2026 Deloitte Technology Fast 500TM Application Packet
For private and public companies

Online deadline for all applications: June 12, 2026

Dedication. Growth.

Recognizing the pace-setters of tech

The future isn't an event we wait for; it's a reality we build. Technology is the engine creating not just solutions, but entirely new possibilities.

For more than 30 years, the Deloitte Technology Fast 500™ has recognized North America's fastest growing public and private technology companies based on three-year percentage revenue growth. Past Fast 500 award winners have included technology pioneers who have transformed how we all live, work, and play.

Now, we are calling on the companies across technology, life sciences, fintech, energy tech, media, telecommunications and beyond whose growth is a measure of the future they are creating.

We invite you to apply for the Deloitte Technology Fast 500, a ranking of the fastest-growing technology companies in North America (US or Canada).

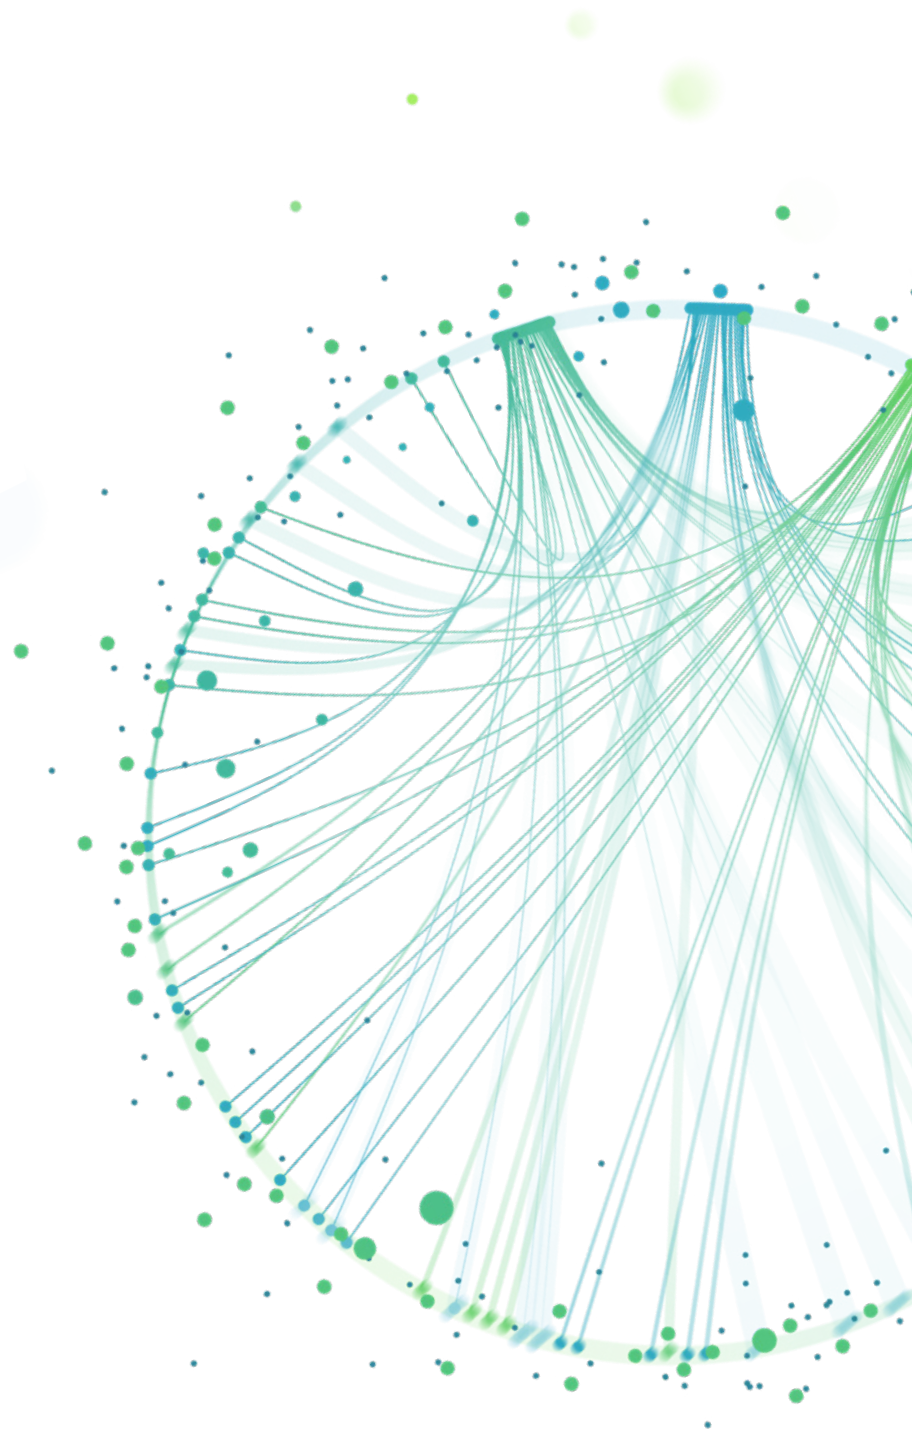

Our eligibility requirements have been updated.

Explore the application packet to learn more and to see if your company qualifies.

About the Deloitte Technology Fast 500

The Deloitte Technology Fast 500 companies—large, small, public, and private—are among the fastest growing companies in hardware, software, telecom, semiconductors, life sciences, fintech, and energy tech based on three-year percentage revenue growth.

The Deloitte Technology Fast 500 ranking is compiled from applications submitted directly to the Technology Fast 500 website and public company database research conducted by Deloitte. Deloitte Technology Fast 500 award winners for 2026 are determined based on percentage fiscal year revenue growth during the period from 2022 to 2025. The ranking includes both private and public companies.

More information

Disclosures—percentage growth vs. revenue:

The Fast 500 ranking discloses percentage revenue growth. Revenue is **not** disclosed; however, participants are required to provide revenue support to Deloitte.

Who should apply:

Private companies, as well as public companies traded via over-the-counter exchanges, must apply by completing the online application form.

