunity for CFOs to make genuine connections with their peers. In these settings, CFOs can compare notes, share pain points, trade stories, and learn from one another. Such networking can prove to be invaluable as CFOs look to solve often complex problems—and make important decisions about their own careers.
