

CFO Vision™

CFO Vision, Deloitte's flagship event for chief financial officers, has been a rich source of business intelligence for chief finance officers for more than 25 years. CFO Vision offers attendees an opportunity to connect with peers and learn from some of the most prominent voices in business and leadership. Each year, CFO Vision unpacks the constantly changing, often complex issues that sit at the top of the agenda for finance executives, as well as the impact on their role and remit.

CFO Vision features both plenary sessions and peer circles. In peer circles—smaller, focused sessions with an emphasis on participant interaction—CFOs can gain insights from both Deloitte subject-matter resources and other CFOs.

CFO Vision offers a distinct experience for chief finance officers, including:

- In-depth analysis of global and regulatory issues.
- Peer networking.
- Plenaries featuring prominent external speakers.
- Industry-specific dinners and breakfast sessions.

About Deloitte's CFO Program

The CFO Program is designed to inform chief financial officers to meet—and exceed—the growing list of demands. Through its offerings, the program provides CFOs with information and insights to address issues confronting the finance function and the broader enterprise. The program's flagship events, both onsite and virtual, provide an opportunity for CFOs to make genuine connections with their peers. In these settings, CFOs can compare notes, share pain points, trade stories, and learn from one another. Such networking can prove to be invaluable as CFOs look to solve often complex problems—and make important decisions about their own careers.