Public companies listed on the NYSE, Nasdaq, or AMEX stock exchanges are encouraged to complete the public company online application form, or check with the National Fast 500 team via email at Fast500@deloitte.com, to confirm their inclusion in the research and application process.

The Fast 500 program may in its sole discretion remove any application from consideration for any reason.

2026 Deloitte Technology Fast 500™

Revenue support requirements

All private company applicants must submit a CEO/CFO Revenue Certification Form signed by their CEO or CFO, along with any combination of the following revenue support for fiscal year 2025 and fiscal year 2022:

- **Audited financial statements**, including the audit report signed by an independent public accountant.
- **Reviewed financial statements**, including the review report signed by an independent public accountant.
- **Federal tax return**, as submitted to the IRS and signed by a “Company Officer,” page 1 only. If the return was filed electronically and does not include a signature, please provide the “signed e-file authorization form” along with page 1.

For companies that are not able to meet the revenue support deadline of June 12, 2026, the following option is available for fiscal year 2025 revenue amounts **only**:

- **Unaudited or unreviewed internal financial statements**, along with the name of your independent public accountant and an estimate of when the audited or reviewed financial statements will be available.

Additional information regarding an applicant’s revenue may be requested.

Any questions can be addressed to the Fast 500 Team at Fast500Validation@deloitte.com.

More information

Why we request the information:

In order to accurately rank the Fast 500 applicants and to assist Deloitte in the evaluation of information provided during the application process, applicants (private companies) are required to submit the materials as described here.

How the information is used:

The use of these materials will be limited to the evaluation of the applicants’ Deloitte Technology Fast 500 eligibility.

Eligibility requirement:

Base-year (fiscal year 2022) operating revenues of at least US\$50,000 and current-year (fiscal year 2025) operating revenues of at least US\$5 million, with a growth rate of 50% or greater.

Questions?

For questions or more information, contact
Joseph Genovese at Fast500@deloitte.com.

2026 Deloitte Technology Fast 500™

Proprietary technology support requirements

Applicants are required to provide a brief statement regarding their company's proprietary technology and its application.

Oftentimes, companies can leverage this information from materials that have already been developed, such as a product brochure. The statement should be in either Word or PDF format.

Additional information regarding an applicant's technology may be requested.

More information

Why we request the information:

In order to accurately rank the Fast 500 applicants and to assist Deloitte in the evaluation of information provided during the application process, applicants (private companies) are required to submit the materials as described on the previous page. The use of these materials will be limited to the evaluation of the applicants' Deloitte Technology Fast 500 eligibility.

Deadlines:

Online applications must be submitted by June 12, 2026, including technology support.

Eligibility requirement:

Own proprietary intellectual property or proprietary technology that significantly contributes to the company's operating revenues.

- A significant portion of the company's operating revenues must be derived from product or service sales that incorporates the company's proprietary intellectual property or other proprietary technology, exclusive of related service revenue.
- Consulting companies, professional service firms, and resellers are not eligible.
- Financial information provided must clearly separate revenue derived from the sale of products that incorporate the applicant's technology from service revenue.

About the program

What is the Deloitte Technology Fast 500™?

The Deloitte Technology Fast 500 provides a ranking of the fastest-growing technology, media, telecommunications, life sciences, and energy tech companies in North America (United States or Canada) based on three-year percentage revenue growth. This ranking is compiled from applications submitted directly to the Deloitte Technology Fast 500 website and public company database research conducted by Deloitte. Deloitte Technology Fast 500 award winners for 2026 are determined based on percentage fiscal year revenue growth during the period from 2022 to 2025. The ranking includes both public and private companies.

Is there an application fee?

No.

Are revenues published?

No. The Fast 500 ranking will disclose percentage revenue growth but will not disclose current- and base-year revenue amounts. Applicants that are in the Top 100 private companies will be required to provide revenue support to Deloitte.

What are the program's important dates?

- Application period: **April 13 - June 12, 2026**
- Winner announcements: **November 18**

Failure to meet these deadlines will preclude your company from participating.

Does the program use social media?

Yes. @DeloittePrivate and #fast500.

Is there an award winners ceremony?

Awards are presented during local invitation-only winner celebration events across the country.

Is there a list of past award winners?

Yes. The listing of historical award winners is available [here](#).

What is the ranking based on?

Award winners are determined based on percentage fiscal year revenue growth over a defined period. Because the program ranks companies based on fiscal year revenues, it is an indication of past growth. It does not take into account current performance or profitability.

Where do entries for the program come from?

Entries for the program come from applications submitted directly to the Deloitte Technology Fast 500 website and public company database research conducted by Deloitte.

How many companies apply to the program each year?

Each year, Deloitte receives hundreds of applications.

Have any companies continuously ranked on the list since the inception of the program?

No.

Why are there not more repeat companies?

Because the Deloitte Technology Fast 500 is based on fiscal year revenue growth over a defined period, each company's baseline revenue can increase dramatically each year. A company can be very successful but not rank. The Deloitte Technology Fast 500 ranks companies that have experienced exceptionally fast growth. It is not a measurement of current revenue, stock performance, profitability, or anticipated future success.

What Industry Practice Area of Deloitte presents the Deloitte Technology Fast 500?

The program is presented by Deloitte Private.

How long has the program been around?

The program was founded in 1995. 2026 marks the program's 32nd year.

Application process

When is the deadline to apply?

The application period begins on April 13 and closes June 12. Failure to meet the deadline will preclude your company from participating.

Private companies and public companies traded via over-the-counter exchanges must complete an online application.

Public companies on the NYSE, Nasdaq, or AMEX stock exchanges are data-mined by Deloitte from public databases.

Does the application form have to be completed online?

Yes. Applications may only be submitted online.

Can the online application form be saved and completed at a later time?

Yes. The application form can be saved for completion at a later time. Detailed instructions on how to complete the form can be found [here](#). We strongly encourage you to review these materials prior to completing the application form.

How will we know the online application form was received by Deloitte?

The application contact will receive an automated email notification indicating that the online application was received into the Deloitte database.

Is there a hard copy of the application form that we can review prior to starting the online application process?

Yes.

- To view and download a sample PDF of the **private company** online application form, click [here](#).
- To view and download a sample PDF of the **public company** online application form, click [here](#).

I have created a draft application I would like to delete. Can I delete it myself? Can I delete a submitted application?

Yes. From the Enter workspace, go to Entries, click the checkbox next to the entry you would like to delete, and click Delete.

I deleted our company's online application form. Is there any way to retrieve the application?

No. In order to be considered for the program, a new application will need to be completed and submitted by June 12, 2026.

How is the percentage growth calculated?

$$\frac{[(\text{Current-Year Revenue} - \text{Base-Year Revenue}) / \text{Base-Year Revenue}] \times 100}{1} = \text{Percentage Growth}$$

Can we submit percentage revenue growth instead of providing the revenue amounts?

No. In order to accurately rank the Fast 500 nominees and to assist Deloitte in the validation of information provided during the application process, applicants are required to submit revenue amounts along with supporting documentation. The use of these materials will be limited to the evaluation of the applicant's Deloitte Technology Fast 500 eligibility.

Can we submit the required technology support at a later time?

No. Technology support must be submitted with the application by June 12, 2026.

Application process (cont.)

What are the technology requirements?

Companies must have proprietary intellectual property or proprietary technology that significantly contributes to a portion of the company's operating revenues.

- A significant portion of the company's operating revenues must be derived from product or services sales that incorporate the company's proprietary intellectual property or other proprietary technology, exclusive of related service revenue.
- Consulting companies, professional service firms, and resellers are not eligible.

Can you provide more information on what to submit for technology support?

The Technology Statement should be a detailed description of your technology product or service and how your customers use it. Oftentimes, companies can leverage this information from materials that have already been developed, such as a product brochure. The statement should be in either Word or PDF format. Additional information regarding an applicant's revenue and technology may be requested.

Does the program require that we provide supporting documentation for revenue amounts?

All private company applicants must submit a CEO/CFO Revenue Certification Form signed by their CEO or CFO.

For companies in the Top 100 private companies, Deloitte's Fast 500 team will be reaching out to secure financial support documentation between July - September. Any questions can be addressed to the Fast 500 Evaluation Team at Fast500Validation@deloitte.com.

It is highly recommended to upload your financial support documentation if your company's three-year growth rate is 1,000% or above. If you have your company's financial support available, please upload it with your application.

The use of these materials will be limited to the Deloitte Technology Fast 500 program. Detailed information can be found on [page 30](#).

We are in the process of completing the online application form, and our CFO does not anticipate having the audited 2025 financial statements back in time for the application deadline. What other documents can we submit for 2025?

We can accept one of the following:

- **Reviewed financial statements**, including the signed review report by an independent public accountant.
- **Federal tax return**, as submitted to the IRS and signed by a "Company Officer," page 1 only. If the return was filed electronically and does not include a signature, please provide the "signed e-file authorization form" along with page 1.

For companies that are not able to meet the application deadline of June 12, 2026, the following option is available for fiscal year 2025 revenue amounts **only**:

- **Unaudited or unreviewed internal financial statements**, along with the name of your independent public accountant and an estimate of when the audited or reviewed financial statements will be available.

Deloitte happens to be our company's accounting firm. Would you have access to the audited financial statements (tax returns) via this relationship, or do we still need to submit them via the application process?

Even if Deloitte & Touche LLP is your auditor, private companies are required to apply and provide all requested information.

Our company's CEO/CFO has requested that Deloitte sign an NDA (nondisclosure agreement) in order to provide the requested revenue support (financial statements). Will Deloitte sign an NDA?

No. We are not able to provide an NDA.

If an NDA is not possible, can you provide the details of your privacy policy so that I can pass them along?

Yes. Our privacy policy can be found [here](#).

Eligibility requirements

How do companies qualify?

Eligibility requirements can be found on [page 30](#).

What is revenue support?

All private company applicants must submit a CEO/CFO Revenue Certification Form signed by their CEO or CFO.

For companies in the Top 100 private companies, the Deloitte Technology Fast 500 team will be reaching out to secure financial support documentation between July - September. Any questions can be addressed to the Fast 500 Team at Fast500Validation@deloitte.com.

It is highly recommended to upload your financial support documentation if your company's three-year growth rate is 1,000% or above. If you have your company's financial support available, please upload it with your application.

Acceptable forms of revenue support for fiscal year 2025 and fiscal year 2022 include any combination of the following:

- **Audited financial statements**, including the signed audit report by an independent public accountant.
- **Reviewed financial statements**, including the signed review report by an independent public accountant.
- **Federal tax return**, as submitted to the Internal Revenue Service (IRS) and signed by a "Company Officer," page 1 only. If the return was filed electronically and does not include a signature, please provide the "signed e-file authorization form" along with page 1.

For companies that are not able to meet the revenue support deadline of June 12, 2026 the following option is available for fiscal year 2025 revenue amounts only:

- **Unaudited or unreviewed internal financial statements**, and an estimate of when the audited or reviewed financial statements will be available.

Does a company have to be publicly held to qualify?

No, but private companies and public companies traded via over-the-counter exchanges must submit an online application.

Public companies on the NYSE, Nasdaq, or AMEX stock exchanges are data-mined by Deloitte from public databases. Public companies are encouraged to complete the public company application form and/or check with the national Fast 500 team, via email at Fast500@deloitte.com, to confirm their inclusion in the research and application process.

Are rankings based on fiscal or calendar year revenues?

The ranking is based on fiscal year revenue growth from 2022 to 2025.

What are the choices for sector classification?

Companies are classified in one of the following sectors:

- Artificial Intelligence
- Biotechnology/pharmaceutical
- Cloud Services
- Communications & Networking
- Data Analytics
- Digital Content, Media, Entertainment
- Digital Platforms
- Energy & Sustainability Technology
- Enterprise Infrastructure & Productivity
- Enterprise Software
- Fintech
- Hardware and Electronic Devices
- Health Tech and Medical Devices
- Security
- Semiconductors
- Technology Media & Telecom

Every applicant must fall under one and only one sector category to participate.

How are sector classifications determined?

Public companies are classified by the primary SIC code listed on their most current Form 10-K, S-1, etc., on file with the Securities and Exchange Commission. However, if a public company submits an entry via the public company application form, we defer to the sector selected on the online form.

Private companies self-select sector classification when completing the private company application form.

Are service providers or consulting firms eligible for the Fast 500?

No. Consulting companies, professional service firms, and resellers are not eligible.

What if our company is acquired after we submit our application?

Companies that are acquired prior to the finalization of the Winners' List are not eligible to participate. We strive to publish a list that is as current as possible.

Information for award winners

Where can we find the Technology Fast 500™ logo to put on our company website or marketing materials?

Technology Fast500™ logos and usage guidelines are provided to all award winners prior to the winner announcements to the public on November 18.

Do winning companies receive an actual award?

Yes. Official Deloitte Technology Fast 500 commemorative award winner plaques will be presented at regional winners celebration events or delivered sometime after December 2026.

How can our company order additional awards?

Your first award plaque is complimentary. Additional award plaques may be purchased online.

Where can we find official media guidance (press release) for winning companies?

Media guidance will be sent to all award winners prior to the winner announcements to the public on November 18.

When do award winners issue their press releases and/or publicly announce their rankings?

We ask that award winners honor the embargo date of November 18, at 5 a.m. ET, before permitting any external announcement of this ranking or your receipt of this award.

Will the Deloitte Technology Fast 500 ranking appear in the local or national press?

Deloitte plans to distribute a press release announcing the Technology Fast 500 award winners via PR Newswire on November 18, at 5 a.m. ET.

Deloitte also plans to announce the Deloitte Technology Fast 500 rankings to key editors and reporters at national and regional media outlets across North America.
